Block Appointment To Indian Office

Ottawa, Feb. 17 (CP).—The protested appointment of a cabinet minister's secretary to the job of executive assistant to the Indian affairs director has been blocked by the Appeal Promotion Board of the Civil Service Commission, it was learned today.

This action was taken by the board after Douglas Harkness (PC, Calgary East) had claimed in the Commons last week there was political interference in the intended appointment to the job of W. J. F. Pratt, secretary to Resources Minister Glen.

Mr. Pratt had been rated ahead of 18 applicants including E. P. Randle, superintendent of the Six Nations Reserve, near Brantford. Mr. Randle appealed to the board.

The board decided yesterday a new examination for ratings for the position would be held.

Move to Call Bland And Mines Men Before Committee

Calgary MP Wants Pratt Case Investigated

Two members of Parliament this morning moved separately at the opening session of the Joint Commons-Senate Indian Affairs Committee for a full investigation of appointments to the Indian Affairs Branch of the Mines and Resources Department.

Douglas Harkness, Progressive Conservative MP for Calgary East, based his motion on the once-rejected and twice-appealed appointment of Mines Minister Glen's private secretary, W. J. F. "Ford" Pratt, to a senior position in the Indian Affairs Branch.

Would Call Four.

So the Joint Parliamentary Committee could fully inquire into the circumstances of the "Pratt case", Mr. Harkness moved that witnesses be called to outline the tangled developments over nearly two years in the controversial appointment of Mr. Glen's secretary.

Mr. Harkness moved that Deputy Mines Minister Hugh Keenleyside, Mines Personnel Director Clarence Jackson, Indian Affairs Director R. A. Hoey, and Civil Service Commission Chairman Charles Bland "be forthwith called and examined".

Tom Reid, Liberal MP for New Westminster, filed the second notice of motion for an investigation, and based it on the appointment to a senior Indian Affairs Branch position in British Columbia, the regularity of which he was questioning.

Speaking to his motion, Mr. Harkness recalled that yesterday in the Commons, Mines Minister Glen had attacked the conduct of the Civil Service Commission and an Appeal Promotion Board in the "Pratt Case".

"It is incredible that the Minister should criticize the Commission and the Board for doing the job they were set up to do," said Mr. Harkness.

Harkness' Comment.

In the preamble of his motion, Mr. Harkness reported this same committee in 1946 had recommended certain definite procedures be followed in making appointments to the Indian Affairs branch, with both Senate and Commons concurring.

He was asking the investigation with the examination of witnesses to determine if the Committee's previous recommendations had been "implemented, and, if not, why and by whom they were frustrated and thwarted".

Neither Mr. Harkness nor Mr. Reid had difficulty in filing their notices.

Continued from Page One.

There had been the charge made, he said, that the appointment (of Mr. Pratt) to the position of General Superintendent of Indian Agencies had been "improperly forced" by the department.

"Mr. Glen has denied it. But the Minister, is so doing, castigated the Promotion Appeal Board and the Civil Service Commission for rejecting an appointment which had been recommended by officers of his department.

"It is incredible the Minister should criticize the Board and the Commission for doing the job they were set up to do.

"There has been a delay of some 13 months in filling this position due to faults on the part of the Commission or the Mines Department, and we must determine where the blame falls."

Mr. Reid's Statement.

The case Mr. Reid wanted investigated concerned the appointment of a senior Indian Affairs official in his province.

Previously, the committee had directed such positions filled through promotion from field offices in the province concerned.

"This was not done", reported Mr. Reid, "and we should know why."

Senator Thomas Crerar, a former minister of the Mines Department, reported Mr. Reid, has classified the reports of the committee as having "no more value than a wind blowing around the corner".

They were "strong words", but Senator Crerar had been "correct".

"Let's not fool around any longer with this business of appointments", said Mr. Reid. "We have made recommendations, and we should lose no time in finding out why the department has not acted upon them.

"For all the notice taken of our previous reports, Senator Crerar's criticism of their value was right."

"It is a serious situation", spoke up Garfield Case, Progressive Conservative MP for Grey North, "and I want to know when we will be coming to grips with it."

"At the next meeting of this committee", promised Chairman Brown.

Continued from Page One.

"The honorable member knows, as all honorable members know, that statements carelessly made in this House, or elsewhere, once given publicity, can never be fully retracted. The story spreads, becomes exaggerated, and the true facts never become as fully known. Notwithstanding the honorable member's reputation for fairness, he prefaced his remarks by stating 'I have received information—which I hope is not correct' and then he proceeded to make statements which were wholly incorrect, the truth of which he could very easily have checked. The honorable member has always had free access to my own office or to any office in the department. I am sure he enjoyed the same freedom of access with the Civil Service Commission. However, instead of availing himself of these sources of information after expressing the pious hope that the information was not true, he makes the charges which very seriously reflect upon the integrity of one who has rendered long faithful service and also upon the integrity of other officers in the department. I do not know who or what prompted him to do so but his purpose has been accomplished. The damage has been done and all that I can do now is set the record straight.

"In 1936 when the Indian Affairs branch was set up, it was thought wise to establish the position of General Superintendent of Indian Agencies and Mr. Christianson, who at that time held the position of Inspector of Indian Agencies in Alberta—not Saskatchewan as the honorable member stated—was appointed to it. After several years' experience, it was found that the duties intended for the position were too wide and overlapped the work of the heads of the other divisions. Mr. Christianson was therefore transferred to Regina and until his retirement carried out the duties of inspector in the province of Saskatchewan.

Says No Restriction.

"When the position he occupied became vacant the duties were changed to make them more workable and to fill the need for a senior officer in the Head Office of the Branch to relieve the director of a great deal of detail work which was becoming increasingly burdensome. The Civil Service Commission agreed with the new statement of duties and authorized the holding of a promotional competition among all the male members of the Department throughout Canada—I would like the members to note this—no attempt was made to restrict the competition. The date

fixed for filing the applications closed in the Summer of 1945, and the Commission in accordance with the usual procedure asked the Department to rate the candidates—fifteen applications having been received. A Rating Board was set up composed of the director of the branch and the secretary and chief executive assistant of the Department. The candidates were rated, the ratings were reviewed and concurred in by the then Deputy Minister of the Department, Dr. Camsell, and then forwarded to the Commission. Mr. Pratt was given the highest rating. Mr. Randle, on whose behalf I presume the honorable member was speaking, was rated eighth in the competition. In his remarks, page 1198 of Hansard, the honorable member stated that the Selection Board twice recommended Mr. Randle for the appointment. This statement is wholly incorrect.

"The Civil Service Commission who has the final say in promotional competitions accepted the ratings of the Rating Board and notified the Department of Mr. Pratt's selection for the position, subject to an appeal being entered by any of the candidates. Of the 15 who entered the competition, Mr. Randle was the only one who entered an appeal. In accordance with the procedure established by the Commission, a Review Board was set up and certain evidence was heard. In dealing with Mr. Randle's appeal the Board made the following recommendation:

"It is also recommended that Mr. Randle's appeal be denied as the Board is satisfied from the evidence obtained that Mr. Randle is not as well qualified as a number of others who have been given higher ratings than he.

"This finding should I think satisfy my honorable friend that regardless of anything else, no injustice has been done to Mr. Randle.

"Having disposed of Mr. Randle's appeal the Review Board, and I contend without any authority to do so, proceeded to review the ratings of the other candidates. In doing so they took it upon themselves to ascribe new duties to the position—different from those described in the advertisement. Then without giving the candidate who had been rated the highest an opportunity of being heard, recommended that that candidate did not possess the minimum qualifications. The Commission approved the report of the Review Board and notified the Department that the candidate who had been rated second should be appointed to the position.

Says Procedure Unfair.

"The members of the House will readily appreciate how unfairly this procedure works against the candidate who received the highest rating. Having disposed of the grievance of the candidate who appealed, the Board of Review on their own initiative disqualify the first candidate and he is left with no right of appeal. Likewise the other candidates who might not have complained of the first rating would have no opportunity of appealing.

"The matter was discussed at a meeting with the Commission in May, 1946. It was pointed out that the Review Board had erroneously enlarged the duties of this position and that they were much different than what the Department had in mind. These duties were fully explained to

the Commission and an agreement was reached at the meeting that they more closely fitted the duties usually performed by a General Executive Assistant. It was agreed therefore that the title should be changed accordingly and formal action to this effect was taken in August, 1946. The Department then asked the Commission to accept the ratings already made in the other competition and to appoint the candidate who had received the highest rating. It was the view of the officers in the Department that the Commission had before them the carefully considered ratings of the two senior officers and concurred in by Dr. Camsell. These officers were in the best position to judge the qualifications and experience of the candidates to perform the duties which they had in mind for the incumbent of the position and consequently, no useful purpose would be served in rating the candidates again.

Commission Declines Procedure.

"However, the Commission did not see fit to adopt this procedure and the matter dragged along without any action being taken until last December when notification was received from the Commission that the candidates in the original competition should be rated again. Officers in the Department as well as myself took strong objection to this proposal, which in effect might likely subject Mr. Pratt to further injustices. Further, it was pointed out that officers were being asked to rate a second time the same candidates for the new position when the duties they had in mind for it were not much different than those intended for the other position. The ratings previously made had been ignored. What assurance would there be that the second ratings might not also be ignored? The Commission was therefore informed that it was the opinion of senior officers of the Department that there was no other employe as well qualified or who had the experience that Mr. Pratt possesses to carry out the duties of the position. The Commission accepted this statement and finally selected Mr. Pratt for the position subject to any appeal that might be entered by any of those who were candidates in the first competition. I am informed that an appeal has again been entered by Mr. Randle and that a Review Board has been set up again to consider it. This is his right and no one can object to what he has done. I would have thought, however, that when it was made known to him that there were many other officers in the Department who were considered to have superior qualifications and experience, he would not stubbornly persist in exercising this right—and thus delay the filling of the position which it was hoped would contribute greatly to the more efficient administration of Indian Affairs.

"Political Interference."

"The Honorable Member has suggested there has been political interference in the filling of the position. Does he suggest that Mr. Pratt was selected for the position because he is my private secretary, and as I am a Liberal, his association with me has brought him into the field of politics. If not, then I can only assume that he has in mind the fact that shortly before Mr. Randle was appointed to the position he now holds he unsuccessfully contested a Provincial seat for the Conser-

vative Party and that because of this fact someone in the Department, either myself or others, is attempting to prevent his advancement in the Service. I am sure that if I suggested to the Honorable Member that this fact had something to do with Mr. Randle's appointment to the Service, which was in the year when the Conservative Party was in power, he would protest most vigorously and say that I was besmirching the name of a loyal civil servant who has given years of faithful service to his country—and I would agree with him. Yet this is exactly what the Honorable Member has done when he inferred that there had been political interference with the filling of the position.

"In his remarks the Honorable Member left the very definite impression that because Mr. Pratt was a Minister's private secretary he lacked the qualifications for the position. I only wish he had taken as much time inquiring into Mr. Pratt's record and experience in the Public Service as he did in listening to the incorrect stories of alleged grievances to which he referred.

The members of the House who are acquainted with my private secretary and know his sterling qualities will expect me to place on record his service and I intend to do so although knowing at the same time it will be embarrassing to him.

Mr. Pratt's Record.

"Mr. Pratt was born at North Gower, Ontario, on the 13th of September, 1896. He completed four years at high school before he reached the age of 16 years. After attending classes which were the equivalent of one year's university training he first entered the service in the Post Office Department on the 1st of May, 1913. In May, 1915, he was appointed as clerk of the second division, sub-division "B", ranking 33rd in a competition in which there were several hundred candidates, many of whom were university graduates. In January, 1916, he was transferred to the Registration Branch of the Department of the Interior. In May, 1917, he enlisted with the Divisional Signalers. After his discharge he was transferred to the Dominion Lands Branch in 1919. In 1922 he was appointed a principal clerk as a result of a promotional competition. In 1924 he was offered the position of private secretary to the Minister of the Interior, who was also the Minister having charge of the administration of Indian Affairs. With the exception of a few months he continued in this position until the Government change in 1930. From 1930 to 1935 he occupied the position of chief clerk in the National Parks Bureau.

"Upon the change of Government in that year he was brought back to the Minister's office. In December, 1936, when the department was reorganized, Mr. Pratt was appointed to the position of Assistant Secretary and Chief of Personnel in the Department of Mines and Resources. At the same time he was appointed private secretary to the then Minister and has continued to hold both positions up to the present time. It will be noted from the above record that 15 years of the 34 years of public service were spent in work not in any way connected with the duties of private secretary, his service in the

latter capacity covering a period of nearly 19 years.

"I would like to point out that the respective Ministers under whom Mr. Pratt served in the capacity of Private Secretary had the responsibility for the administration of Indian Affairs. As Private Secretary during the period mentioned, he accompanied the different Ministers on their inspection trips throughout Canada and in this way acquired a personal knowledge of the problems concerning the welfare of the Indians in every province. Again, as Private Secretary he became acquainted with the complaints made to the Ministers by Indians and often had to discuss their grievances with them. Many of the complaints had to do with the services of field staff. In this way an opportunity was afforded to judge the services rendered by the personnel in the field.

Also Handled Personnel.

"As I have stated, Mr. Pratt during the last 12 years has not only acted as Private Secretary but he also occupied the position of Chief of Personnel in the Department. It can be fairly estimated that one-half of his time was spent on personnel and administrative matters and probably more than this when the House was not in Session. It has been one of his duties to interview the field staff when they came to Ottawa and to discuss their problems with them. As Chief of Personnel it was also his duty to act as the headquarters representative on Civil Service Boards. He also took part in the final preparation of the estimates before they were submitted to Treasury Board. There were many other duties that he had to perform apart from his duties as Private Secretary but I will not take up the time of the House in detailing them. However, it will be appreciated that his work gave him a very thorough and intimate knowledge of the administration of Indian Affairs, especially the problems connected with the appointments and changes in staff and the expenditures required for field operations.

"I think it is unwise to discuss in this House the relative merits of civil servants for appointments in the Service. However, the Honorable Member chose to do so and I therefore have no alternative—and it is a privilege and pleasure for me to do so—to speak on behalf of the civil servant whose qualifications are being belittled. I can assure the Members of the House that I do not look forward with any pleasure to the possibility of my Secretary leaving me. On the other hand I am not going to sit idly by and permit his qualifications for a position in the Department being questioned. I will leave it to others to judge whether his long record of public service and the experience thereby acquired does not fit him for the position to which the Honorable Member referred. Knowing his modest and unselfish nature as many of you do, I am sure the House will accept my statement when I say that he never at any time asked me or any other senior officer to use influence on his behalf. I know personally that he did not seek the position and only reluctantly became a candidate when he was asked to. It is to be regretted that when he has almost completed his 35 years of service, he should be subjected to all this unfair publicity.

"I had hoped this matter would have been closed after I had made the above reply to the statement made by the Honorable Member.

Glen Denies Favoritism In Pratt Case

Journal 5 O'Clock Edition Service.

In a 15-page statement prepared for delivery to the House of Commons this afternoon, Mines and Resources Minister Glen gave the department's version of "The Pratt Case", and criticized the conduct of the Civil Service Commission, a Promotion Appeal Board and an unnamed Government employe.

He denied there had been "political interference and finagling" as charged by Douglas Harkness, Progressive Conservative MP for East Calgary, in the appointment of his secretary, W. J. F. "Ford" Pratt to a senior post in the department's Indian Affairs Branch.

Mr. Glen's Accusations.

In his statement today, Mr. Glen emphatically denied the charge, and stoutly defended the appointment of his private secretary.

Mr. Glen made accusations of his own, against:

1. The Promotion Appeal Board, which, he said, had acted "without authority" in rejecting the Pratt appointment and giving the position to a department official who had placed second in the ratings;

2. The Civil Service Commission for concurring in the report of the Appeal Board, and for letting the affair "drag along without any action until last December";

3. Col. E. P. Randle (who launched both appeals against the Pratt appointment) for "thus delaying the filling of the position";

4. An unnamed civil servant who gave The Journal "access" to the report of the Promotion Appeal Board.

There had been two "disclosures of confidential information" to The Journal, said Mr. Glen, and he was asking the Civil Service Commission to make "a thorough investigation" and take the "necessary disciplinary action".

Mr. Glen's Statement.

I had not intended to take part in this debate but one of the members has referred to a matter relating to the administration of my department which I cannot allow to remain unanswered", said Mr. Glen. "I have always had the highest regard for the member from Calgary East. His action last Friday in attempting to sully the record of a member of the department who next May will have completed 35 years of service is certainly not in keeping with standards I had set for him.

the Commission and an agree-
ment was reached at the meet-
ing that they more closely fitted
the duties usually performed by
a General Executive Assistant.
It was agreed therefore that the
title should be changed accord-
ingly and formal action to this
effect was taken in August, 1946.
The Department then asked the
Commission to accept the ratings
already made in the other com-
petition and to appoint the candi-
date who had received the high-
est rating. It was the view
of the officers in the Department
that the Commission had before
them the carefully considered
ratings of the two senior officers
and concurred in by Dr. Camsell.
These officers were in the best
position to judge the qualifica-
tions and experience of the candi-
dates to perform the duties
which they had in mind for the
incumbent of the position and
consequently, no useful purpose
would be served in rating the
candidates again.

Commission Declines Procedure.

"However, the Commission did
not see fit to adopt this pro-
cedure and the matter dragged
along without any action being
taken until last December when
notification was received from
the Commission that the candi-
dates in the original competition
should be rated again. Officers
in the Department as well as my-
self took strong objection to this
proposal, which in effect might
likely subject Mr. Pratt to further
injustices. Further, it was point-
ed out that officers were being
asked to rate a second time the
same candidates for the new posi-
tion when the duties they had in
mind for it were not much dif-
ferent than those intended for the
other position. The ratings pre-
viously made had been ignored.
What assurance would there be
that the second ratings might not
also be ignored? The Commission
was therefore informed that it
was the opinion of senior officers
of the Department that there was
no other employe as well qual-
ified or who had the experience
that Mr. Pratt possesses to carry
out the duties of the position. The
Commission accepted this state-
ment and finally selected Mr.
Pratt for the position subject to
any appeal that might be enter-
ed by any of those who were
candidates in the first competi-
tion. I am informed that an ap-
peal has again been entered by
Mr. Randle and that a Review
Board has been set up again to
consider it. This is his right and
no one can object to what he
has done. I would have thought,
however, that when it was made
known to him that there were
many other officers in the Depart-
ment who were considered to have
superior qualifications and ex-
perience, he would not stubbornly
persist in exercising this right—
and thus delay the filling of the
position which it was hoped
would contribute greatly to the
more efficient administration of
Indian Affairs.

"Political Interference."

"The Honorable Member has
suggested there has been political
interference in the filling of the
position. Does he suggest that
Mr. Pratt was selected for the
position because he is my private
secretary, and as I am a Liberal,
his association with me has
brought him into the field of poli-
tics. If not, then I can only assume
that he has in mind the fact that
shortly before Mr. Randle was ap-
pointed to the position he now
holds, he unsuccessfully contested
a Provincial seat for the Conser-

vative Party and that because of
this fact someone in the Depart-
ment, either myself or others, is
attempting to prevent his ad-
vancement in the Service. I am
sure that if I suggested to the
Honorable Member that this fact
had something to do with Mr.
Randle's appointment to the Serv-
ice, which was in the year when
the Conservative Party was in
power, he would protest most vig-
orously and say that I was be-
smirching the name of a loyal civil
servant who has given years of
faithful service to his country—
and I would agree with him. Yet
this is exactly what the Honorable
Member has done when he infer-
red that there had been political
interference with the filling of the
position.

"In his remarks the Honorable
Member left the very definite im-
pression that because Mr. Pratt
was a Minister's private secretary
he lacked the qualifications for
the position. I only wish he had taken
as much time inquiring into Mr.
Pratt's record and experience in
the Public Service as he did in
listening to the incorrect stories
of alleged grievances to which he
referred.

The members of the House who
are acquainted with my private
secretary and know his sterling
qualities will expect me to place
on record his service and I intend
to do so although knowing at the
same time it will be embarrassing
to him.

Mr. Pratt's Record.

September, 1896. He completed
four years at high school before
he reached the age of 16 years.
After attending classes which
were the equivalent of one year's

listed with the Divisional Signal-
lers. After his discharge he was
transferred to the Dominion
Lands Branch in 1919. In 1922
he was appointed a principal clerk
as a result of a promotional com-
petition. In 1924 he was offered
the position of private secretary
to the Minister of the Interior,
who was also the Minister having
charge of the administration of
Indian Affairs. With the excep-
tion of a few months he continued
in this position until the Govern-
ment change in 1930. From 1930
to 1935 he occupied the position
of chief clerk in the National
Parks Bureau.

"Upon the change of Govern-
ment in that year he was brought
back to the Minister's office. In
December, 1936, when the depart-
ment was reorganized, Mr. Pratt
was appointed to the position of
Assistant Secretary and Chief of
Personnel in the Department of
Mines and Resources. At the
same time he was appointed pri-
vate secretary to the then Min-
ister and has continued to hold
both positions up to the present
time. It will be noted from the
above record that 15 years of the
34 years of public service were
spent in work not in any way
connected with the duties of pri-
vate secretary, his service in the

latter capacity covering a period
of nearly 19 years.

"I would like to point out that
the respective Ministers under
whom Mr. Pratt served in the ca-
pacity of Private Secretary had
the responsibility for the admin-
istration of Indian Affairs. As
Private Secretary during the peri-
od mentioned, he accompanied the
different Ministers on their
inspection trips throughout Can-
ada and in this way acquired a
personal knowledge of the prob-
lems concerning the welfare of
the Indians in every province.
Again, as Private Secretary he
became acquainted with the com-
plaints made to the Ministers by
Indians and often had to discuss
their grievances with them. Many
of the complaints had to do with
the services of field staff. In this
way an opportunity was afforded
to judge the services rendered by
the personnel in the field.

Also Handled Personnel.

"As I have stated, Mr. Pratt
during the last 12 years has not
only acted as Private Secretary
but he also occupied the position
of Chief of Personnel in the De-
partment. It can be fairly esti-
mated that one-half of his time
was spent on personnel and ad-
ministrative matters and prob-
ably more than this when the House
was not in Session. It has been
one of his duties to interview the
field staff when they came to Ot-
tawa and to discuss their prob-
lems with them. As Chief of
Personnel it was also his duty to
act as the headquarters repre-
sentative on Civil Service Boards.
He also took part in the final pre-
paration of the estimates before
they were submitted to Treasury
Board. There were many other
duties that he had to perform
apart from his duties as Private
Secretary but I will not take up
the time of the House in detail-
ing them. However, it will be
appreciated that his work gave
him a very thorough and intelli-
gent knowledge of the adminis-
tration of Indian Affairs, especial-
ly the problems connected with
the appointments and changes in
staff and the expenditures requir-
ed for field operations.

"I think it is unwise to discuss
in this House the relative merits
of civil servants for appointments
in the Service. However, the
Honorable Member chose to do so
and I therefore have no alterna-
tive—and it is a privilege and
pleasure for me to do so—to speak
on behalf of the civil servant
whose qualifications are being be-
littled. I can assure the Members
of the House that I do not look
forward with any pleasure to the
possibility of my Secretary leav-
ing me. On the other hand I am
not going to sit idly by and permit
his qualifications for a position in
the Department being questioned.
I will leave it to others to judge
whether his long record of public
service and the experience there-
by acquired does not fit him for
the position to which the Hon-
orable Member referred. Knowing
his modest and unselfish nature
as many of you do, I am sure the
House will accept my statement
when I say that he never at any
time asked me or any other senior
officer to use influence on his be-
half. I know personally that he
did not seek the position and only
reluctantly became a candidate
when he was asked to. It is to be
regretted that when he has almost
completed his 35 years of service,
he should be subjected to all this
unfair publicity.

"I had hoped this matter would
have been closed after I had made
the above reply to the statement
made by the Honorable Member.

However, as a result of his care-
less remarks, certain garbled and
incorrect stories have appeared in
a local newspaper suggesting there
had been favoritism in the rating
of the candidates.

Wants Investigation.

"It is very clear that the writer
of the first article had secured
access to the record of the pro-
ceedings of the first Board of Re-
view. May I point out that these
boards are set up by the Civil
Service Commission, the members
are sworn to secrecy and the pro-
ceedings treated as confidential.
The reasons for this are appar-
ent. The second story which ap-
peared in yesterday's local news-
paper, incorrect as it was, again
indicated that there had been dis-
closure of confidential informa-
tion. I am drawing this to the at-
tention of the Chairman of the
Commission and I have no doubt
he will make a thorough investi-
gation and that the necessary dis-
ciplinary action will be taken. If
any member of the Service has
broken the oath of secrecy, he
certainly should be punished.

"After I had read the first news-
paper story, I felt it my duty to
discuss the matter fully with the
two rating officers. In fairness to
them and to all concerned, I wish
to read to the House the state-
ments each of them gave to me."

Statements of Officials.

Statement of C. W. Jackson:
"On instructions from the then
Deputy Minister, Mr. Hoey and
myself were asked to rate the can-
didates for the position. We ac-
cepted this responsibility and
carried out our task and, as re-
quired, certified on our honor that
the ratings given were wholly on
the basis of merit and without
reference to personal or political
considerations.

"I deny most emphatically that
I instructed Mr. Hoey to agree
to any of the ratings or that I
influenced or attempted to influ-
ence him to give higher ratings
to some or any one of the candi-
dates. I also deny that I made

this statement, 'that Mr. Pratt is
the man I wanted appointed'.

"In giving my evidence before
the Board I did, however, strongly
emphasize Mr. Pratt's qualifica-
tions and experience for the posi-
tion. I mentioned very fully the
reasons why we had given him
the highest rating and I did say
that I sincerely believed that he
was the most suitable candidate.
I protested without success against
certain members of the Board
attempting to fix duties to the
position which were never con-
templated. As there was nothing
new disclosed at the hearing to
make me change my mind and it
being obvious that the members
of the Board were not as well
qualified as Mr. Hoey and myself
to determine those duties or to
judge the candidates, the story
in the paper that the Board 'made
little progress with me' is quite
true."

Statement of R. A. Hoey:

"In the press of February 16
there was a news item in which
statements in quotation marks
credited to me appeared. I have
no information that would enable
me to discover the source from
which these quotations were ob-
tained. As suggested in the article,
however, I did appear as a wit-
ness before a Civil Service Appeal
Board in March, 1946. No report
of my evidence was taken during
the course of my submission and
the members of the Board acting
under oath did not supply me
with a copy of the proceedings.

"While it is difficult to recall
with any degree of exactness the
words or phrases used during an
hour or more of cross-examina-
tion, I can say with the utmost
emphasis that I did not at any
time state that I was acting under
dictation or coercion or that in-
fluence in favor of a particular
candidate was brought to bear
upon me at any time. I most em-
phatically deny that I stated at
any time that Mr. Pratt knew 'lit-

tle about the actual work with
Indians'."

RADIO IN REVIEW

Informality, Movies, Russia

By JOHN CROSBY.

NEW YORK, Feb. 18.—Just a few stray observations this morning. If the Bing Crosby show gets any more informal, it will pop right out of the receiver into your living room. More and more the Crosby show sounds like two or three guys grouped around a piano with a bottle of beer in one hand, a book of songs in the other. They are two or three guys who haven't seen one another in a 'coon's age and are anxious to hear all the news. Is Joe Ent-whistle's saloon still on 81st street and what in the world ever happened to Lucie Ford?

A lot of educated malarkey has been written about radio as an intimate medium but not since the early days of Stoopnagle and Budd and the old Amos 'n' Andy has very much been done toward providing intimate entertainment. In fact, with the popularity of big comedy shows played in front of big audiences, the trend is all the other way. The comedians are entertaining their studio audiences and, only incidentally, you and me. Though Crosby has a studio audience too, he brings a rare note of intimacy and informality to the microphone that has been missing a long time. Not such a bad idea either.

1946 was the year of purgatory for radio, the year of "The Hucksters", the year of the Federal Communications Commission Blue Book, the year of mounting criticism of radio in newspapers and magazines. Well, the thunder has subsided to a great extent. The Winter of 1947-1948, it seems to me, is the Winter of discontent for radio's great entertainment rival—the movies. Magazine and newspaper critics have joined this new assault with undiminished invective. The movies

far more strained today than they were then—Allen got away with a vigorous roasting of the Russian concept of a free press by creating a mythical character called Sergei Stroganoff (played by Kenny Delmar) who represented "the world's outstanding newspaper, Pravda". It was a far more outspoken bit of comedy than the Gromyko joke but it got past the censors.

Of course, popular opinion on Russia has changed mightily since 1946. However, the fact that opinion at NBC which moves about three inches a year like a glacier has changed that much is news indeed. Much of this new policy may be attributed to NBC's comparatively new vice-president in charge of programs, Ken Dyke, who sweepingly revised NBC's censorship policies several months ago.

Three Arabs Killed And 78 Wounded In Tripoli Riot

CAIRO, Feb. 18.—(BUP)—Three Arabs were killed and 78 wounded in a riot against British forces yesterday in Tripoli, British authorities announced today. Eight British soldiers were wounded.

Military reports from the Libyan capital said the riots started after British troops arrested Aly Bekky Hassan, leader of the Arab Iqbal Party.

Hassan was charged with agitating the Arab and Moslem communities in Tripoli in preparation for the arrival of the Big Four fact-finding commission which will make recommendations on the future of the Italian colonies.

Six Killed in Jerusalem.

JERUSALEM, Feb. 18.—(BUP)—One of the main battlegrounds of the Palestine war may turn out to be the old walled city of Jerusalem, where six persons were killed yesterday in a confused three-way fight among British, Jews and Arabs.

Those killed were a British soldier, a Jew and four Arabs. Two British soldiers were wounded.

Fighting has been going on in the old city since partition was announced some two months ago, but there is little the British can do about it.

There are 1,500 Jews, surrounded by thousands of Arabs, within the walled area. The British estimated that exploration of the underground tunnels and winding alleys of the old city would be the most difficult military operation in the Holy Land. They are not prepared to undertake it.

Canadian Press Seeks New Legislation In Libel Charges

TORONTO, Feb. 17.—(CP)—

Frederick I. Ker, president of The Canadian Press, today requested that Justice Minister Ilesley introduce legislation at the current session of Parliament to provide that charges of conspiracy to libel be tried in the province where the newspaper involved is published.

In a letter to the minister, Mr. Ker, publisher of the Hamilton Spectator, said amendment of the Criminal Code is necessary to assure newspapers of "the protection which Parliament intended they should have and which is necessary to avoid vexatious prosecutions."

Similar petitions have been sent to Mr. Ilesley by the Canadian Daily Newspapers Association and the Periodical Press Association.

Mr. Ker's letter said members of The Canadian Press, national news-gathering co-operative, "view with apprehension the significance of certain phases of the criminal proceedings currently being taken by the Attorney General of Alberta against Jack Kent Cooke and Harold Dingman of the New Liberty magazine."

Had the men, residents of Ontario, been charged with publication of defamatory libel they would have had the right to be tried in Ontario under provisions of section 838 of the code. Instead they had been charged with conspiracy to publish a defamatory libel.

Since every publication in a daily newspaper involved acts by more than one individual, Crown officers were now in a position arbitrarily to circumvent section 838 by charging conspiracy rather than publication. Thus, Mr. Ker's letter said, publishers,

OTTAWA EVENING JOURNAL - TUESDAY, FEBRUARY 17TH, 1948

17 Appeal Board Cancels Pratt Appointment

The year-old much-protested appointment of Mines Minister Glen's private secretary W. J. F. "Ford" Pratt to an executive position in the Department's Indian Affairs Branch, was cancelled late yesterday in a short, sharp session of the Appeal Promotion Board, The Journal this morning learned.

The Board directed—and both the Mines Department and the Civil Service Commission readily agreed—withdrawal of Mr. Pratt's appointment, and a new rating for all eligible candidates for the position.

18 Candidates Eligible.

Decision of the Appeal Board turned back the clock on the case more than 13 months. For now, not only will the initial 18 candidates be able to secure a new rating, but all persons "eligible" for the position on the Civil Service list will be able to compete.

Examination of qualifications of candidates by a rating board of the Mines Department will be started "as soon as possible".

The position at stake carries the title of Executive Assistant to the Director of the Indian Affairs Branch (R. A. Hoey) and a starting salary of \$5,200.

Gibson Denies Charge.

Accusations were heard at yesterday's Board meeting that Mines Department executives having gone to "rather extreme lengths" to assure the appointment of a purported "favorite".

On behalf of the department, Roy A. Gibson, representing the Department of Mines and Resources on the Appeal Board, strenuously denied the charge of "favoritism". He had found no evidence of it during his service with the department.

He assured the Board that Mr. Jackson's high rating for Mr. Pratt had been made with "all honesty and integrity" in the sincere belief of Mr. Glen's secretary being the best man for the job.

He bore out a previous statement of Mr. Jackson's that the Personnel Director had not "wanted" the job for Mr. Pratt but had "wanted" Mr. Pratt for the job on the basis of him having superior qualifications.

The Board agreed that because of his longer experience with the department, Mr. Jackson's conviction of Mr. Pratt being the man for the job, understandably could have had some influence on Mr. Hoey.

Mr. Hoey had told the first Appeal Board he believed Mr. Pratt knew "little" about the job, but in giving him the top rating had been "guided to agree" by Mr. Jackson.

Personnel of the Appeal Board which met yesterday had been changed, with Mr. Gibson replacing Mr. Allan as the Mines Department's representative. J. A. MacIsaac represented the Civil Service Federation and H. R. McNaughton the Civil Service Commission.

OTTAWA EVENING JOURNAL - MONDAY FEBRUARY 16TH, 1948

Hear Appeal Against Pratt Appointment

A report dealing with the practice of departmental rating boards in placing favorites into choice Civil Service positions will be brought down by the Appeal Promotion Board holding its initial meeting today on the controversial appointment of W. J. F. "Ford" Pratt, private secretary to Mines and Resources Minister Glen as General Superintendent of Indian Agencies.

The Department for a year has been insisting Mr. Pratt's appointment be confirmed, and in the light of protests from some 17 other candidates and executives of the Civil Service Federation, the Civil Service Commission has ruled the current appeal by one of the candidates "well-grounded".

On Appeal Board.

On the Appeal Board were H. R. McNaughton representing the Commission, J. A. MacIsaac sitting for the Federation and Roy Gibson acting for the Department.

The case of Mr. Pratt's year-old appointment was brought to the floor of the House of Commons Friday by Douglas Harkness, Progressive Conservative MP for East Calgary, who charged there had been "political interference and finagling" involved.

He contended there had been discrimination against Col. E. P. Randle, superintendent of the Six Nations Indian Reserve, who had been one of 18 candidates trying for the position which twice now has been given Mr. Pratt.

What happened, according to the Appeal Board report—and what has involved the Commission, the department and the Federation in a year-long dispute—was this:

Early last year when the position of General Superintendent of agencies became open, Mr. Pratt and 17 others applied for appointment.

The department's own Rating Board on which sat only two, rather than the customary three officers, gave Mr. Pratt the highest rating.

The two on the Rating Board were Clarence Jackson, director of personnel for the department, and R. A. Hoey, director of the Indian Affairs Branch.

Col. Randle, who graded eighth, filed an appeal. Those who ranked between Mr. Pratt and Col. Randle were employees of the Department's headquarters in Ottawa, and "obviously" could make no appeal.

Mr. Hoey Was Called.

The Appeal Board sat last March 6, 7 and 8, and called Mr. Hoey as a witness.

Mr. Hoey told the Board he had been "guided to agree" to the top rating for Mr. Pratt over the 17 other candidates for the appointment.

On this point, the Appeal Board filed a report which read, in part:

"When questioned on the qualifications of (two other candidates who ranked second and third), Mr. Hoey said they knew their work very well and were most excellent employees, but he had been guided by the Chief Executive Assistant, Mr. Jackson, in the rating given Mr. Pratt."

While the announcement of the position being vacant set out no special qualification for filling it, Mr. Hoey told the Appeal Board he believed Mr. Pratt knew "little about the actual work (with Indians) but he had been instructed by Mr. Jackson to agree with the high rating".

Board Called Mr. Jackson.

The board then called Mr. Jackson as a witness, but made "little progress" with him other than securing his statement that Mr. Pratt was the man he wanted appointed.

The report of the first Appeal Board was signed by the board of which D. J. Allan, Superintendent of Reserves and Trusts for Mines and Resources was a member.

Mr. Allan is not a member of the new Appeal Board, the department having named Mr. Gibson in his place.

With that report the Appeal Board directed the appointment be thrown open again, and another rating given the candidates.

The department declined, and for eight months, in the face of protests, insisted on confirmation of Mr. Pratt's appointment.

Then, on December 20 last, the department agreed to the reopening and new rating.

Sixteen days later, on January 5, the department gave the candidates a second notice that the title of the position had been changed to executive assistant (to the director of Indian Affairs) and that the appointment was going to Mr. Pratt on the basis of the "original ratings".

The second appeal by Col. Randle, proceeding today, quickly followed.

Mr. Jackson's Statement.

When asked about proceedings before the first Appeal Board last year, Mr. Jackson said: "This is the first time I've heard of it. I gave the highest rating to Mr. Pratt, because obviously on the basis of record and qualifications he was the man for the position."

Mr. Jackson denied he "wanted" the job for Mr. Pratt. He had believed only that Mr. Pratt was best qualified to take it.

He had issued no "instruction" to Mr. Hoey to "agree" to a high rating for Mr. Pratt.

"I have been in the department longer than Mr. Hoey, and it may have been that he might have been influenced by my rating for Mr. Pratt."

If there had been "influence" it had been accidental and not deliberate.

Mr. Jackson said the ratings had been made carefully and with "all honesty and integrity".

He and Mr. Hoey had appeared before the first Appeal Board last March at different times, so he was in no position to know what the Indian Affairs direc000015 had testified.

MR-IAH-6

Under the authority of an Order in Council of the 30th August, 1946, P.C. 77/3663, the class title General Superintendent of Indian Agencies was revised to read: General Executive Assistant, Indian Affairs, effective from July 1, 1946. No change was made in the salary at that time, which reads,-

Annual:	\$4620	4920	5220.
---------	--------	------	-------

As a result of the Unit Survey of the Indian Affairs Branch, several changes in class titles have been made. I refer particularly to the classes of Superintendent, Indian Agencies, Grades 1, 2, 3 and 4, which have replaced the various grades of Indian Agent, and Regional Supervisor, Grades 1 and 2, which have replaced the various grades of Inspector of Indian Agencies.

It would now appear that the title of General Superintendent of Indian Agencies is preferable to that of General Executive Assistant, Indian Affairs, as the latter title does not necessarily suggest the duties of the incumbent to be those of a General Superintendent of the Field Administration Unit, but rather those of a general administrative headquarters officer.

It is further recommended that the maximum salary be revised to \$5400, in order to bring this class in line with others of equivalent responsibility for which the maximum rate has been approved recently at \$5400.

TO

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

In accordance with the provisions of Section 12 of the Civil Service Act, the Civil Service Commission, at the request of the Department of Mines and Resources, submits the following new classes for approval, effective from April 1, 1947:-

REGIONAL SUPERVISOR OF INDIAN AGENCIES, GRADE 1

Compensation:						
Annual:	\$3600	3720	3840	3960	4080	4200

REGIONAL SUPERVISOR OF INDIAN AGENCIES, GRADE 2

Compensation:				
Annual:	\$3900	4080	4260	4500

It is recommended that these two new grades apply to all future appointments and to all reclassifications of present positions of Inspector of Indian Agencies.

The present four grades of Inspector Indian Agencies are to be deleted effective from the dates the positions are reclassified.

The above new rates are considered to be warranted in order to bring the compensation for these positions into line with other positions with similar responsibilities.

Attached hereto is a copy of a report in connection with the above.

C.H. BLAND
CHAIRMAN

A. Thivierge
COMMISSIONER

S. G. Nelson
COMMISSIONER

Respectfully submitted,

MINISTER OF MINES AND RESOURCES

5-5-47

of the Civil Service Act, that the following revised grades of Inspector of Indian Agencies be established effective April 1, 1947.

INSPECTOR OF INDIAN AGENCIES, GRADE 1

\$3600 3780 3960 4140 4200

INSPECTOR OF INDIAN AGENCIES, GRADE 2

\$3900 4080 4260 4440 4500

The above new grades of Inspector of Indian Agencies are to be used for new appointments and for individual reclassification of present positions of Inspector of Indian Agencies.

The present grades of this class are as follows:

Inspector of Indian Agencies	Grade 1	-	\$2124-2580
"	"	"	Grade 2 - \$ 2700-3000
"	"	"	Grade 3 - \$3360-3600
"	"	"	Grade 4 - \$3600-3900

The present four grades are to be abolished as soon as the existing five occupied positions of Inspector of Indian Agencies shall have been reclassified to the new proposed grades.

A new class of Field Agent, Indian Affairs Branch, with salary rate of \$3000-\$3600 per annum, was recently established. This class, in addition to providing relief for Indian Agents or Superintendents, is of a semi-inspectional nature and will take the place of what normally would be the lowest grade of Inspector of Indian Agencies. The two grades of Inspector of Indian Agencies are therefore all that appear to be necessary at the present time.

May the attached submission to the Governor in Council be forwarded please.

NOTE: This matter has been discussed further with the Director of Indian Affairs and in view of the present line of authority in the Dept. and the plans to implement these more definitely, it would appear that the titles would better be Regional Supervisor of Indian Agencies instead of Inspector of Indian Agencies. It is accordingly recommended that this change be made.

Creation of two new grades of Inspector of Indian
Agencies in lieu of the present four grades

New classes of Superintendent of Indian Agencies with a maximum salary rate of \$4200 per annum have recently been established and reclassification of present Indian Agent positions to these new classes are proceeding. The present maximum salary rate for the highest grade of Inspector of Indian Agencies is \$3900 per annum. It is therefore necessary to revise the salary rates for the class Inspector of Indian Agencies in order to prevent anomalies. It is also considered that the duties and responsibilities of these positions warrant the proposed upward revision in remuneration in order that the compensation for these positions may be brought into line with that provided for other positions with similar responsibility.

The duties and responsibilities of this class consist of making periodic inspections of Indian Agencies, Reserves, Schools, and Hospitals within an assigned district; inspecting the work, accounts, and records of Indian Agents, and other employees, and the condition of buildings and equipment; advising Indian Agents or Superintendents and assisting them with special problems of administration; receiving complaints from the Indian population or others and adjusting or assisting with the adjustment of complaints; maintaining contact with the Indians of various Indian Agencies and encouraging their various activities such as farming, stock-raising, gardening, commercial fishing, Indian handicraft, etc., studying living conditions among Indians and promoting welfare work among Indian families; rendering assistance to Indian Agents or Superintendents in winding up estates and settling disputes; assisting with the reestablishment of Indian Veterans under the Veteran's Land Act; securing surrenders of Indian land and negotiating with the representatives of industrial and other organizations and provincial authorities; instructing Indian Agents and Superintendents in their duties; purchasing suitable equipment, livestock and supplies for Indian Agencies; dealing with correspondence; superintending expenditures; paying annuities or other monies to Indians; preparing reports and recommendations and performing other related duties.

M. CHRISTIANSON

Former Indian agent here dies

E. M. Christianson, for 30 years associated with Indian agencies in Saskatchewan and superintendent from 1940 until his retirement in 1945, died Thursday night in Vancouver. Mr. Christianson had been ill in Regina for some time then moved to Vancouver last fall, where his health had been improved.

Mindy Christianson had the reputation of being a friend of more Indians than any other white man in Canada. Born in Iceland

67 years ago, he came to Canada in 1887 and lived with his parents on Lake Manitoba, 150 miles north of Winnipeg where they ranched and fished for a living. As a youngster, he had no other playmates but Indian children and there he learned the language of the prairie Indian, the Saulteaux.

As a young man he clerked in a store in Manitoba and later became manager. His career in Saskatchewan began in Kamsack in 1911, as the owner and manager of a general store.

In 1914 he was appointed acting agent at the Indian agency of Kamsack, became agent in 1917 and was transferred to the Qu'Appelle agency. He was appointed inspector of Indian agencies for Manitoba, Saskatchewan and Alberta in 1919 under the late Commissioner W. M. Graham and moved to Regina, where he lived until 1932 when he was given charge of Alberta and the North West Territories.

He became general supervisor of all Indian agencies in Canada in 1936 and moved to Ottawa but because of illness was transferred back to Saskatchewan in 1940 with headquarters in Regina.

Mr. Christianson, during his many years of close contact with them, observed the change in the Indian race from the time they lived as nomads, trapping, hunting and fishing for their livelihood to their present general occupation as farmers. He once commented, "They are a fine progressive people, loyal and generous. I believe them to be an intelligent race and eventually they will achieve the status of the white race."

At the time of his death, Mr. Christianson was living with his wife, Mabel, at Sylvia Court, Vancouver. Also surviving is a daughter, Doris, Mrs. Wilbur Pallen, in Saskatoon; another daughter, Virginia, Mrs. Walter Hallatt, in Vancouver; one son, Barney, in Ottawa.

He has one sister, Mrs. Arthur Smith, in Winnipeg, and an adopted brother, B. Christianson, in Portage la Prairie.

Dear Mr. Christianson,-

I wish to acknowledge your letter of November 7 and to advise that the annual allowances granted to employees on retirement, under the provisions of the Civil Service Superannuation Act of 1924, are subject to Dominion Income Tax regulations.

The amount of \$43.43 represents the monthly deduction from your allowance on account of the Dominion income tax, and is deducted from your allowance at the source of payment, the Superannuation Branch of the Department of Finance.

I am pleased to learn that your health is improved and that you and Mrs. Christianson are residing at the Coast.

Yours truly,

Dear Mr. Hoey:

In your letter of April 30th 1945, you informed me that as of Aug. 1st 1945, I would receive an annual allowance of \$3,201.⁸⁰. This would mean a monthly allowance of \$266.⁸⁰.

The cheque I receive is for \$229.³⁷, \$43.⁴³ a month less, \$521.¹⁶ less annually.

Would you, at your convenience kindly inform me what this deduction constitutes. I was always under the impression that pensions would not be subject to any deductions.

After a summer of illness we have at last managed to come to the Coast & I am feeling some better now.

Hoping that you + Mrs Hoey are well

I remain

Dear Mr. Christianson,-

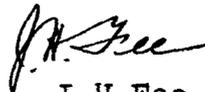

In the absence of Mr. McCutcheon on holiday leave, I am taking the privilege of replying to your letter of September 21st.

You appear to be under a misapprehension with regard to deductions from your salary for superannuation purposes while on retiring leave. Your superannuation is calculated on the full period of your service including six months' retiring leave with pay. This worked out at thirty years and eight months. This being the case, it is only reasonable that superannuation deductions continue during retirement leave. I do not think you are likely to get any refund on that account.

Your superannuation arrears were paid up on the 28th of February, last, but for some reason or other deductions were continued until August. The cheque for \$51.60, which you referred to in your letter, represents the amount over-deducted on account of arrears.

I note you are still living in Regina. I presume housing conditions at the Coast are somewhat like they are in Ottawa and other large cities in Canada, but surely things will ease up before long and you will be able to enjoy retirement in the milder climate of the West Coast.

Yours truly,

Dear Mr. McCutcheon:

I wish to refer you to Finance File #5/9969. I have always been under the impression that during the six months leave with full pay that I was granted from the 4th of February to the 13th of August that the amount that was collected for Superannuation purposes during that time would be refunded to me after I went on Superannuation. Is this correct?

I received my Superannuation cheque for the latter part of August and I also received a cheque for \$51.60 being the amount taken off my salary cheque each month for instalment of arrears before the Superannuation came into force.

I know that the file is in the hands of the Finance Department but I would rather write to you instead. I am still in Regina. I have been unable to make satisfactory arrangements to move to the Coast which I fully intended to do.

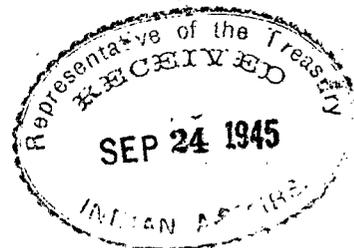

Hoping you are keeping well, and with very kind regards, I remain,

Dear Mr. Christianson,-

I wish to acknowledge your letter of March 16 in connection with payments made by monthly deduction from your salary on account of superannuation arrears.

I find on examining your file that you made application to become subject to the provisions of the Civil Service Superannuation Act, 1924, on March 16, 1925, and elected to pay from your salary the arrears due on account of superannuation and covering your previous temporary service, by monthly instalments covering a period of twenty years; this would make the last monthly instalment on account of these arrears due and payable in the month of February, 1945. The monthly amount deducted on this account is \$8.60.

Dear Mr. McCutcheon:

I wish to bring to your attention that when Superannuation came into effect in 1923, I believe, in order to take full advantage of the years I had served previously I owed about \$1200.00. The payment of this was divided into a number of years and I believe the last payment was in January, 1944.

I think the amount each month was approximately \$8.60 or somewhere in that category.

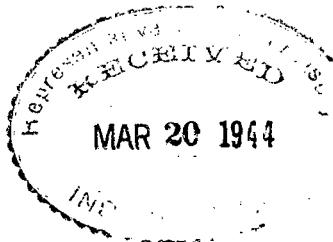

Will you, at your convenience, have this matter looked into and oblige,

Indian affairs chief retires

13 reg Leader Post - 2 February 1945 -

Mindy Christianson, the man who has the reputation of being a friend of more Indians than any other white man in Canada, will retire Saturday as general superintendent of Indian agencies in Saskatchewan, after 30 years of official association with them.

On Feb. 4, he will be 65 and for most of those years he has been closely associated with the Indian people. As a youngster in his first Canadian home 150 miles north of Winnipeg, he had no other playmates but Indian children and there he learned the language of the prairie Indian, the Saulteaux.

Before making Canada his home, Mr. Christianson lived in Iceland where he was born in the town of Nupur. He came with his parents in 1887 to the Narrows on Lake Manitoba where they ranched and fished for a living.

Clerked in Store

As a young man he clerked in a store in Manitoba and later became manager. His career in Saskatchewan began in Kamsack in 1911, as the owner and manager of a general store.

In 1914 he was appointed acting agent at the Indian agency of Kamsack, became agent in 1917 and was transferred to the Qu'Appelle agency. He was appointed inspector of Indian agencies for Manitoba, Saskatchewan and Alberta in 1919 under the late Commissioner W. M. Graham and moved to Regina, where he lived until 1932 when he was given charge of Alberta and the North West Territories.

He became general supervisor of all Indian agencies in Canada in 1936 and moved to Ottawa but because of illness was transferred back to Saskatchewan in 1940 with headquarters in Regina.

Mr. Christianson has observed the change in the Indian race from the time they lived as nomads, trapping, hunting and fishing for their livelihood to their present general occupation as progressive farmers.

Mr. Christianson's fondness for Indians is a genuine thing. "They are a fine progressive people, loyal and generous. I believe them to be an intelligent race and eventually they will achieve the status of the white race," he said.

Although he will not serve in an official capacity after Saturday,

M. CHRISTIANSON

hundreds of Indians who have always come to him for help will still find in him the friend and wise counsellor he has been in the past.

J. E. Morris of the welfare branch of the department of Indian affairs, Ottawa, will be acting inspector of the Saskatchewan department until a new superintendent is appointed.

Ottawa, February 5, 1945.

MR-IAH-6

Mr. Mindy Christianson, General Superintendent of Indian Agencies, Indian Affairs Branch, attained his sixty-fifth birthday on February 4, 1945, and is being retired under the provisions of the Civil Service Superannuation Act, on account of age. He will be on Annual Holiday Leave to February 12, 1945, inclusive.

Mr. Christianson has been continuously employed in the Dominion Government Service since January 1, 1915. I would ask that the Civil Service Commission approve of his being granted six months' leave, with pay, as a retiring allowance from February 13, 1945, his retirement to become effective at the expiration of the leave on August 13, 1945. AIR MAIL

Dear Mr. Christianson:

It is my understanding that you will retire from the service of this Branch on or about February 4th. In this connection, however, an official letter will reach you in the course of a few days, in which advice will be sent forward with respect to the holidays due you, your retirement leave, etc.

A great deal of thought has been already given to the appointment of a man who might take charge of your office until your successor is appointed. The Inspector who will succeed you will, of course, be appointed by the Civil Service Commission. I understand the position will be advertised in due course and that the competitive examination will be open to Indian Agents in the Prairie Provinces.

In view of the agricultural program carried on in Saskatchewan in recent years and the success of this program, we are particularly anxious that agricultural operations should not be unduly disturbed, particularly during the spring and early summer months. In view of this fact, we hesitate to call in one of the senior Indian Agents in the Province to take over your work, even temporarily. Should we do so, it would be somewhat difficult to secure the services of a capable man to take charge of the Agency from which the Agent was withdrawn. In view of all the circumstances, therefore, it has been decided to send Mr. J. E. Morris of the Welfare Division to Regina, on the understanding that he will take charge of the Regina office for a month. It is our earnest hope that the permanent appointment will be made early in March. However, you are far more familiar with the procedure followed in such cases than I am and I can only hope that in this case there will be no unnecessary delay. Mr. Morris, according to the present arrangements, will leave Ottawa for Regina on the evening of January 25th.

It is my hope that I shall have an opportunity to write you at greater length and in a more personal sense

With respect to your above noted letter I am not in a position to send you a copy of the correspondence as it was sent to me confidential.

I have your letter of September 11, and while I was aware that you would attain your sixty-fifth birthday on February 4, 1945, and it would be necessary to give some consideration to your case, your letter is the first intimation I have had that it has been suggested that you retire from active duty this fall.

Regina, September 11th, 1944.

Dear Dr. McGill:

As you know, my time here is getting short and appears to be more so when I received a letter from Mr. Jackson that I take superannuation this Fall to give our Minister an opportunity to appoint a successor in my place.

With regards to myself I have consulted a friend of mine who is an influential man in Saskatchewan and a former Premier of the Liberal Party, as well as considering your suggestion and have decided to remain until my time is up but I have been wondering what Mr. Raichman, who is Clerk here, is going to do. He has been here close to six and one half years and has proved himself to be a very valuable man, in fact with all the changes in Government regulations, etc. I do not know what I would have done without him.

When a new man comes here no matter whether he has had experience in Indian work or not Mr. Raichman would be very valuable in the office. One reason why he has stayed here as long as he has is that the atmosphere in this office has always been good. Besides, he would have lost the 5% that he has paid towards superannuation. As for the latter I now understand that a man can draw that any time he severs his connections with the Government. The Agents all like him because he has always been most helpful to them in getting anything they require and can locate it here in the city as well as any information they might be needing in connection with the work.

With his experience here and education he no doubt can do better and will have no difficulty in finding a job.

To make the position here worthwhile to Mr. Raichman he would have to get a Grade 4 standing at least. When Mr. Morris was here I brought up the matter of this position and pointed out the value of having Mr. Raichman in this office. I asked Mr. Morris to talk to Mr. Raichman and the remark

000074

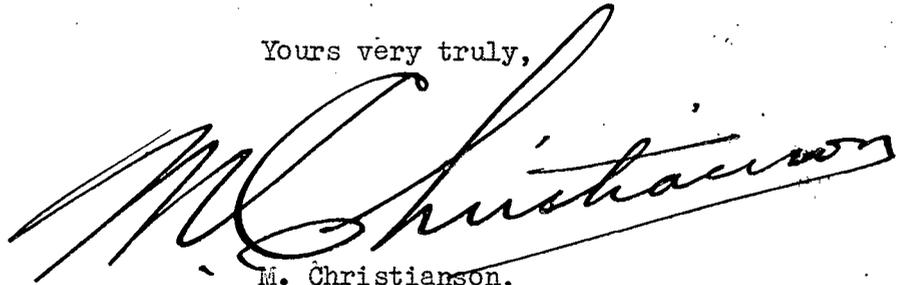

Mr. Morris made.....

- 2 -

Mr. Morris made was that he could find no reason why Mr. Raichman should not have a Grade 4 standing.

I thought it was my duty to bring this to your attention and to the attention of our Branch. In due time will you please let me know if anything can be done for Mr. Raichman.

M. Christianson, Esq., General Superintendent, Regina,
Saskatchewan.

I have to refer to an article in the Regina Leader Post of February 27 with regard to an interview given by you respecting the Saskatchewan Indians and their part played in the present war. I have noted your statements that the regulations bar Indian enlistments in the Royal Canadian Air Force and that there are no enlistments in the Navy - not, however, being due to regulations, but because the Indians do not try.

Out information is that Indians are not accepted in the Navy because it is a strict rule that all personnel must be of pure European decent and of the white race, and among other things because the confined living spaces of naval rating do not lend themselves to satisfactory mixing of the white races with Indians.

I may add that this is confidential information.

In regard to the Air Force, Indians are eligible on the same basis as members of any other race. A number of Indian applicants have been accepted and are now in the Air Force; others have been rejected due to lack of educational qualifications or because they cannot pass the physical test, but not on account of the fact that they are Indians. It is suggested that before making any observations on a question of this kind in the press, the subject of the proposed statement should be referred to this Branch to be checked.

According to our records only three Indian girls have enlisted in the Canadian Women's Army Corps -

I note you state that there are twelve Indian women who have enlisted, and I should be obliged if you would advise me of the names and agencies to which these girls belong.

AIR MAIL

Regina, December 23, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to acknowledge receipt of your letter No. 452-6 of the 21st instant received this morning. **EX'D.**

I have re-read the article appearing in the Leader-Post and naturally when I gave this interview I thought I was being as careful as possible not to make any remark that anybody might misinterpret. I have just been over to the Leader-Post and had a talk with the editor, Mr. D.B. Rogers.

In the first place I never made the remark that the re-building of the school was under consideration, in fact I did not make the remark that the school was going to be re-built at any time. When the reporter asked me if the school was going to be re-built I pointed to Mr. Crerar's photograph, which is hanging on the wall in my office and you will remember it was there in the office in Ottawa, when I was there, and stated the Minister would do the deciding as to whether the school would be rebuilt or not. Those were my exact words. However, Mr. Rogers pointed out that in his opinion the phrase "under consideration" was quite alright because that was the usual Government statement, but he admitted that the heading: "School to be Rebuilt" should never have been used.

I trust this is the explanation you require.

AIR MAIL

Ottawa, December 21, 1943.

Mr. M. Christianson, General Supt. of Indian Agencies,
Dominion Public Building, Scarth & Victoria Streets,
Regina, Sask.

I am sending forward copy of a letter received by the Minister from the Reverend Dr. George Dorey, Associate Secretary of the Home Mission Board of the United Church of Canada. I am sending forward also a clipping from the Regina Leader, of December 11, enclosed by Dr. Dorey with his communication to the Minister.

You are, no doubt, aware that the limited appropriations at our disposal have not enabled us to build either day or residential schools at any time during the last three year period, and no provision has been made in the 1944-45 estimates for the construction of such buildings. In view of these facts, no consideration has been given by the Minister or the officials of this Branch to the rebuilding of the residential school at Onion Lake.

MA

We are anxious, however, to have an expression of opinion from you with respect to the statement contained in the first paragraph of the news item taken from the Regina Leader. It will be necessary to have this statement before a satisfactory reply to Dr. Dorey can be prepared for the signature of the Minister. In this connection may we refer to a letter to you dated March 8, 1943, and signed by the Director. In the penultimate paragraph of that communication the Director suggested that before statements on departmental policy were made to the Press, these statements should be sent forward to this Branch to be checked. You might return the newspaper clipping with your reply.

Your immediate attention to this matter will be very much appreciated.

Acting Director. 000080

Aucun employé de la compagnie n'a le droit de changer ces règlements. La version anglaise des présentes conditions prévaudra.

Dear Mr. Christianson:

I have your letters of May 14 and 20 with respect to annual leave and have wired you today, as follows:

"LEAVE UP TO EIGHTEEN DAYS APPROVED
BEGINNING MAY TWENTY SECOND".

Please submit an application on the usual form, No. C.S. 263, in duplicate, in order that it may be forwarded to the Deputy Minister's Office, as requests for leave are not dealt with in the Indian Affairs Branch.

With respect to your remarks concerning leave not taken in the past fiscal year, I may say that you applied for your leave credit in February which was ten and one half days, and of this amount you are charged with four and one half days, as recorded on your monthly attendance report. The remaining six days were not deferred. You are aware that leave cannot be carried over from one year to another unless action is taken prior to March 31 to have it deferred. A statement of leave deferred from the last fiscal year has now been furnished the Auditor General's Office and no action can now be taken with respect to the six days to which you refer.

The Department, therefore, cannot do more than grant you eighteen days in the current fiscal year.

Yours very truly,

Director.

AIR MAIL

Dear Sir:

On the fourth instant I wrote you regarding my annual leave and informed you that I wanted to leave for Calgary on the 22nd instant.

The reason I am going to Calgary is that I have a married daughter there and in a short time she and her husband are moving to the Coast, and Mrs. Christianson and I want to see them before they leave.

As no mail from Ottawa arrives here on a Wednesday I would ask that I be advised by wire. This letter is going Air Mail and will be received by you to-morrow.

Yours truly,

AIR MAIL

Dear Sir:

I wish to bring to your attention that for years I have been foolish enough to go along without taking my holidays. Last Summer I was going to take my holidays in Ottawa, some of which was charged up to me, but was down at the Office every day. This was when I was back in the Fall, and as a result I still had six days left on the 31st of March.

I would now like to ask to be granted the leave of absence that is coming to me. I intend to leave for Calgary around the 22nd or 23rd instant and return on or about the end of the month or shortly after. The rest of my leave I shall take from time to time during the Summer and Fall.

Will you please advise me by return mail.

Personal and Confidential

Dear Dr. McGill:

I wish to acknowledge receipt of your personal and confidential letter of February 4th.

In reply, I have considered this letter for some days before answering it. You have evidently been requested by some of the Officials of the Branch to note the general subject of my official correspondence, and you state that your attention has been drawn to the decidedly querulous attitude which you assume I have adopted in connection with the administrative problems which confront us.

I have never been accused of being quarrelsome. The Dictionary defines the word "querulous" as habitually complaining. This is a surprise to me as I have never been accused of being a complainer. I am afraid that some of your Officials were trying to put something over that I would not agree to, and that is the real reason they have gone to you.

Referring to my letter No. 300-4C of November 25th last, I have read it over and cannot find any disrespect whatever therein.

Further, pertaining to my letter No. 300-7D of November 26th, here again I can find nothing I consider objectionable. It is my duty to uphold the rights of the Indians and this is what I was doing. In the Branch letter of December 6th it was pointed out that a certain number of the Indians who are on the Ration List own quite a few

cattle. This is.....

- 2 -

cattle. This is quite correct but for years back it has been the custom to place Indians on the Ration List when they become seventy years of age, and the few cattle they owned were preserved for the purpose of turning over to their children to help keep the old people half comfortable during their closing years. This practice also kept the cattle herds on the Reserves from becoming depleted and was carried out with the full understanding of the previous Deputy Superintendent General, Dr. Duncan C. Scott.

It was also mentioned in that letter of December 6th, that "Groups of Indians who in the judgment of the Inspector have been quite capable of supplying their own needs, to whom rations should not have been issued at any time, have been receiving rations." This, I know, is a slur on my previous administration in Alberta, on the Blood Reserve, but of course I am to take this without a murmur.

You will probably recall hearing about a pamphlet written by R.N. Wilson, Standoff, Alberta, the title being "Our Betrayed Wards". I believe this was taken up on the floor of the House and was of sufficient importance to warrant a meeting of the Indians which was attended by the Superintendent General of Indian Affairs, the Honourable Charles Stuart, the Deputy Superintendent General, Dr. Duncan C. Scott, and many others, and I received my instructions from the Minister after the meeting was over. As a result, the ration issue on the Blood Reserve was agreed to by all parties concerned.

When the annual beef requirements for the Blood Reserve came up last Spring, they went over to the Minister's Office without any explanation whatever. I personally offered my services to the Superintendent of Welfare and Training to go over and see the Minister and explain to him what had previously taken place in this Agency, but my offer was not accepted.

With reference to Branch letter of January 15th, 1941, and to my letter of January 21st, File No. 300-4CH, I do not see why reference was not made to Branch letter No. 41208 of November 22nd. By that letter it is quite evident that our Branch did not want us to engage in Handicraft work, and I cannot see anything offensive in my reply. The subject of my letter was simply facts.

In connection with the Handicraft work allow me to point out that I was always taught to respect a promise. When I was in Ottawa last September, before I left for the West I was told to send in what money I had on hand in the Handicraft Account, and it was promised that I would receive a cheque for the amount I required, as soon as the balance was received from here. Has this promise been carried out? No.

Regarding my letter 000107

- 3 -

Regarding my letter of December 11th, our File No. 300-11, I have nothing to rescind. The Branch brought about this change without notifying me, and I think I have a perfect right to expect that both myself and the Agents receive reports from school inspectors to give us some idea of what is taking place. This matter is certainly not closed.

Let me now put in a few complaints that I have in mind. I was engaged in inspection work most of last Summer and furnished the Branch with nine reports on Agencies. The receipt of these reports has never been acknowledged. Also, I inspected several schools and reported on them. To date I received the acknowledgment of but one report. I have forwarded statements on all of the Community Farms with the exception of Carlton, revealing the exact standing of each. In reply, I received the acknowledgment of one report, and this was because it could not be understood by the Branch.

I think I have the right to expect that the reports I have forwarded to Ottawa on my inspections of the different Agencies would be of sufficient interest to the Branch to merit some sort of acknowledgment, and the same applies to the statements on Community Farms. I also forwarded a full account of our meeting which took place last Fall, but received no reply.

I strongly object to being called a complainer, as this is not one of my shortcomings. I might as well be frank and state that I believe Mr. Hoey is the one who has brought all this about. He evidently wants me to spend all of my time on Community Farms. There is no doubt in my mind that he is the one who stopped the Handicraft work, and he also brought about the change regarding the school reports coming to this Office. In other words, he does not want me to have anything to do with the schools in the Province and is of the opinion that he can operate them from Ottawa. If he will get down to earth and co-operate with me, I shall be only too pleased to do the same with him.

In conclusion, it is also very irritating to write letters to our Branch in connection with an Agency matter and have them turn around and write direct to the Agent, ignoring me altogether, and this has been done. The only way this Province can be properly administered is by keeping track of everything that is going on, in this Office. Everything pertaining to farms and livestock operations, as well as expenditures of all kinds, should go through this Office, and the only way this can be brought about is by the Branch co-operating with me fully. Speaking of not liking

the tone of my letters.....

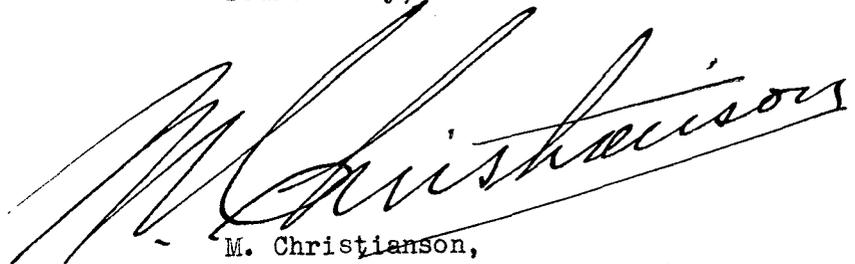

000108

- 4 -

the tone of my letters, I might say that I did not like the tone of Mr. Hoey's reply to my letter regarding Mr. Doucett's visit to this Office last Fall.

I certainly am calling a spade a spade in this letter, which I hope you will appreciate.

Yours truly,

PERSONAL and CONFIDENTIAL

Dear Mr. Christianson:

I have been requested to communicate with you on the general subject of your official correspondence with this Branch.

Some of your recent letters, I regret to say, have given rise to considerable adverse comment. Attention has been drawn to the decidedly querulous attitude which you appear to have adopted in connection with some of the administrative problems which involve your relationship with other senior officials. To illustrate to you what is meant I would refer you to the following:

Branch letter of November 18 last and
Your reply of November 25,
your file #300-40

Your letter of November 26 last and
Branch letter of December 6,
your file #300-70

Your reply of January 21,
your file #300-40H

Your letter of December 11, 1941
your file #300-11

If you will re-examine this correspondence I think you will observe that the Branch's letters to you were quite free from any note of asperity or irritation but that the same

cannot be said of yours. Indeed, I believe that upon reflection you will recognize that the tone of the latter is hardly conducive to the harmonious co-relation of activities among the various services that is essential to efficiency and progress in the management of Indian Affairs. In order that I may not be misunderstood may I assure you that there is no objection to honest difference of opinion among our officials, all of whom are trying to do their duty to the best of their ability. On the contrary, independent expression of opinion is expected and desired, particularly from those who like yourself are in supervisory positions. At the same time, there should be no occasion for personal antagonism or ill-feeling in connection with official matters, however controversial.

I am sure that the views and principles which I have expressed are your own also and I sincerely trust that you will be guided by them.

Yours very truly,

Director.

Memorandum to:

I have read your memorandum of the 18th instant and also the correspondence which has passed between your office and Mr. Christianson at Regina.

I was disappointed to learn that you had not written him along the lines suggested when you discussed the matter with me a week or so before Christmas. There is nothing in the letter written by Mr. MacInnes on the 16th December which would indicate to Mr. Christianson that we did not approve of the tone of some of his letters, nor do I think there is anything in Mr. Christianson's reply of the 20th of the same month which would lead one to come to the conclusion that he now realizes that the letters he has written in the past were not of a kind which should be written by himself to your officials at Ottawa.

I still think that you should write to him along the lines I suggested.

Your file No. 1-1-6 is returned herewith.

Deputy Minister.

Ottawa, January 16, 1941.

MEMORANDUM:

Deputy Minister.

You will recall that shortly before Christmas we discussed the tenor of correspondence between the headquarters office of this Branch and Mr. Christianson at Regina.

For some little time I had been disquieted by the attitude adopted by Mr. Christianson in his replies to our letters. The particular exchange which moved me to speak to you is on file hereunder and concerns the reports of provincial Inspectors on Indian schools. Formerly, it had been the practice of the provincial Inspectors to send these reports to us through our local Inspector. After careful consideration we decided that unnecessary delays and duplication of work might be avoided by having them come direct here and changed our arrangement with the provincial authorities accordingly. Mr. Christianson took sharp exception to our action. We do not object to an official in the field expressing disagreement with our views or action in any matter which concerns him and, on the contrary, we consider that it is his duty to give us the benefit of his honest opinion. We expect all our employees, however, to make their representations in accordance with official propriety and having done so to be willing to abide by Departmental rulings. With this in mind I would invite your attention to the concluding paragraph, and particularly the last sentence of Mr. Christianson's letter hereunder of December 11 last. This, I felt, together with a number of comparable instances on other files, called for rebuke and prompted my intimation to you that I write him a general letter on the tone of his official communications. Since speaking to you, however, we have received Mr. Christianson's further letter of December 20 in response to the Secretary's of December 16, also hereunder, which I think you will agree shows a better approach to the particular case in point and to his official relations generally. For the present we determined that reproof might be

held in

- 2 -

held in abeyance subject, however, to future observation. We have had unofficial reports, moreover, that Mr. Christianson's health has been bad again and we have made allowance for that unfortunate circumstance.

To better acquaint you with the situation I enclose copies of other correspondence which bears upon it. These are as follows:

On File 110-162, Departmental letter of November 18 last regarding the newly appointed Head Clerk in the Welfare and Training Service, also

Mr. Christianson's reply of November 25; 300-4C

on file 13-1, Mr. Christianson's letter of November 26 on the subject of beef rations, and Departmental letter of December 6 on the same subject;

300-7D

on file 99-211, Departmental letter of October 31, 1940, concerning travel expenses connected with Mr. Christianson's transfer to Regina, and Mr. Christianson's reply of November 8.

These letters are all characterized by a querulous and an aggrieved tone which is not warranted by the facts. I think you will find that our letters to him are firm but reasonable and entirely free from rancour.

As in the instance above mentioned, however, his correspondence in recent weeks has been more composed and I hope that this betterment will continue. In conclusion may I say that I do not wish to be unfair or inconsiderate to Mr. Christianson but that I was disturbed by evidences from his letters of a state of mind which too often is the precursor of a complete nervous breakdown.

AIR MAIL

November 18, 1940.

Dear Sir:

I have for acknowledgment your letter of the 5th instant, in which you seek information with respect to the desirability of having Mr. Doucet visit the Lebret Indian Residential School prior to his departure for Ottawa.

The Superintendent of Welfare and Training, in a personal letter to Mr. Doucet dated October 26, 1940, suggested to him that it might be to his advantage if he could find it convenient to visit the Lebret Residential School and the two residential schools at Kenora, Ont., on his way from Regina to Ottawa. This suggestion was made on the assumption that Mr. Doucet would be paid his out-of-pocket expenses, if he incurred any expenses in making these visits.

It is our understanding here that Mr. Doucet has been requested to report for duty at Ottawa on December 2nd. A notice to this effect was in all probability sent out to him by the Civil Service Commission. However, it will not be possible to allow Mr. Doucet any actual remuneration for work undertaken until he has reported here, in response to the notification already received by him. The suggestion that he should visit a couple of residential schools was made in his own interest and made in the hope that such visits would prove helpful to him.

In view of the fact that it is now the 18th of the month, the time at Mr. Doucet's disposal may be somewhat limited. May I suggest that he forget the contents of the letter received by him from the Superintendent of Welfare and Training and report to Ottawa as instructed. There appears to be no reason whatever why he should trouble you in respect to this matter.

I am sending a copy of this letter to Mr. Doucet.

Yours truly,

Dear Sir:

I wish to acknowledge receipt of your letter of November 18th with respect to Mr. Doucet, who has been appointed by the Civil Service Commission to report for duty in Ottawa on December 2nd.

I am not so much concerned with the instructions given Mr. Doucet before reporting for duty but I cannot help but note how some of the correspondents attempt to make one feel so timid, as is particularly the case in this letter. I am referring especially to the last sentence in Paragraph 4. Although the writer apparently feels that I should not have been troubled in this matter I am wondering if I have anything to say in it at all.

I absolutely object to the attitude the writer of this letter is taking as I am quite satisfied that Mr. Doucet acted within his rights when he came up to see me. I cannot for the life of me see why this matter was of so much concern to the Superintendent of Welfare and Training.

Dear Sir:

I wish to acknowledge receipt of Departmental letter no. 18-1 of the 2nd instant in connection with ration issues of beef in this province.

I note that prior to the receipt of my letter the subject of the purchasing of meat in this province had been given considerable discussion. The fifth paragraph of your communication, quoting in part, reads as follows: ". . . that meat in many Agencies is being issued to able-bodied Indians who might reasonably be expected to look after their families' meat requirements." The sixth paragraph goes on in the same tone: ". . . and it would appear our position could not be justified were we to attempt to argue that all the meat rationed out in your province is, as understood, solely for needy and destitute Indians". I have checked up the ration issues with all Agents in this province and the information that I have obtained in all cases was that no able-bodied Indians were on the ration list. However, when I received your letter I wanted to make absolutely certain and I have it in writing from all Agents that only old, sick, and destitute Indians are being rationed.

Regarding the circular dated May 22nd last, your file no. C 118-1, which you refer to in your communication, where the bacon issues were reduced and also a double ration of flour from 48 lbs. to 36 lbs, I was talking to Mr. Hoey while I was in Ottawa and to quote his own words, he had the following to say: "There is no sense or reason in this reduction when Canada has an over-supply of wheat", and I certainly agreed with him. I also learned that the changes in the issues had been made on the advice of someone who had gone over to the Surveys and Engineering Branch and checked over the food supplies given to parties on surveys, thus basing the issues on information received there. In making these changes, however, it was forgotten that the ordinary Government survey gang eat about as well as if they were boarding at the Chateau Laurier. When Mr. Hoey was figuring out the amount of meat and bacon supplied to Indians in a year did he take into consideration that there are about 13,000 Indians in this province? I remember that during the last Winter in the province of New Brunswick the relief issues amounted to over \$50,000.00 for less than 2,000 Indians.

The Secretary,
Indian Affairs Branch,
OTTAWA, Ont.

Again referring

- 2 -

Again referring to your above mentioned letter, where did our Branch get the information that able bodied Indians were on the Ration List? The whole tone of the letter makes a man who has spent years in trying to improve conditions amongst the Indians wonder what it is all about. Evidently the writer was not familiar with conditions as they really exist, and to think that the main object was to cut down on the food supplies issued to people who are blind, sick, lame, and distitute! Taking the other side of the picture, we find white people who are old receiving old age pensions, and able-bodied white farmers receiving Government relief sufficient to exist on, not a miserable \$3.50 worth of food.

Some of our Agencies have had very poor crops for years and a great many of the able-bodied Indians are going into the Winter with practically nothing. There is no one in this country who detests relief any more than I do and during all the years I have been in the Department I have continuously advised against relief issues to able-bodied men wherever it was avoidable at all. There was an Indian in the Office the other day talking to me, who is a good farmer and had practically a crop failure due to drought. He was wondering what he was going to do to keep his family during the Winter and pointed out to me that his two neighbours, white farmers, came under the Crop Acreage Bonus Plan and were receiving approximately \$2.00 an acre, whereas he was an Indian and was left out in the cold.

Your letter was one of the most unreasonable letters that I have ever received and it is hard enough to try to get along with practically no assistance without receiving letters like that. In due course I shall expect a reply.

Yours truly,

AIR MAIL

December 6th, 1940.

Dear Sir:-

I have for acknowledgment your letters under File 7D submitting beef, bacon and lard requirements for the balance of this Fiscal year for the below mentioned Agencies in Saskatchewan. I have carefully noted your comments and that of our Agents, where expressed, regarding the quantities required and the purchase price recommended to be paid for beef cattle from Indians.

The delay in acknowledging your letters until this date has been caused through our endeavour to equitably apportion our remaining available funds over the needy and destitute Indians throughout the Dominion, and while it is noted that your Agents have reported to you that their requisitions have been curtailed to cover only actual requirements, it is hoped that in at least a few cases a further saving may be found possible without causing undue hardship.

A review of all Agency reports, live stock returns, etc. would indicate that perhaps a further moderate saving may be effected, and having this in mind, it is our intention to curtail for the present some of the amounts of beef requested. If at a later date and much nearer the end of the Fiscal year, it is determined that the below authorized quantities are not sufficient a further review can be made and emergency supplies procured at a time when the cost can be charged to 1941 - 42 Appropriation.

In checking the ration lists against the most recent live stock return it is noted that apparently quite a number of our beef ration recipients own a fair amount of stock. A list taken at random is attached for your information. It is not inferred nor is it possible at this distance to draw any conclusion that these recipients are drawing beef rations unnecessarily and it may be that the foundation stock they are gradually acquiring will result at a later date in their supplying their own meat requirements. In view of this information it is just possible

"R.A.H."

that you may be anxious to again discuss the matter with your Agents .

I feel that it is only fair to the Officers of the Welfare Division to state that a complete review and investigation of beef rationing in the Prairie Provinces was undertaken in response to definite instructions received from the Office of The Minister. You will I feel sure be interested to learn that beef rations in one of the Prairie Provinces have been according to a recent report from the Inspector, distributed to three distinct and separate groups, -

1. Needy and Destitue Indians.
2. Certain groups of Indians employed in Agriculture to whom rations were issued on the understanding that the Department would be reimbursed but who have never at any time repaid the Department for the beef supplied.
3. Groups of Indians who in the judgment of the Inspector have been quite capable of supplying their own needs to whom rations should not have been issued at any time.

In view of these facts we have been asked to give an assurance that this conditions does not exist in other Provinces.

Regarding the price to be paid for Indian cattle being purchased for supplies, it is noted that the range in prices vary from cows at six cents and steers at seven cents at File Hills and Onion Lake Agencies to eight and nine cents at some other Agencies. This will be your authority to purchase the required cattle at the best possible price, having in mind, fairness to the cattle owners concerned. Nine cents, however, would appear a maximum that should be paid for steer beef. A recent order from Swift Canadian Company, Saskatoon, to Battleford, Sask. was filled at an average price of \$7.20.

The following purchases are authorized for
Indian beef:-

<u>CROOKED LAKE AGENCY</u> :	Broadview	-	2450	pounds
	Carlyle		2000	"
<u>DUCK LAKE AGENCY</u>	:	-	6500	"
<u>PELLE AGENCY</u>		-	2000	"

<u>CARLTON AGENCY</u>		-	11000	"
<u>ONION LAKE AGENCY</u>		-	4000	"
<u>QU'APPELLE AGENCY</u>		-	3800	"

(Balance of requirements for this
Agency will be contracted for with Packers)

Lard and Bacon where required is being ordered by contract and advice concerning same will be forwarded in due course.

November 8th, 1940.

Dear Sir:

I wish to acknowledge receipt of your letter No. 420-8 of the 31st ultimo, and in reply would say that it is letters like this that "take the starch out of a fellow". Not that I am crying about the \$75.00, it's the principle behind it.

Personally, I cannot see how this could have been avoided. I notified the owners of the Apartments where I was living in Ottawa the same day I received notice to move West and asked them to try to sub-let my suite so that I could move out on the 15th of August or the 1st of September. I also spoke to the Management of the Apartments and during the Summer Mrs. Christianson spoke to them several times as we had people come in to see the suite who would have taken it on the 1st of September but the owner refused to accept them. I would ask that this be submitted to the Minister's Office as I received my instructions about coming West from him. I also wish to point out that it is just as difficult to rent a suite here in Regina as it is in Ottawa.

Regarding the Hotel Bill, did the party who questioned it think we were going to move into the Suite without furniture? The Movers started to move my furniture the minute I moved out of the Suite in Ottawa, and everything possible was done to facilitate the shipment, even to having the car graced. It arrived here on the day scheduled and as soon as we were able to put up a bed in the Suite we left the hotel. We even took our meals down town for a week before we really got settled down. I took the cheapest room available at the Hotel and if you will look up the prices of the meals I think you will come to the conclusion that they were reasonable.

Dear Sir:

In reply to your letter of December 11th, regarding the temporary transfer of the position of General Superintendent of Indian Agencies from Ottawa to Regina with the incumbent, Mr. M. Christianson, I am to state that the Commission agrees to this arrangement but is not required to prepare a memorandum to Council nor to issue a new position list covering this transfer because it is only temporary and will obviate the necessity of filling the vacancy of Inspector for the Province of Saskatchewan for the present.

A copy of this letter is being sent to the Auditor General and to the Central Pay Office as the Civil Service Commission has approved of the temporary transfer with the incumbent.

Yours truly,

Dear Miss Saunders,-

MR-IAH-6
MR-IA7-6

The position of Inspector of Indian Agencies, Grade 3, for the Province of Saskatchewan, in the Indian Affairs Branch at Regina, Saskatchewan, became vacant 1st May, 1940, owing to the death of the former incumbent, Doctor Thomas Robertson, and, as there was no one immediately available in Saskatchewan with the required experience and knowledge of Indian Affairs work to undertake the duties, it was found necessary to send Mr. M. Christianson, General Superintendent of Indian Agencies, to Regina.

Since May last Mr. Christianson has performed the duties of the position of Inspector of Indian Agencies, Grade 3, for the Province of Saskatchewan, and has at the same time performed part of the duties of his own position. The balance of the duties of his position have been taken care of by other officials in the Indian Affairs Branch at Ottawa, and, as this arrangement has been working fairly satisfactorily, it has been decided, in the interest of economy during the War, to have Mr. Christianson continue the work in Saskatchewan, thus saving the salary of the Inspector of Indian Agencies, Grade 3 (\$3360-3600).

To complete this arrangement, it is necessary to have Mr. Christianson move to Regina, and I would recommend that action be taken by the Civil Service Commission to have his transfer, with his position of General Inspector

of.....

Miss E. Saunders,
Secretary,

of Indian Agencies, authorized with effect from 1st September, 1940. This, however, is not to be a permanent arrangement, and it is not the intention to have the position of Inspector of Indian Agencies, Grade 3, for Saskatchewan, abolished as it is expected it will be necessary at some future date to have the vacancy filled.

Yours very truly,

C. W. JACKSON

Ottawa, March 25th, 1938.

Dear Sir:

Civil Service Superannuation Act, 1924.

I am inclosing herewith, for approval, Amended Service Salary Contribution Record, of Mindy Christianson, General Superintendent of Indian Agencies, from which it would appear that he has overcontributed \$28.26 in respect of his residential and living allowance from February 1st, 1915, to March 31st, 1919, when he was clerk, Pelly Agency and Indian Agent for Pelly and Qu'Appelle Agencies.

Mr. Christianson has paid \$1,389.45 arrears of contributions at \$8.85 a month from March 1st, 1925 to March 31st, 1938. At \$8.67 such arrears would amount to \$1,361.19, making an overpayment of \$28.26.

I may say that Mr. Christianson's contributions when Clerk at the Pelly Agency and Indian Agent at the Pelly and Qu'Appelle Agencies, have been calculated on the evaluation approved for superannuation purposes for Clerks, Indian Agency and for Indian Agents, Grade 4, in Saskatchewan. The allowance of \$400.00 for rent was approved as part of the compensation for the class Inspector of Indian Agencies in the Province of Saskatchewan.

Yours truly,

Incls.

L. W. McCutcheon
Chief Treasury Officer.

EX'D.

MINDY CHRISTIANSON, whose appointment as superintendent of Indian agencies, with headquarters at Ottawa, has been announced.

SUPERINTENDENT OF INDIAN AFFAIRS IS ON WAY TO OTTAWA

Mindy Christianson, newly appointed superintendent of Indian Agencies for the Dominion, who passed through Winnipeg this week en route to Ottawa to take over his new office, was born in Iceland in 1879, coming with his parents in 1887 to their homestead on the Norrows of Lake Winnipeg. The family moved to Westbourne in 1897. After a number of years in business at Westbourne and later at Kamsack, Sask., Mr. Christianson entered the federal government employ as clerk and farm instructor at the Pelly agency of the department of Indian affairs, becoming agent in 1915. He was transferred to the Qu'Appelle agency in 1917 and became inspector, grade 3, in 1930, with headquarters in Regina, going two years later to Calgary to take charge of Alberta and the Peace River block of B.C., taking over also, in 1935, the Northwest Territories. In 1911, Mr. Christianson married, at Westbourne, Miss Mabel Allen Chantler. They have three children. Doris, Mrs. C. Wilbur Pallen, Regina; Virginia, of Calgary, and Barney, of Ottawa.

Indians, White Man Arguing On Tract

76 Acres In Heart of Vancouver Cause of Dispute

VANCOUVER, Dec. 28. — Verbal missiles took the place of carbines and tomahawks Monday as white men and Indians pursued a many-sided argument over the fate of the deserted Kitsilano Indian reservation, a 76-acre tract of scrubland in the heart of Vancouver.

Anything from a \$1,500,000 Olympic stadium to a simple Indian village may result.

The B.C. government paid \$187,000 to members of the Squamish Indians to vacate in 1913 and then found the dominion department of Indian affairs refused to give up the title to the reserve on the ground the Indians were not competent to act for themselves. The Indians have since asserted their right to return to the reserve if they wish but the province still thinks it should have something for its money.

G. G. McGeer, retiring Vancouver mayor, pushed a plan for a vast athletic stadium on the property and even had blue-prints made.

The Indians, uneasy, threatened to migrate back to protect their rights if Chief Tlassala (the Sun from the East), as Mayor McGeer was named during the gold jubilee celebrations, tried to buy the \$1,500,000 "longhouse."

ALSO TO DATE OF THIS LETTER

PB CALGARY, ALTA., December 7th, 1935.

Dear Doctor McGill:

I beg to acknowledge receipt of your personal letter of the 3rd instant, and wish to thank you very much for your congratulations. I am naturally very pleased to get this recognition. At the same time I want you to know that the four and a half years I have spent in this province are amongst the happiest days of my life: I have had splendid co-operation from the staff, and during this time also my relationship with yourself and the Department in general has been very happy. I trust this will continue when I get to Ottawa, and I see no reason why it should not.--I do not think either one of us are very hard to get along with!--I wish to assure you of my co-operation when I arrive there: I have only one thought in mind, and that is to render the best service I possibly can.

On receipt of your wire Saturday morning, I called Mr. Schmidt up on the telephone, and at that time he had had no word as to when Doctor Robertson was going to take over from him, but he was going to leave for Calgary just as soon as Doctor Robertson came.

If it meets with your approval, I thought that as soon as I handed over to Mr. Schmidt here I would leave for the East, stopping a couple of days in Regina, as I believe I could give Doctor Robertson instructions that would be of benefit to him in starting out on his new duties. I also want to remain a day in Winnipeg. I might state that my family are going along with me. Mrs. Christianson, as you know, is not very robust, and does not wish to make the journey alone, not being a very good traveller. In this way I would arrive in Ottawa just before Christmas. Doctor Stone and Mr. Cookson were thoughtful enough to write to me, offering to look up a dwelling for me in Ottawa, so that I would have someplace to move into as soon as my furniture arrived. If the above meets with your approval I would ask you to please wire me, as it will facilitate matters very much in carrying out my plans.

Your obedient servant

MONTHLY REPORT OF FT. SIMPSON AGENCY FOR AUGUST 1936.

x x x

All the Indians were delighted to have the opportunity of meeting Mr. Christianson and he had a large gathering of them at the agancy house with the best Interpreter I could provide him with and they had a great time together. I had to go to the hospital at the time and the Indians had him all to themselves for two hours as I came in only at the break up of the meeting. I also enjoyed Mr. Christianson's visit as he was most helpful and sympathetic during his stay here. As we have only a small house, we gave him our maid's bedroom during his visit and Captain Coleman and his engineer Fortey slept on the Murphy and enjoyed it.

TERMS AND CONDITIONS UPON WHICH TELEGRAPH AND CABLE MESSAGES SHALL BE TRANSMITTED AND DEALT WITH BY TELEGRAPH AND CABLE COMPANIES SUBJECT TO THE JURISDICTION OF THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA: PRESCRIBED BY BOARD'S ORDER No. 49274 DATED DECEMBER 5TH, 1932, AND PUBLISHED IN THE CANADA GAZETTE.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages, suffered by the sender to an extent not exceeding \$200, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Il est convenu entre cette Compagnie et l'expéditeur de la dépêche écrite au verso, que la dite Compagnie ne sera pas responsable d'aucuns dommages pouvant résulter de la non transmission ou livraison, ou d'aucune erreur dans la transmission ou livraison de toute dépêche non répétée, que la faute soit imputable à la négligence de ses employés ou non; elle ne sera pas non plus responsable des délais occasionnés par toute interruption dans le fonctionnement de ses lignes, ou des erreurs dans les dépêches chiffrées, de sens obscur, ou rédigées d'une écriture illisible, si ce n'est pour un montant n'excédant pas le prix payé pour l'envoi de la dite dépêche.

Pour éviter tout risque d'erreur, la Compagnie répètera ou réexpédiera toute dépêche moyennant le paiement additionnel de la moitié du tarif régulier et, dans ce cas, sa responsabilité vis-à-vis l'expéditeur n'excèdera pas \$200.00 de dommages-intérêts, s'il y avait négligence de sa part dans la transmission ou la livraison du télégramme.

On peut assurer l'exactitude dans la transmission et la livraison d'une dépêche, par contrat écrit stipulant le montant de l'assurance, moyennant le paiement, en outre du tarif ordinaire pour télégramme réexpédié, de un pour cent du montant assuré, si la distance ne dépasse pas 1,000 milles, et de deux pour cent pour toute distance plus grande.

Cette Compagnie ne sera pas responsable du fait ou de l'omission de toute autre compagnie de télégraphe dont elle jugera nécessaire d'utiliser les services pour faire parvenir une dépêche à destination, mais ne se considérera alors que comme intermédiaire de l'expéditeur, sans assumer aucune responsabilité. La Compagnie assume la responsabilité des dépêches qui lui sont confiées à partir seulement de l'instant où ces dépêches sont présentées et acceptées à l'un de ses bureaux d'expédition. Si une dépêche est apportée à un tel bureau par un messager de la Compagnie, celui-ci agit comme intermédiaire de l'expéditeur. Si une dépêche est communiquée par téléphone à l'un des bureaux d'expédition de la Compagnie, la personne qui la reçoit agit aussi comme intermédiaire de l'expéditeur et a toute l'autorité nécessaire pour consentir à ces dépêches au nom de l'expéditeur. Dans aucun cas la Compagnie ne sera tenue responsable de dommages-intérêts à moins que demande n'en soit faite par écrit dans les soixante jours qui suivront la réception du télégramme pour transmission.

Aucun employé n'est autorisé à changer les conditions qui précèdent.

Dear Mr. Christianson,

I have your letter of June 10th with regard to your trip into the North West Territories.

We had made a request to the Department of National Defence for a plane but to date have received no reply. I had not forgotten the matter and had thought of telephoning you. I shall let you know as soon as we hear whether transportation can be made available by the Department of National Defence. If they cannot supply a plane the trip will probably have to be left over until next year.

Dear Doctor McGill:

I have the honour to acknowledge receipt of your letter No. 4-205 of the 27th instant and note that the Minister has instructed that our establishment in the Northwest Territories be brought within my jurisdiction as Inspector. In this connection I wish to state that I am prepared to carry out the wishes of the Honourable Minister to the best of my ability. I feel that no doubt I shall be able to be of some service to both the Department and the men who are stationed up in that territory, as I am fully aware that where a new man is sent to take charge of an Indian Agency without any previous experience in the work, he usually just blunders along until he attains some experience, and in most cases he merely follows precedents established by his predecessor.

Ever since coming into the Indian Department I have endeavoured to give satisfaction, and wherever my services are of any value to the Department, I am only too pleased to comply with the wishes of my senior officers.

Dear Mr. Christianson:-

The Minister has instructed that our establishment in the North West Territories be brought within your jurisdiction as Inspector. His object and intention is that you should visit our agencies and hospitals on occasions, probably every second year, and report thereon. While I realize that this is adding to your work I feel that it would be in our interests if you could make these inspections, as desired by the Minister. I shall be glad to hear from you before taking formal action.

I note that in September 1932 we sent you a schedule of the Indian Reserves, together with the names of the Indian Agents, Medical Officers and Nurses; this we shall bring up to date for you a little later on when arrangements have been made to take over the work at Fort Good Hope and appoint a successor to Dr. Bourget at Fort Resolution.

It is my intention to visit this district during the coming summer so that it will not be necessary for you to make an official trip until next year at least.

Your letter of August 23rd. came to hand this morning and I regret very much that you are still suffering with your leg. While I can understand that you may feel it is unfortunate that you should be laid up at this time, I hope you will not let worry over the affairs of the inspectorate jeopardize your recovery in any way.

I have placed before the Honourable the Minister your recommendations with regard to Fort St. John and Fort Vermillion; in fact he has been furnished with the full text of your report. I had on a previous occasion mentioned to him the necessity for an agency at Fort St. John, but the question of Fort Vermillion had not come to my attention.

Dear Dr. McGill:-

When I wrote you the last time I was in the office with my leg propped up on a chair. The last spasm I think I attended the office for about ten days. A week ago last Saturday I was taken very sick and had to go back to bed.

The front of my leg, where the infection was, is pretty well all cleared up, but the calf of my leg became very sore, and felt as if the muscles were all swollen up.

I was removed to the Holy Cross Hospital on Monday and Dr. Aikenhead seemed to be puzzled, because he called in Doctors Stanley, McNabb and Fisher. I was all ready to be operated on yesterday morning and Dr. McNabb and Aikenhead came in with their gowns on when they decided to postpone the opening of the leg.

I am at present being treated with hot fomentation every hour. I do not know how long I shall be here. I sincerely hope that it won't be very long.

I am still having my secretary bring down mail and I attend to everything that I possible can.

Sir:

I trust the Department will pardon me for bothering them with personal matters, but it has been brought to my attention in visitting some of the Agencies that a refund is being made to some of the Agents on their payment into the Pension Fund. For instance, Mr. Pugh informed me that during the time he was clerk, when he first commenced paying in, he was charged at the rate of \$40.00 while he was single and \$50.00 after he was married, per month on living allownaces. Since that time he has been advised by the Department that a refund is to be made on his contribution while he was clerk, and that at the present time he is only charged at the rate of \$360.00 per year instead of \$600.00.

I wish to point out that I went into the Department on the 1st of January, 1915, and worked until the end of February, 1916, on a clerk's salary. From that time in 1916 until March, 1919, I was Agent. Is there any rebate coming to me for the time I worked on a clerk's salary, and is there any rebate coming to me on the amount of living allowance I was charged for during the time I was Agent? I would be pleased if the Department would look into this matter and advise me.

Dear Sir:

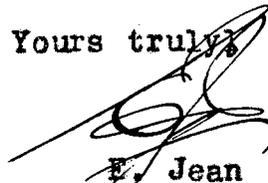

Re Civil Service Superannuation Act, 1924.

In reply to your letter of the 23rd ultimo, I have to inform you that the Department of Justice has ruled that the value of living and residential allowances provided Clerks cannot be considered as part of salary for superannuation purposes.

The Civil Service Commission is taking the necessary action to have the value of allowances furnished officials established by Order-in-Council in accordance with the requirements of the Civil Service Superannuation Act. When the Order-in-Council passes, the Department will have the arrears of contributions on your past service re-computed, eliminating the value of allowances when you were Clerk, Pelly Agency, and changing the value of those received during your period of service as an Indian Agent to conform to the approved rate.

When the amended "Arrears" are approved by the Finance Department, the necessary refund of overcontributions will be made you.

Sir:

I beg to bring to your attention that as far as the northern reserves here are concerned: that is in the North West Territories, I am not in the least familiar with these parts, and we have nothing regarding them on our files here.

Therefore, I think it would help a great deal if the Department would give me what information they have at Ottawa about these reserves. For instance, the names of Department employes there, such as Agent, Medical Officers, Nurses, &c.; the names of reserves and the agencies to which they belong, &c.

It is my intention to visit Fort McMurray as soon as I can arrange to do so, but I may never be able to get to some of the other places. However, I realize that a visit to those places from an Inspector might be beneficial to all concerned. It is nice to know at least what is going on, and the only way a person can do this is to visit the agencies personally.

I shall be glad if the Department will let me have the information asked for at your convenience.

Your obedient servant,

M. Christianson

Dear Mr. Williams:

I shall be very glad if you will direct me in the following: I know that all communications with the Department should be addressed to the Secretary; I am, however, not sure about reports.--In Regina we Inspectors always addressed them to Mr. Graham. Should I in future address them to yourself or to the Secretary?

You might also let me know if there are any other matters which you would like me to address to you. While I was in Ottawa Mr. Ferrier gave me an outline of how he would like the school reports arranged so as to make it more convenient for his department there.

If there are any communications or reports from this office not in the proper form I shall be very glad to follow out any instructions the Department may wish to make in that connection.

NIGHT LETTERS Code, Cypher Foreign languages, etc. will be accepted, in accordance with provisions under rule 4.

APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA UNDER ORDER 162, DATED MARCH 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages suffered by the sender to an extent not exceeding \$200, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

Dear Mr. Williams:

I beg to inform you that I will be leaving Regina the first part of next week for Calgary, and as soon as I get my office located there it is my intention to take a trip around the Agencies, with the exception of the Peace River.

No inspections have been made of the Blackfoot, Blood, Peigan, Sarcee, Stony or Hobbema Agencies since last summer, and as they will be commencing seeding operations in a few days, I am anxious to check up on the work in these Agencies.

I am not moving my family at the present time, as I consider this would be a mistake without first locating a suitable residence. After visiting all the agencies, I will return here for a day or two to make arrangements for shipping my furniture.

Upon receipt of this letter I wouldask that all correspondence be addressed to me at Calgary.

I would appreciate it very much if you would express my sincere thanks to the members of your staff who made my stay in Ottawa so pleasant, and from whom I received nothing but kindness and courtesy.

Personal

Dear Mr. Paget:-

I hope that you will pardon me for troubling you, but, if my memory serves me right, at the time the Pension Act came into force, you wrote me asking for a proof of my age. At that time I informed you that I was unable to furnish this on account of being born in Iceland the the church in which I was baptised having been burnt with all records, and my birth certificate was lost at the time we emigrated to this country. I have been under the impression, for some reason or other, that I was born on the 4th of February, 1879, which I always gave as the date of my birth when necessary. Lately I have been asked by some insurance companies, with whom I carry insurance, for proof of my age, and I have taken every means that I possibly can to ascertain my proper age. From the best information I can secure, I find that I was born on the 4th of February, 1880. This was what my mother always claimed, and I have always known that I was two years older than my only sister. I happened to be in Winnipeg during August, and was at her place on her birthday, and she was then 49 - that would make me 51 at the present time, instead of 52. I have taken an affidavit to that effect to furnish to the insurance companies, which they have accepted.

In the event of being able to finish out my time with the Indian Department, a year will make a difference as to the time of retirement, and I would therefore be very glad if you could get this straightened up in the records of the Department.

I can assure you that I would like very much to meet you some time before we pass out of the picture. Thanking you in anticipation, and hoping that this will find you in the best of health, I remain,

Dear Mr. Christianson:

I am in receipt of your letter of the 13th instant.

You refer to Insurance Companies requesting proof of your age. If the date of your birth has been accepted by them as February 4th, 1880, I would suggest that you obtain a certificate from one of the Companies to that effect.

I think the Finance Department would accept such a certificate as proof of your age.

ALSO TO DATE OF THIS LETTER

Dear *tim* Mr. Paget:-

I have to thank you for your letter of the 10th instant, File No. 129-204, with copy of letter attached from the Dept. of Finance, in connection with affidavit of age, and I note from their letter that they request further information. I will endeavour to make my statement as clear as possible.

I might state that I left home when I was around 13 years of age; from that time on I always earned my own living, and was only home at short intervals. You are aware that very often a boy of that age does not know very much about his age or gets mixed up about it, and at that time I was very small for my age, and probably tried to make myself older than I actually was. My father died, I believe, in the fall of 1902 and my mother died in 1920. While visiting her on one occasion about 15 years ago, the matter of my age came up, and at that time, I remember distinctly, she informed me that I was making myself a year older than I really was - that I was born in 1880. I really did not give the matter any further thought until some time ago, as I said in my previous letter, when some of the insurance companies wanted proof of my age. I have already informed you what took place when I happened to be in Winnipeg last August - that I was there at the time of my sister's birthday, and she was then 49; I have always known that I was 2½ years older than my sister. This is all the information I can furnish, and having never lived amongst my own countrymen, there are none that I know of who could certify as to the correctness of my statement.

If it is necessary to leave my age as it was, that is to say, 52 (February 4th, 1879), I will naturally have to abide by that decision.

Thanking you again for your interest in the matter, I remain,

Dear Sir:-

Re: Superannuation Act 1924.
Mindy Christianson. File #7821

I have to acknowledge receipt of your letter of September 22nd enclosing a further declaration from the above with respect to the date of his birth.

Before accepting this second declaration as proof of age, I have to request that you obtain further information from Mr. Christianson with regard to the following statements:

In his declaration of November 26th, 1925, he states that both his parents are dead, and that he has always understood that he was born on the 4th of February 1879.

In his declaration of September 17th, 1931, he states that he was born on the 4th of February 1880, and that his knowledge of this date is based on information given to him by his mother.

If the last statement is correct, why did Mr. Christianson state on November 26th, 1925, that he understood that he was born on February 4th, 1879 ?.

This is a very important matter as the date of birth will affect the rate of contributions to be paid on non-contributory service, and also the date on which Mr. Christianson will be eligible to retire.

-2-

So we hesitate to accept this second declaration
without further explanation and corroboration

Yours truly,

For Chief Accountant.

ALL MESSAGES ARE SUBJECT TO THE FOLLOWING CONDITIONS, WHICH HAVE BEEN APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA, UNDER ORDER 162, DATED MARCH 30, 1916.

It is agreed between the sender of the message on the face of this form and the Company with which the message is filed that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of, any unregistered telegram, whether happening from any cause whatsoever and whether by the sender or otherwise, or for delays from interruptions in the working of its lines, for errors in cipher, or of care messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the said Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the said Company shall be liable for damages suffered by the sender to an extent not exceeding \$200.00, due to the negligence of the said Company in the transmission or delivery of the telegram.

Corrections in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 100 miles, and two per cent. for any greater distance.

The said Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The said Company shall not be responsible for messages when the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the said Company's employees, he acts for that person in the same manner, if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to do so to that conclusion. For the same reason the said Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the said Company shall vary the foregoing.

THE CIVIL SERVICE SUPERANNUATION ACT, 1924

Form to be completed by persons who elect to come under the Provisions of the Act

INSTRUCTIONS FOR COMPLETING THIS FORM

1. Read carefully these instructions and the Form following before attempting to complete the same.
2. This Form is to be completed in triplicate and two copies returned to the Department of Finance, Ottawa, in an envelope marked "Superannuation Fund"; the third copy should be retained so as to facilitate any necessary correspondence in regard thereto at a later date.
3. In answering questions 9 (d) and 10 (c) on page 2 of this form, and in filling in the details called for on page 3, you are particularly requested not to trouble the officials of any Department for information. If many civil servants were to do so an impossible situation would be created, in some Departments at least, by reason of the amount of work which would be thrown on the officials within a short time. It is desired that you set down from memory, and from such sources of information as may be available to you personally, the best estimates and approximations you can make. Whether you elect in 9 (c) or 10 (b) to contribute in one lump sum or in instalments, the estimate you make will be temporarily deemed to be accurate, and thus your rights and privileges under the Act will be conserved the same as if information accurate in every respect were furnished herein. As soon as correct information can be obtained from official records, an adjustment will be made, including interest at 4 per cent, in respect of any underpayment or overpayment of contributions made under the Act of 1924 as a consequence of any inaccuracy in the estimates and approximations given herein. Even should you furnish accurate figures they will necessarily be regarded as estimates until the official computations have been made.

*The instalments will be payable for an integral number of years equal to the difference between age 65 and age as at birthday nearest to date of first instalment payment or until prior death.

NOTE.—For larger or smaller amounts than \$1,000 in the sum due, the instalments will be pro rata to the above. If any contributor should desire to pay in instalments for any other term of years than stated above, the amount of the instalments will be furnished on application to the Department of Finance.

Example of the use of the above Table. Assume the amount to be paid in one lump sum is \$1,237.41; that the age of the civil servant is 53 years nearest birthday; that option No. 2 (10 years) is selected; then on the line opposite age 53 and in the Option 2 column will be found the monthly contribution per \$1,000 to be contributed, namely, \$11.16. The monthly contribution for \$1,237.41 would be 1,237.41 x 11.16 = \$13.81. In event of death during the ten year period no further payment would be required.

Sir:

I have to acknowledge receipt of your letter No. 427051-113 of the 13th inst. in which you advised me that a Certificate of temporary appointment in favor of Inspector Christianson has been received from the Civil Service Commission, covering a period taken from April 19th to July 13th, at a salary of \$3000.00 per annum.

As I am in receipt of an intimation from the Deputy Superintendent General, under date of July 23rd, that a Certificate of temporary appointment in favor of Mr. Christianson as Inspector of the Indian Agencies, grade 3, had been received, I do not understand the significance of your intimation of the receipt only of a Certificate of temporary appointment.

In regard to the question of salary, I understand that Mr. Christianson has been receiving a monthly cheque for \$240.00, whereas he should be receiving \$250.00.

The age limit does not apply to persons who have seen active service overseas, but returned soldiers must furnish a certified copy of their discharge certificates, or in the case of commissioned officers, a certified statement of their military service.

Application forms properly filled in must be filed in the office of the Civil Service Commission not later than June 24th. Application forms may be obtained from the office of the Employment Service of Canada, or from the Secretary of the Civil Service Commission, Ottawa.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 25th June, 1921.

PRIVY COUNCIL
CANADA.

555118

The Committee of the Privy Council have had before them a report, dated 14th June, 1921, from the Superintendent General of Indian Affairs, submitting that the supervision of the work of the twenty-eight Agencies in the Provinces of Manitoba, Saskatchewan and Alberta has necessitated, in the past, a staff of seven Inspectors with Headquarters at Winnipeg Manitoba, Regina, Saskatchewan, and Red Deer, Alberta. Last year's estimates provided for the following Inspectors:

W.M.Graham, Indian Commissioner, Regina....	\$4800
J.A.Markle, Inspector, Grade 2, Red Deer....	2880
M.Christianson, Inspector, Grade 1, Regina...	3000
W.Murison, Inspector, Grade 2, Regina.....	2400
J.R.Bunn, Inspector, Grade 2, Winnipeg.....	2640
J.Semmens, Inspector, Grade 1, Winnipeg.....	2280
S.J.Jackson, Inspector, Grade 1, Winnipeg....	2280

During the last few months the Department of Indian Affairs, with a view to economy and to the efficient carrying out of the public business, has placed on the retired list Messrs. Markle, Jackson and Semmens, the latter of whom has since died. This has left an inadequate staff to deal with the work involved, and the Department now proposes a readjustment of the staff, to cope with the situation. It is proposed to re-adjust the staff as follows:-

W.M.Graham, Indian Commissioner, Regina....	\$4800
M.Christianson, Inspector, Grade 3, Regina.	3000
W.Murison, Inspector, Grade 3,.....	3000
J.R.Bunn, Inspector, Grade 2.....	2640
One Inspector to be appointed, Grade 2.....	2400

Under the old system, the expenditure for salaries involved an item of \$20,280, and under the proposed system the expenditure for salaries will be reduced to \$15,840.

-2-

It will be noted that this re-adjustment involves the promotion of Mr. Murison from Grade 2, with a minimum salary of \$2400 and a maximum of \$2880 to Grade 3, Inspectorate with a minimum salary of \$3000, and a maximum of \$3300. It is proposed to appoint one Inspector, Grade 2, at the minimum provided by the Classification in place of the three Inspectors retired, thereby effecting the saving previously shown.

The Civil Service Commission requires that, before a position is classified, the authority of Your Excellency in Council be obtained to establish the position.

The Minister, therefore, recommends that authority be granted for the establishment of the position of Inspector, Grade 3, from 1st April, 1921, being the position to which Mr. Murison will be promoted.

The Committee concur in the foregoing recommendation and submit the same for approval.

Rodolphe Boudreau,
Clerk of the Privy Council.

Ottawa, July 8, 1920.

Dear Mr. Foran,-

I am sending you herewith the applications for the following temporary appointments:- M. Christianson, Inspector of Indian Agencies, (Grade 3) with headquarters at Regina; W. Murison, Inspector (Grade 2) also with headquarters at Regina; and J.B. Hardinge as Indian Agent (Grade 5), Touchwood Agency, with headquarters at Punnichy.

In explanation I may say that Mr. W.B. Crombie who was Inspector (Grade 3) resigned and Mr. Commissioner Graham reported that in order to carry on the work it would be necessary to fill this vacancy immediately as an emergency appointment. Mr. M. Christianson, Inspector, (Grade 2) had been attached to the Commissioner's Office at Regina for some time and was the only one conversant with the work. He was, therefore, instructed to act in Mr. Crombie's place until a permanent appointment could be made. At the request of the Department the Board of Representation recommended to the Commission a few days ago the permanent appointment of Mr. Christianson, which I presume will be carried into effect. I am sending you the application for his temporary appointment to date from June 1st, until he is made permanent. This left the position of Inspector (Grade 2) vacant and Mr. W. Murison, Indian Agent at the Touchwood Agency, was instructed to act temporarily. In order to carry on the farming and other work at the Agency the Commissioner reported that Mr. Murison's vacancy should be immediately filled as an emergency appointment, and Mr. J.B. Hardinge, a returned soldier was recommended as possessing the requisite experience and knowledge to satisfactorily perform the duties. He has been acting as Indian Agent since June 1st, the date upon which Mr. Murison assumed the duties of Inspector at the Regina Office.

I shall ask you to advertise the position of Inspector (Grade 2) as soon as I receive notification of Mr. Christianson's appointment but I do not think that it would be advisable to advertise the vacancy of Indian Agent at the Touchwood Agency until Mr. Murison's promotion is finally dealt with, and until such time as we have an opportunity of ascertaining the degree of success with which Mr. Hardinge has carried on.

Yours very truly,

Duncan C. Scott,

Ottawa, May 29th, 1920.

Dear Mr. Graham,-

I beg to confirm my telegram to you of the 22nd of May, as follows:-

"We approve of the transfer of Agent Murison to your office as a prospective appointee to the position of Inspector. The vacancy occasioned by Crombie's resignation will be advertised at once by the Commission, and all our Inspectors and any other of our eligible officers will have the right to apply for this position so that Murison's transfer does not give him precedence over Christianson or any one else. I will write you as soon as possible so that there may be no doubt as to ~~xxxx~~ how the matter stands. Have you any suggestions to make with reference to the vacancy at Touchwood."

And to say that I have to inform you that the position vacated by Mr. Crombie is classified as Indian Inspector, Grade 3, salary \$3,000 with increases of \$120 per annum up to \$3,240; and Christianson's position is classified as Indian Inspector, Grade 2, salary \$2,400 with annual increases of \$120 up to \$2,880.

Mr. Christianson might very well look forward to promotion and Mr. Murison take the junior position. I would like to point out that Mr. Murison will not be benefited by the change. He is at present classified as Indian Agent, Grade 5, with a minimum salary of \$1980; of course either the whole or a part of the value of the prerequisites may be deducted from this salary, but even under the present circumstances he is receiving \$1400 in cash with a free house, rations, light and fuel. If he were transferred to Regina it would be necessary for him to pay rent and he would not receive the rations provided for the Agent.

I think it would be advisable to have him thoroughly understand the situation before the transfer is made.

Yours very truly,
Duncan C. Scott,
Deputy Superintendent General.

ALL NIGHT LETTER MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS WHICH ARE HEREBY AGREED TO

The Great North Western Telegraph Company will receive not later than midnight **NIGHT LETTERS**, to be transmitted only for delivery on the morning of the next ensuing business day, at rates still lower than its standard night message rates, as follows: the standard day rate for ten words shall be charged for the transmission of fifty words or less, and one-fifth of such standard day rate for ten words shall be charged for each additional ten words or less. The minimum charge for any **NIGHT LETTER** will be twenty-five cents for fifty words or less.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

In further consideration of the reduced rate for this special "**NIGHT LETTER**" service, the following special terms are hereby agreed to:

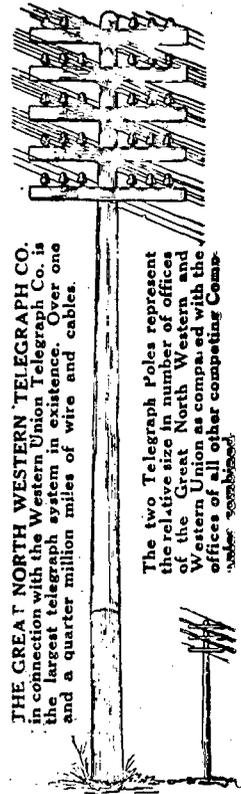

A. **NIGHT LETTERS** may at the option of the Telegraph Company be mailed at destination to the addresses and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such **NIGHT LETTERS** at destination, postage prepaid.

B. **NIGHT LETTERS** shall be written in plain English. Code language is not permitted.

Mr. Scott

My Dear Mr. Scott,-

I am in receipt of your letter of the 18th instant with reference to the matter of an increase of salary for Inspector Christianson and the promotion of Mr. Murison. Your letter is the first intimation I had that Mr. Christianson is in a different grade to that of Mr. Crombie. I am strongly of the opinion that all Inspectors in this Province should be in the same Grade, for the reason that all are called upon to do the same class of work. Besides it would give me a free hand at any time to use any one of them for special work I might consider them best fitted for, regardless of their standing.

You will also agree with me, I think, that the maximum salary of an Indian Agent of the highest grade should not be greater than that of any Inspector, which is a senior position. This situation exists to-day at several Agencies, as the Agents at Blackfoot, Touchwood and Broadview are better off to-day than an Inspector, when you take into consideration their allowances.

My suggestion is that all Inspectors in Saskatchewan and Alberta should be placed in the same Grade, No. 3, and if you agree with me, this could be brought about by giving Mr. Christianson \$3000.00 now and only advertising the position vacated by Mr. Crombie. Then if Murison were appointed he could draw the minimum salary attached to such position, which I presume would not be less than Christianson is drawing to-day.

Although Mr. Christianson does not possess the same qualifications as did Mr. Crombie, he is in many ways a more valuable man to me as he has a much better knowledge of farming and outside work, whereas Mr. Crombie was more of an office man.

Dear Mr. Graham,-

I have your letter of the 5th enclosing a communication from Mr. Christianson in which he makes application for an increase in salary.

I would like to point out that if the Bill which has been introduced into Parliament carries it will ante-date the Classification to the 1st of April of last year. If this occurs, Mr. Christianson could be paid at the rate of \$2520 from the 1st of April, 1920, with annual increases of \$120 until the maximum of \$2880 is reached.

I think that Mr. Christianson should apply for the position of Inspector of Indian Agencies, Grade 3, which vacancy was caused by the resignation of Mr. Crombie, and which is being advertised by the Civil Service Commission. I appreciate that he might not be able to fulfill all the duties performed by Mr. Crombie, but it must be remembered that he has been a long time in the Service and has earned the right to promotion.

Mr. H. J. ...
Memorandum, -

Mr. Scott.

Mr. Christianson is now paid at a salary rate of \$2400 and an allowance of \$400 for rent, etc. He is classed as Inspector, Grade 2, which salary is from \$2400. to \$2880. There is nothing in the classification which will prevent your giving him his allowance of \$400 or the equivalent in rent, light, heat, etc., in addition to the salary which may be paid to him under classification. ||

I would like to point out that all these questions of increases may be held in abeyance until we know whether Bill 53, which is intended to ante-date the classification to the 1st of April, 1919, is going through. If this goes through it will mean that Mr. Christianson may be paid at the salary of \$2400 from the 1st April 1919, and if you desire he may be paid at the rate of \$2520 from the 1st of April of this year.

All these salary questions are similar and they all depend upon whether or not Bill 53 passes. The only possible reply to all these letters is, that a Bill has been introduced into Parliament intending to ante-date the classification; that this Bill has not as yet been passed but when it is passed the matter will be dealt with.

Dear Mr. Scott,-

I am enclosing a letter I have received from Inspector Christianson regarding an increase of salary. I consider his request very reasonable and would be very glad indeed to have it granted, as I am afraid we cannot hold men of his ability and value in our Department for the salary we are paying. He has rendered valuable and painstaking service.

Yours very truly,

W.M. Patterson

D.C. Scott, Esq.,
Indian Agent,

Regina, Sask. May 5th, 1920.

Dear Mr. Graham,-

I beg to inform you that owing to the high cost of living in Regina I find it impossible to live on my present salary. When I was at the Agencies I was always able to make both ends meet by being economical, but this I find impossible to do here. I am attaching hereto a statement which shows what it has cost us to live per month on the average during the last six months. You will note that there are several items of expenditure which I have not added to the statement, such as car fare, clothing, Doctor bills, amusements and several other items of small expense which a man is called upon to make in the City.

Now Mr. Graham, when I say that I find it impossible to live on my present salary, the Department might say that I am living too extravagantly. Now I can assure you that such is not the case. As you know, I have a wife and three children to support and Mrs. Christianson has been sickly for several years, which necessitates us keeping a maid. Our table expenses are kept down as low as possible and we certainly have not spent money on amusements, as on only one occasion since I came to Regina have I taken my family to the theater and have spent practically no money in the way of clothing for either myself or family, for the simple reason that we could not afford it. We have had to get along as best we could with what we did have. As you are aware, I have had a lot of sickness in my family for the last two or three years and had it not been that I had some private means, I would have been hopelessly in debt, but to "keep even with the board" I have disposed of everything that I had and could do without, as I have always endeavoured to keep my accounts paid up, but I find now that my resources are exhausted and am therefore compelled to ask the Department for an increase in my salary. I might say that the least I can live on if I am expected to live up to the position which I occupy, is \$3600.00 per year. Since first I started with the Department I have given the best service in my power and all I ask in return is a fair living wage.

I trust the Department will see fit to grant my request at an early date, as I am only asking for something which I consider fair and just.

Yours very truly,

Inspector.

Dear Mr. Scott,-

I am in receipt of your letter of the 7th instant, which only reached me to-day, the delay having been in Ottawa before the letter was posted, as it was enclosed in an envelope that contained letters written on the 13th instant.

As you are aware Mr. Crombie has been stationed at Headquarters here for the past two years and has assisted me in all branches of the office work. He very seldom did any outside work, but was a very able assistant and worked hard when his health was good. It is essential for the man who takes over his work here to have a knowledge of Indian work on the reserves besides knowing how to handle correspondence, oversee the book-keeping etc. He should be able to relieve me of all the details and carry on the work during my absence, and thus make it possible for me to spend the greater part of my time on the reserves. I do not know of anyone who is capable of filling this position at present.

The work on the reserves requires a great deal more attention and checking up than it has been receiving. Mr. Christianson was practically the only man available for such inspection work during the past year. Mr. Markle, as you know, has rendered no assistance for some time. The class of men we have been able to engage for positions of reserves has not been very efficient; there have been a great many changes and the work has suffered in consequence. It is absolutely necessary to have more Inspectors in order to keep closer supervision over the work in the field.

I wish to make the following recommendations regarding the assistance I consider it is necessary to have to properly carry on the work.

I should like to have Mr. Murison, of Touchwood, promoted to position of Inspector in Mr. Crombie's place, but not to stay in office here as the latter did. Mr. MacDonald of Battleford, is another Agent I should like to have for an Inspector, and he and Mr. Murison could render excellent service inspecting Agencies as required. Mr. Bunn should be transferred here. He could not fill Mr. Crombie's place, but he could take over part of the work and assist in the office generally. He would have enough to do here to earn his salary and one of the Inspectors at Winnipeg could take charge of the work formerly done by Mr. Bunn. To bring Mr. Bunn up here for a couple of months would be expensive and unsatisfactory. If he is transferred permanently he could be thoroughly initiated into the work and I believe would prove to be of great assistance. The house Mr. Crombie is vacating will be available for him if desired.

With the above changes and a thoroughly competent man to take over Mr. Crombie's work here, to have full charge of the office and carry on business while I am away on Reserves. I think I could manage until August, when Tyacko will, I trust, be replaced by some one who will be of some use.

000311

-2-

It is of the utmost importance that increased assistance be authorized. I cannot ask my staff to keep on over-working and thereby risking their health as they have been doing. It would be unfair to them and not in the best interests of the work, which is increasing all the time and demands more attention.

Yours very truly,

W. M. Graham,
Commissioner.

Dear Sir,-

The Department desires to promote Mr. K. Christianson from the position of Indian Agent for the Qu'Appelle Indian Agency at Qu'Appelle, Sask., where he is in receipt of a salary of \$1400.00 a year, to the position of Inspector of Indian Agencies in Man., Sask. and Alta., at Regina, with a salary of \$2400.00 a year. Mr. Christianson has been uniformly successful since his appointment. He has a grasp of Indian affairs and an understanding of the Indian character that well fit him for the position of Inspector. He was first employed as clerk and farmer in December, 1914, and was permanently appointed Indian Agent for the Pelly Agency on the 17th March, 1916, and by Order in Council of 5th February, 1918, he was transferred to the position of Indian Agent for the Qu'Appelle Agency.

Mr. Graham, since being appointed Commissioner, has had supervision of the general work of the Department in the West, and it is the intention of the Department to maintain him in that position. He has not been and will not in the future be able to conduct any detailed inspections, and the duties which formerly were performed by Mr. Graham as Inspector of the South Saskatchewan Inspectorate will be attended to by Mr. Christianson.

I shall be glad to have a certificate enabling the Department to place Mr. Christianson in the said position of Inspector of Indian Agencies in Manitoba, Saskatchewan and Alberta with salary at the rate of \$2400.00 a year payable from the Vote for "General Expenses, Man., Sask. and Alta."

I may say I arrived here yesterday, and have taken charge.

I left my wife and family at Pelly Agency, and expect to leave them there until such time as we have finished harvest, and commenced threshing operations here.

Should the Department have any special instructions to give me regarding the management of this Agency, I should like to have them at once.

Sir:-

I received your instructions by wire to transfer Mr.M.Christianson, Indian Agent at Pelly, to Qu'Appelle as Indian Agent and to instal Mr.Walls as Acting Agent at Pelly.

I at once wired Mr.Christianson to come down here and I took him to the Qu'Appelle Agency and visited all the Reserves and went into different matters with him.Mr.Christianson is now at Pelly packing his furniture and closing up his affairs.As soon as time will permit, I will go to Pelly and instal Mr.Walls.

In the meantime I must impress upon the Department the importance of giving Mr.Walls clerical help at once, as this is an extremely busy season and there is a lot to do at Pelly.Mr.Jones, who was employed on probation at the Qu'Appelle Agency, is absolutely unfit as a farmer but would make a first class clerk. I would ask for your authority by wire to make this transfer.A clerk will be kept very busy for the next three or four months.The office work at Pelly is in good shape.I want to keep it so, and at the same time keep Mr.Walls in the field where he should be.

Sir,-

I beg to inform you that I have just returned from a trip to the Pelly Agency and a separate report is being forwarded to you.

The object of this letter is to recommend that Mr. Jas. H. Walls, who has been Acting Agent there for the past four months, be appointed Agent. The Department would make no mistake in appointing him to the position at once.

Mr. Walls is doing good work, and, in my opinion, should receive at least \$1200.00 per annum. Even at that rate the salary would be small, but I do not feel like asking for more at this particular time. One Hundred dollars a month is a very ordinary salary and the Department are lucky in getting a man of Mr. Walls' calibre for this money.

I trust the appointment will be made at once, as it will be in the interests of the Department.

NIGHT LETTER

ALL NIGHT LETTER MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS WHICH ARE HEREBY AGREED TO

The Canadian Pacific Railway Co.'s Telegraph will receive not later than midnight NIGHT LETTERS, to be transmitted only for delivery on the following morning, at rates still lower than standard night message rates, as follows: the standard day rate for ten words shall be charged for the transmission of fifty words or less, and one-fifth of such standard day rate for ten words shall be charged for each additional ten words or less. The minimum charge for any NIGHT LETTER will be twenty-five cents for fifty words or less.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

In further consideration of the reduced rate for this special "NIGHT LETTER" service, the following special terms are hereby agreed to:

A. NIGHT LETTERS may at the option of the Telegraph Company be mailed at destination to the addressee and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such NIGHT LETTERS at destination, postage prepaid.

B. NIGHT LETTERS shall be written in plain English or French. Code language is not permitted.

No employee of the Company is authorized to vary the foregoing.

I cannot see even how we can manage without the continued services of the laborer, we have the bulls of Cote And Keeseekoonse Bands to be cared for, hay to be hauled from the meadows for them, ice cut and much other work which the Farmer cannot attend to and visit the Indians as he should, I therefore beg to as that the Department reconsider this matter and allow a Laborer here as in other Agencies.

Sir,—

With reference to the conversation, which I had with the Department, when at Ottawa recently, about the appointment of a Farmer-Clerk, I beg to request that this suggestion be acted on and the appointment made for the coming month of January, if possible, in order that he may become acquainted with his several duties, before the Spring work opens up. The local politicians have had a man in view for a long time, viz: Mr M. Christianson. I might say that Mr Christianson acted for me as Clerk for one month last summer and was a very suitable man. He talks the Indian language, which is very valuable asset to any one in the Indian work. He is a good bookkeeper and has had considerable experience with farming and stock raising so should be a very useful man for this agency. I understand that the local politicians have sent in a recent request that Mr Christianson be appointed at once and I trust the Department will allow the request as we are working short handed and at some disadvantage here now. I have made arrangements whereby I can have a room with either the Clerk or Farmer if this appointment be made, until a new Agent's house is built, and my family can live in Kamsack, where my children are at school, and there will not be additional expense for the Department in this regard.

Referring to the Department's letters No. 211456, of the 24th & 25th inst, re Clerk for this Agency, I beg to say that I have Mr Christianson, of Kamsack, engaged to help me, but it is of very little use to me to have a clerk for one month only. The Department is aware of the fact that the office work is not similar to an ordinary bookkeeper's office work, being chiefly a routine work peculiar to Indian Offices only, and no outsider can go into one of these offices and be able to go ahead with the clerk's duties, as he would in a business office as bookkeeper. It takes a few months before he gets on to this routine, and for the first month, at least, I will have to be alongside him, directing all the work, which will take me as long, if not longer, than it would to go ahead and do it myself. The other agencies, with as large an outside staff, and with no more work, have clerks and I think with all the extra work in sight, re land sale annuities, interest payments, new buildings and loss of the Farmer at Keeseekoonse Reserve I should in fairness to myself have a clerk for a year at least. I therefore beg the Department to reconsider its decision and allow Mr Christianson to be kept on as Clerk here.

Ottawa, 24th March 1914.

Sir,-

With reference to your letter of the 17th March, and the request you have made for the services of a clerk; I beg to say that the Department is of the opinion that it will not be necessary to make the appointment which you propose. There has been an unusual amount of work at your office consequent upon the surrender of land, ^{small part, burning of office etc} but in future the work will be lighter and as you have ample assistance in connection with the outside work of the Agency, it is thought you will be able to attend to the office work without the services of a clerk. In arriving at this decision the Department has given very careful consideration to all aspects of the case and it is hoped that you will be able to carry on all branches of work in your Agency in a satisfactory manner.

Your obedient servant,

W.C. Blewett Esq.,
Indian Agent,
Kamsack, Sask.

Asst. Deputy and Secretary.

Mr. Scott:

With reference to Mr. Blewett's application for a Clerk, I beg to say that the staff at present at this Agency comprises the following in addition to the Agent, viz:-

Farmer Anderson,	Cote's Reserve,
" Dixon,	Keeseekoose "
" Mills,	Key's "
Ed. Cote, a labourer, Cote's Reserve.	

In September last Mr. Blewett wrote to the Department as follows:-

"When here last month Inspector Graham advised the return of
 "a labourer and the dispensing with the Clerk as a better plan than the
 "present one. He suggested that the Farmer help me at each month end and
 "that I could do the rest. I beg to say that this plan would, I think, work
 "out well, as I do now all correspondence and most of the reports, etc. myself,
 "the Clerk can easily do his share in one day a week. The Farmer could in
 "that way help me when necessary and not interfere with his duties, and at
 "the same time fit him for an Agency, if he is capable.

"The Clerk here is not a book-keeper by any means, but he is
 "a skilled blacksmith and might be more useful in some other Agency. I ex-
 "pect Mr. Graham has taken this up with the Department as it was discussed
 "fully when he was here.

"In this way the question of my house could be overcome, as I

should use the one now used by the Clerk, for the winter at least, and by "addition to it, for years yet.

"I beg to be allowed the Labourer starting October 1st to give the Farmer a better chance. Also that the Department will consider the other "points in question".

In consequence of this report and the recommendation made by Inspector Graham that a Clerk was not necessary for the amount of work required to be done in the Pelly Agency office, no one was appointed in Mr Love's place when he resigned the clerkship, but the Agent was given, as requested, an Indian labourer.

The Agent, as you are aware, is at present residing in the Clerk's house. If that house is not available for his residence it will be necessary to build an Agency house.

It is true that there has been an unusual amount of work at this Agency in consequence of land surrendered and the burning of the Agency office, but this is only a temporary state of affairs and will not continue. I can, therefore, see no necessity for the reappointment of a Clerk. The Agent has ample assistance in connection with the outside work of the Agency and 'two days' work in the office each week should suffice for the clerical work, giving him the balance of the time to visit the various reserves.

Accountant.

J.M.
Mr. Payer. For report

H.S.P.

I beg to request that I be supplied
 Clerk for this Agency. True I stated last fall that
 could do the work myself, and that the Clerk at that
 time had very little to do, but there have been seven
 things happen since then, which have changed matters
 very considerably. Almost immediately after Clerk
 resigned I had the land surrender to deal with, with its
 accompanying accounts etc to look after. The Department
 will remember that in November & December last, I had
 while alone, more Cash Book and Ledger work than Love had
 for the ten months previous, but as winter was on I was
 able to do it. Since then I have had two months
 Small pox epidemic, which gave me a very great
 driving and extra work. Then followed the loss
 of my Office. This meant a very great deal of
 work to get all the records and books started up.
 Now spring is here and its accompanying duties which
 take much of my time. Also Interest and Annuity payments
 in the near future mean a deal of office work, with the
 possible sale of land on Cote Reserve to help through.
 These reasons are, I think, sufficient to justify my
 Clerk again. There is a good man
 language, available here now, if I may
 beg to urge that he be appointed at once
 Mr M. Christianson, of Kamsack.
