Further to our letter of March 18th last, we are now in a position to state with definiteness that the land left to Timothy DICK was not Reserve property, and consisted of 41.60 acres of Section 6, Valdez Island, Nanaimo District. Timothy has since disposed of this property and the registered owner is now a non-Indian, one Martin STENBERG, R. R. #1, Ladysmith, B. C.

We would advise, in reply to your communication of February 17th last, that we have ascertained that the late Bill PULLWHEEMIT had lands on Valdez Island. At this time, we are not able to definitely say whether these lands are on reserve property or not, and we are pursuing our investigation.

When additional information comes to light, we will advise.

Administrator of Estates

Estate of Bill Pullwheemit,
Lyackson Band.

Feb. 17, 1960.

On December 19th, 1957, we wrote you concerning this old estate and have written you seven times since that date but to date have not had a reply.

In our above mentioned letter we asked you if you could assure us that there was no Reserve property involved in this estate and if not we would note it concluded. If there is Reserve land then we would need a description of the property and a chain of title to the present with whatever supporting evidence is available. Would you kindly look into this and report in order that we may either close this old file or continue the administration.

for Administrator of Estates.

Re: Estate of Bill Pullwheemit,
Lyackson Band.

With reference to the final estates report of Mr. A. W. Muir dated the 16th October, 1957, it is noted that the estate of Bill Pullwheemit is marked concluded. The Headquarters file is still open although it is probable that the estate can be concluded. If you can assure us that there is no Reserve property involved in the estate, then you may note the conclusion of it.

If there is Reserve land then we will need a description of the property and a chain of title to the present with whatever supporting evidence is available.

Superintendent,
