Please find attached the revised versions, in both French and English, of the Special Agreement and the Centralta Agreement. They are in Rich Text Format so I am hoping that you'll be able to open them in whatever program that you use. Please let me know if you are unable to. I have sent the bilateral agreement by fax as I am unable to convert it into Rich Text Format.

For the Special Agreement, you will note that I have made changes to Clause 3.5 as per our teleconference with the note that Canadian Heritage will review once the documentation about the Funding Manual has been received and reviewed. Other changes made include Clause 8.3 (discussed at the teleconference), Clause 9.2 (for your review), Clause 15.1 in English only (for your review) and Clause 1.1 (b) of Schedule 1 (as discussed at the teleconference).

For the Centralta Agreement, I reviewed the tables at the end and I have changed the English to reflect the French as the English referred to 1999-2000 but the agreement is for 2000-2002. Could you please review and let me know if there should be any changes. For example, did WED provide funding in 1999-2000 or 2000-2001? Your assistance on this would be greatly appreciated.

With regard to the draft detailed activity report, there are a few changes that Canadian Heritage would like to make but it should be ready early next week at which time I will send it to you.

Yesterday, I sent to you by e-mail Canadian Heritage's comments regarding the Preface. I hope that you have received them.

If you have any questions or need to discuss anything, please do not hesitate to contact me.

Subject: IMPORTANT : TITRE DES ENTENTES SPÉCIALES LOE

Pour harmoniser le titre de l'entente spéciale LOE avec celui de l'entente bilatérale LOE, je proposerais que pour toute entente spéciale, on adopte le titre suivant :

- **Entente spéciale Canada - (Province) sur des mesures d'investissement relatives à la qualité de l'enseignement dans la langue de la minorité**
- **Canada - (Province) Special Agreement on Investment Measures for Quality Education in the Language of the Minority**

Ceci a comme effet de raccourcir le titre qui est déjà très long : bref, on enlèverait la référence à "entre le gouvernement du Canada et le gouvernement de (Province)" en français, comme en anglais.

This is to confirm our telephone conversation yesterday regarding the changes made to Clause 9.2 (which were discussed at the teleconference). Given the changes made to this clause, which now includes a reference to a final detailed report being provided no later than December 31, 2004, we would propose to remove paragraph 1.2 of Schedule 1 as it says the same thing. Do you agree?

Subject: IMPORTANT : ENTENTE SPÉCIALE LOE

Bien vouloir noter que pour des besoins de clareté et de précision, pour l'entente spéciale, il faudrait apporter un changement en ce qui concerne **la deuxième clause portant sur l'Évaluation, et la clause 1.2 de l'Annexe I, Modalités administratives.**

La deuxième clause portant sur l'Évaluation se lirait comme suit :

"La (province) convient de fournir au Canada un rapport final détaillé sur les activités réalisées dans le cadre de son plan d'action (Annexe 2), y compris une évaluation des résultats atteints. Ce rapport doit être fourni au plus tard le 31 décembre 2004."

"(Province) agrees to provide to Canada a final detailed report on the activities undertaken within the framework of its action plan (Schedule 2), including an evaluation of the results achieved. This report shall be submitted by December 31, 2004 at the latest."

On devra abolir la clause 1.2 de l'Annexe 1, Modalités administratives, puisque l'information est maintenant contenue dans la clause Évaluation ci-haut.

Note à l'attention de Nicole : m'en parler en ce qui concerne l'Ontario, svp.

Canada-Alberta Special Agreement

- ✓ • 2nd Whereas: replace “is therefore entitled to....” and revise to read: “...Alberta determines the objectives, defines the content and establishes and evaluates the priorities of its minority-language educational programs” **DONE**
- ✓ • Clause 2.2: Revised to read “...Alberta's desired outcomes...” **DONE**
- Clause 3.4: PCH has made a change to the provincial contribution to reflect the fact that 1999-2000 is not in the action plan and to reflect Clause 3.1, the federal contribution. If you agree, Clause 3.4 will now read:
“....in accordance with the following schedule. As well, Alberta has approved a contribution of \$3,005,175 for 1999-2000.”
- Clause 8.3: The first line should refer to Clause 8.2, instead of 7.2. Subsection (b) of this clause is unclear. To whom does the phrase “no expenditure shall be made after the date of expiration” refer? Does it refer to the federal government support?
This means that the federal government will not make any more payments for expenses incurred once the agreement expires.
- ✓ • Clause 9.2: The wording “evaluation” of the activities was not agreed to on the October 27 conference call. The clause should revert to the October 31 wording “on the progress made on the activities”. **DONE**
- ✓ • Clause 10.1: could we get clarification as to what types of groups would be consulted?

Please refer to Clauses 8.2 and 8.3 of the Protocol. It would be groups that would have an interest in such an agreement. The province is in the best position to determine which ones.

- ✓ • Signature block: It should read “Approved pursuant to the Government Organization Act” and “Minister of International and Intergovernmental Relations”. **DONE**
- ✓ • Sch 1, 3.3: The new phrase should be replaced with the wording agreed to on the October 27 conference call. That is, “*The activity reports referred to in clause 1 of this Schedule shall contain a detailed description of the activities referred to in the Alberta Action plan (Schedule _)*”. **DONE**

✓ Paragraph 15.1 in English only

See 3.5 changes
* Gerard will send schedule

✓ Clause 9.2

Since the October 27 teleconference, the bilateral and special agreements have been reviewed thoroughly internally at Canadian Heritage (PCH) and several changes have been requested to ensure consistency in both agreements and to ensure some consistency between the Special Measures agreements being prepared by Canadian Heritage. These changes include those below.

- ✓ • Clause 5.1 ("in accordance with the federal and provincial budgetary breakdowns provided for in this Agreement") is new. While they don't substantively affect the meaning of the agreement, is there an explanation for the need to include them?

This was in a previous version and PCH suggestion was that it remain once a paragraph outlining provincial funding was included.

- ✓ • Clauses 6.2 and 6.3: Again these are new and were not discussed on the conference call in October. What is the need to have them included?

To ensure consistency with Schedule A, Section 1 of the Bilateral Agreement

- Sch 1, 1.1(b): this was not agreed to on the October conference call. Please revise to read "receipt and acceptance.....where necessary, *provided that the intended activities* for the previous payments have been met". **The wording needs to be kept as is as PCH is not referring to the activities; rather, this refers to all requirements of previous payments (i.e. as outlined in 1.1 (c)).**
- Sch 1, 1.1c(iii): Remove the word "detailed" from the description of the report. Again, this was not included in the October 31 draft.
- Sch 1, 1.2: Remove the word "detailed" from the description of the report and also a typo: should be a space between "actual" and "expenditures".

For the two previous comments, although Canadian Heritage (PCH) has not yet adopted a format for this report, PCH will require a *detailed* report that closely follows the action plan. This report will include the activity, the cost of the activity, the results achieved and the performance indicators that were used. There may be other information required as well but this is yet to be determined.

- Sch 1, 2.1: The new phrase "provided that these transfers do not call into question the achievement of the results set out in the action plan." should be removed. It was not agreed to on the October 27 conference call

Canadian Heritage would like to leave this in as PCH would like to ensure that if transfers are permitted, the results set out in the action plan will still be achievable.

In addition, Canadian Heritage should be replaced with "Canada", in the phrase "Alberta shall present the appropriate request to Canada before of the fiscal year in question." **DONE**

7. DURATION

- 7.1 This Special Agreement between Alberta and Canada is valid for the period commencing April 1, 1999 and ending March 31, 2004, and all of the contributions to be paid by Canada pursuant to the present provisions, shall cover only the activities carried out and the expenditures made by Alberta during the said period in terms of Alberta's Action Plan.

Ah! oui! Encore l'entente spéciale!

Voici ce que je propose (à insérer après la clause «MONTANT MAXIMAL DE LA CONTRIBUTION») :

4.1 Aux fins de la présente entente, les dépenses admissibles pour chacune des activités énumérées au paragraphe 2.1 pourront comprendre, entre autres, les salaires et avantages sociaux, les honoraires professionnels, les frais d'administration, les dépenses liées à l'achat ou à la location de matériel et d'équipement essentiels, à l'acquisition et à la production de matériel pédagogique ainsi qu'à la formation.

4. ELIGIBLE EXPENDITURES

4.1 For the purposes of this Agreement, the eligible expenditures for each activity listed in Clause 2.1 may include, among others, salaries and benefits, professional fees, administrative fees, costs associated with purchasing or renting essential material and equipment, with producing and acquiring pedagogical materials and with training.

Subject: SA MAJESTÉ!

Je viens d'avoir une longue conversation avec Thérèse Laberge et cette dernière me confirme que les ententes doivent être conclues entre Sa Majesté la Reine du chef du Canada, ci-après appelée «Canada», représentée par la ministre du Patrimoine canadien et Sa Majesté la Reine de (nom de la province), ci-après appelée (nom de la province), représentée par (Her Majesty the Queen in Right of name of (Province), hereinafter referred to as "Province", represented by...)

Pour ce qui est des territoires, elle nous (nous= Barbara, Micheline et Roseline) demande de vérifier auprès de nos interlocuteurs pour savoir quelle est leur appellation juridique. En d'autres mots, quel libellé utilisent-ils dans leurs contrats? Thérèse ne sait pas si le fait qu'ils ne sont pas des provinces les diffèrent des provinces lorsqu'il s'agit de leur appellation juridique. Si vous n'arrivez pas à trouver, informez-en Thérèse et elle fera la recherche pour vous.

Pour ce qui est des signatures, Thérèse est d'accord pour qu'on dise »Au nom du Canada» et «Au nom de (Province)» «On behalf of Canada» «On behalf of (Province)» étant donné que Sa Majesté est «ci-après appelée Canada et Province»!

Y comprenez-vous quelque chose?

Subject: Entente spéciale

1°- Deux oubli à la version anglaise (ils ont été rectifiés dans le «model») :

Paragraphe 2.1, Annexe 1

...with the authorization in writing of Canada, provided that these transfers do not call into question the achievement of the results set out in the Action Plan (Schedule 2).

Paragraphe 3.3, Annexe 1

...shall contain a detailed description of the activities carried out within the framework of the Action Plan (Schedule 2) and of the ensuing outcomes.

2° Le texte des ententes doit être adapté en fonction de la structure du plan d'action provincial. Celui de l'I.-P.-É. (modèle) propose six grandes activités. C'est pourquoi le texte de l'entente parle d'activités, de transferts entre activités. D'autres plans provinciaux proposent x nombre de grands objectifs à l'intérieur desquels se trouvent des activités. Le cas échéant, il faudra parler d'objectifs, de transferts entre objectifs, etc.

MERCI BARBARA!

PCH Comments for the Canada-Alberta Special Agreement for the Development of Francophone Minority Education

✓ Would it be possible to ensure that *Official Languages Act* and the *Canadian Charter of Rights and Freedoms* are italicized?

Page 2 "in facilities owned by the minority" add to pgh. 3

Paragraph 4, which refers to the Supreme Court of Canada's ruling on Section 23: Why do you want remove this paragraph. PCH would proposed that it remain in the agreement.

Paragraph 8: We believe it is important to retain the wording about "quality" of programs and the "network of post-secondary institutions." We would also propose a change of wording to: "Whereas Canada has approved a new series of Special Measures designed to further its investment in the quality of educational programs in the language of the minority, to consolidate the network of post-secondary institutions and to promote the learning of the second language.

Page 3 Alberta further out investment in

Paragraph 1.1: PCH would propose that the paragraph be left as it was originally.

✓ Paragraph 2.1: Needs to be filled in.

✓ Paragraph 3.1: PCH suggests that the section that has been deleted should be retained (i.e. "Subject to the appropriation of funds by Parliament.....of this Special Agreement.")

The title of Section 3 is **Contribution of Canada and Alberta**. Therefore, a paragraph outlining Alberta's contribution will need to be added. In the previous version, this was paragraph 3.2.

✓ Although we understand that Alberta will be providing 50% of the eligible expenditures as mentioned in paragraph 3.1, PCH believes that a paragraph outlining how much per year Alberta will be providing is important.

Paragraph 3.5: Could you please put back in the sentence about the total federal contribution totalling \$12,600,000? Also, I note on your changes that you would like to include a sentence about this amount being above that already guaranteed to Alberta through the former infrastructure and minimum guarantee envelopes; this sentence has not been added in the revised version. Do you want to include it?

See change
Paragraph 4.1: Once a paragraph outlining the provincial budget has been added, the end of the sentence can be retained.

- 2 -

✓ Paragraph 5.2: PCH has noted that this section has been completely deleted but believes that the message in this paragraph is important. Perhaps, the wording used in the bilateral agreement could be used in this case (i.e. "Alberta agrees to take all reasonable measures to ensure that the respective contributions of Canada and Alberta are clearly identified" the rest of the sentence could remain as it was originally.

✓ Paragraph 8.2: PCH would like to discuss the proposed changes. *Leave as was progress made*

✓ Section 10: PCH has noted that this section has been deleted completely. However, it is an integral part of all of our agreements and PCH would propose that it be retained.

J'ai revisé l'entente ci-dessous et je propose les changements suivants:

- l'ajout d'une clause concernant les communications entre les deux gouvernements;
- l'annexe "3" devrait être "2" selon la clause 11.

Le restant semble bon.

NOTE À L'INTENTION DE L'HONORABLE SHEILA COPPS

GESTION SCOLAIRE EN ALBERTA

(Pour signature)

RÉSUMÉ

- Les discussions se poursuivent depuis plusieurs mois avec le ministère de l'Apprentissage de l'Alberta afin d'en venir à un accord dans le dossier du renouvellement de l'Entente spéciale de gestion, qui a expiré le 31 mars 1999.
- Dans une lettre datée du 13 mars, la sous-ministre de l'Apprentissage, M^{me} David-Evans, a accepté le niveau de financement ainsi que la répartition annuelle proposés par Patrimoine canadien pour la période allant de 1999-2000 à 2003-2004.
- Le gouvernement de l'Alberta souhaite recevoir un engagement formel de votre part, à cet égard.

Contexte

- La première Entente spéciale de gestion scolaire a expiré en mars 1999. Comme nous n'avons pas encore signé une nouvelle entente, vous avez approuvé, à la fin mars, un montant de 2,8 M \$ en vertu des Mesures spéciales afin de permettre la poursuite, en 1999-2000, des initiatives entreprises selon la première Entente.
- Le 13 mars dernier, la sous-ministre de l'Apprentissage, M^{me} David-Evans, a accepté notre offre de financement ainsi que la répartition annuelle proposée pour la période allant de 1999-2000 à 2003-2004.

.../2

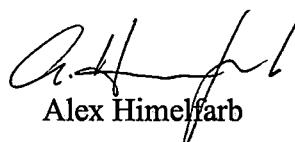

- 2 -

Considérations

- Nous avons offert à l'Alberta un montant de 12,6 M \$ pour cinq ans; de ce montant, 10,7 M \$ proviennent des Mesures spéciales (dont 3,2 M \$ pour le développement de nouveaux programmes à la Faculté Saint-Jean) et 1,9 M \$ vient du financement régulier du Programme des langues officielles dans l'enseignement (PLOE).
- Nous croyons qu'il est important que l'Alberta utilise une portion de son financement régulier pour des initiatives de gestion scolaire et d'amélioration des cours offerts au niveau postsecondaire, étant donné que le financement en vertu des Mesures spéciales se terminera en 2003-2004 et que le gouvernement provincial devra alors prendre la relève à cet égard.
- Nous poursuivons notre travail avec les représentants du ministère de l'Apprentissage quant au plan d'action proposé par l'Alberta. Lorsque nous aurons complété nos discussions, nous serons en mesure de finaliser le texte d'Entente spéciale et de vous le proposer pour signature.
- Entre-temps, le ministère de l'Apprentissage souhaite recevoir un engagement formel de votre part en ce qui a trait au niveau de financement accepté, par lettre, le 13 mars dernier.

Recommandation

- Nous vous recommandons de signer la lettre ci-jointe au ministre de l'Apprentissage de l'Alberta, M. Lyle Oberg, dans laquelle vous confirmez l'engagement financier de Patrimoine canadien jusqu'en 2003-2004, pour des initiatives de gestion scolaire et d'enseignement postsecondaire pour la minorité de langue officielle.

Dear Dr. Oberg:

I am writing to you concerning the renewal of the Special Agreement on Francophone School Governance in Alberta.

Following discussions between our respective officials, I am pleased to confirm federal funding of \$12.6 million over five years (1999-2000 to 2003-2004), including \$2.8 million already approved for 1999-2000, to improve the quality of programs offered in the context of Francophone School Governance and to develop the French-language post-secondary education sector. Of this amount, \$10.7 million will come from the new Special Investment Measures in Education envelope and \$1.9 million from the regular Official Languages in Education envelope.

It is my understanding that discussions are progressing well on a multi-year action plan to 2004 and on the text of a new Special Agreement. As soon as this work has been completed, we will be in a position to sign a Special Agreement that will allow us to pursue in partnership the work done since 1993 in the areas of Francophone school governance and post-secondary education in Alberta.

I would like to thank you for your close co-operation and look forward to your continued support in matters relating to official languages in education.

Please accept my best wishes.

Yours sincerely,

Sheila Copps

MAR 3 1 2000

Dear Mr. Oberg:

I am writing to you concerning your Government's proposal under the Official Languages in Education Program for 1999-2000 further to the ratification on December 14, 1999 of the *Canada - Alberta Provisional Arrangements for Minority-Language Education and Second-Language Instruction for 1999-2000*.

I am pleased to inform you that I have approved the use of the minimum guaranteed contribution to Alberta for this year for an amount of \$2,587,773. As per your request, I have authorized a transfer of \$923,358 from the minimum guaranteed contribution to the Infrastructure Support Category. I have also approved a supplementary contribution of \$1,500,000 for measures related to French minority-language education, including \$500,000 for the special project "Western Protocol Mathematics Learning Resources" which your government has accepted to coordinate on behalf of the western provinces and territories.

Moreover, under the new Special Investment Measures in Education, I have approved a contribution of \$2,800,000 for initiatives to improve the quality of French First Language Education in 1999-2000.

For this new envelope, as of next fiscal year, I look forward to signing a Special Agreement based on a multi-year action plan to 2004. The multi-year action plan will highlight development projects whose objectives are to improve the quality of programs offered in the context of Francophone School Governance and is currently being discussed by our respective officials.

Canada's total contribution to Alberta for this year's development measures under the OLE Program (\$3,164,415) and the Special Investment Measures (\$2,800,000) amounts to \$5,964,415. The approved measures are listed in the appendix to this letter. As agreed between our officials, the first payment of the approved contribution, in the amount of \$2,982,207.50, will be forwarded to the Department of Learning.

In closing, I would like to confirm that, now that the new Protocol has been signed, we will begin working with provinces and territories to conclude new bilateral agreements based on an action plan covering the last three years of the Protocol to 2003. This approach is intended to simplify our administrative mechanisms and facilitate discussions with interests groups and minority-language communities. Our respective officials will continue discussions on the OLE draft action plan submitted by your Department.

I would like to thank you for your close co-operation in these matters. I look forward to your continued support in the official languages in education.

Yours sincerely,

Sheila Copps

C.	TOTAL PROPOSAL SUMMARY	

INTRODUCTION:

The 1993-1999 *Canada/Alberta Special Agreement for the Enhancement of French Minority-Language Education and French Second-Language Instruction in Alberta* ended on March 1, 1999. This Agreement permitted the following accomplishments to be realised at the:

K-12 levels

1. The implementation of governance of francophone education in Alberta through three Regional Francophone Authorities responsible for the delivery of francophone education in three regions of the province – Northwest Francophone Region, East Central Francophone Region and North Central Francophone Region;
2. The implementation of three Regional Francophone Co-ordinating Councils responsible for the facilitation of francophone education in three regions of the province – Northeast Francophone Region, South Central Francophone Region and South Francophone Education region. The North Central Francophone Authority assured the facilitation of francophone education in the Central Francophone Region.
3. During this time period access to francophone schools increased significantly. This is demonstrated by the increase in enrolments – 37 per cent - and number of schools – 80 per cent:

Region	Number of Schools		Number of students	
	1993/1994	1998/1999	1993/1994	1998/1999
Northwest	1	2	260	249
Northeast	0	1	60	86
East Central	3	4	365	439
North Central	5	7	960	1,212
Central	0	1	0	54
South Central	1	2	430	760
South	0	1	35	82
TOTALS	10	18	2,110	2,882

4. School community centres were developed in Calgary and Fort McMurray.
5. Alberta signed the *Western Canada Protocol for Collaboration in Basic Education* with British Columbia, Saskatchewan, Manitoba, Yukon and North West Territories which has permitted many collaborative initiatives in French programs that have benefited students enrolled in these programs – Français, French Language Arts, Mathematics and Social Studies.
6. Distance education courses were developed for senior high school FSL students at the Intermediate level in the study of French.

Post-secondary levels

1. Expansion and renovations of Faculté Saint-Jean.
2. Student fellowships for Study in French substantially increased the number of students pursuing their studies in French both within and outside Alberta.
3. The Business Administration Program, now in its third year, has an enrolment of 100 students and graduated its first students in the Spring of 1998.
4. The Masters in Education program by distance launch in 1997 has an enrolment of 70 students.
5. French post-secondary courses are now offered in four Alberta universities, six colleges and one technical institute.
6. *Répertoire analytique de sites français sur le WEB* was completed by the University of Calgary and is now available to instructors and FSL teachers in schools.
7. Athabasca University signed an agreement with the Télé-University of the University of Québec to create new bilingual curriculum.
8. *The Faculty of Business and the Faculté Saint-Jean of the University of Alberta implemented a bilingual bachelor-level business program in 1998.* The Bombardier Foundation contributed considerable funding to this initiative.

BACKGROUND:**K-12 Education:**

The governance of francophone education implemented in 1994 was based on the following principles:

1. The model covered the entire territory of the province;
2. Authorities created in those areas of the province where there were a sufficient number of students;
3. Co-ordinating Councils created in areas of the province where sufficient numbers of students did not exist and in regions where the community did not want an authority created;
4. Differential funding made available to meet the start-up and program needs of Authorities;
5. Funding made available to Co-ordinating Councils to enable them to play their advocacy roles for francophone education.

At the time of francophone education governance implementation there were 181 school boards in Alberta and funding of education was ensured by provincial grants - 50 per cent - and local requisition on property taxes - 50 per cent.

During the period of 1994 to 1996, the Government of Alberta undertook a restructuring of education in the province in order to achieve the following objectives:

1. Achieve greater equity in the funding of education. To that end, the province took on the responsibility of funding education completely and eliminated school board powers of establishing the mill rate for local requisition on property;
2. Ensure that maximum resources reached the school and classrooms. To that end, the province:
 - reduced the number of school boards from 181 to 60;
 - introduced the Framework for Funding School Boards whereby funding is allocated in three blocks: the instruction block, the support block and the capital block. All school boards receive the same amount of basic funding per student for instruction.
 - makes available additional funding based on the incidence of students with severe disabilities, the sparsity of the student population and transportation needs.
 - imposed limits on board governance and system administration expenditures and on re-allocations within and between blocks.
3. Ensure that decisions regarding educational programs and services are made at the local level. School-Based Management and School Councils policies were developed and implemented.
4. Ensure accountability of school boards for their expenditures and results. School boards develop three-year Business Plans defining:
 - local goals for education;
 - the distribution of provincial budgets for education programs and services; and
 - priorities for improvement; and
 - measures to be used to evaluate and report on the success of education programs and the efficiency of administration.

CONTEXT:

Towards the end of the 1993-1999 Special Agreement, a review of francophone education in Alberta was undertaken to:

- ensure equitable access to quality educational programs and services for all students in francophone schools;
- expand the application of governance of francophone education to the whole province;
- identify the particular needs of francophone education based on its context;
- regularize the funding and governance of francophone education.

EQUITABLE ACCESS TO QUALITY PROGRAMS AND SERVICES:

Equitable access to quality programs and services is a challenge in a context where a small number of students are spread out throughout the province. While the Special Agreement contributed significant funding for the implementation and expansion of French language education since 1994, the present context requires further support.

Post-secondary Education

A. The University of Calgary

The four following projects will be undertaken at the University of Calgary to enhance French programs and services:

1. Caribbean/African Francophone Studies

To align with the internationalization of the curriculum, a top priority of the University of Calgary, the French Centre in collaboration with the Department of French will expand the courses and resources in Caribbean/African civilisation and literature. A pilot course, funded by Alberta, "Venez découvrir la Francophonie" was developed and offered in 1998/1999. Further program development and resources are required.

	1999	2000	2001	2002	2003	TOTAL
Caribbean/African Francophone studies	20,000	5,000	5,000	7,000	8,000	45,000

2. Computer Exercises for the WEB

The University of Calgary has developed a series of computer exercises in CALLGEN, which need to be converted to a standard authoring program. The exercises would then be made available by distance education to learners over the WEB. Funds are required for the next step of conversion.

	1999	2000	2001	2002	2003	TOTAL
WEB Exercises	7,000	3,000	-	-	-	10,000

3. Theatre in French

The Department of French at the University of Calgary in collaboration with the Faculty of Fine Arts has developed and piloted a theatrical component (mise en scène) in their theatre courses. This is based on students showing greater interest in a live presentation than in reading drama texts, and in participating students showing marked improvement in their oral skills. Funds are required for the next step of recording the student performed French theatre and producing and distributing videotapes to post-secondary programs in Alberta.

	1999	2000	2001	2002	2003	TOTAL
Theatre in French	6,000	-	9,000	-	-	15,000

4. Promotion

Many students are not aware of the availability of courses through the French Language Instruction Program. There is a need to aggressively promote the courses on campus, in Calgary and in the surrounding area. Funding is required to develop basic promotional items and to develop and implement a comprehensive promotional strategy.

	1999	2000	2001	2002	2003	TOTAL
Promotion	7,000	8,000	8,000	8,000	9,000	40,000

B. Student Support

Fellowships for Second Language Study will be offered to post-secondary students who will enrol in several new Bachelor-level programs that will be developed over the next five years including Engineering, Bachelor of Business Administration, Bachelor of Science in Environmental Studies and in numerous areas in Health. New awards will be offered to students in professional faculties such as Law and Medicine who wish to pursue further studies in francophone institutions outside Alberta. These awards of \$3,500 each are more substantial than those offered within Alberta as out-of-province costs are much higher and often discourage students from continuing their studies in French.

Student fellowships will also be provided for students enrolling in existing French and bilingual programs at both the college and university levels within and outside the province. Several of these programs including bilingual Bachelor of Commerce, Masters in Education by distance delivery and the college-level certificate in Business Administration have been developed within the past three years with Alberta paying the majority of the costs.

	1999	2000	2001	2002	2003	TOTAL
College	200,000	205,000	210,000	215,000	220,000	1,050,000
Commerce	30,000	35,000	35,000	40,000	45,000	185,000
French as a Second Language	245,000	250,000	250,000	260,000	270,000	1,275,000
Bachelor of Science	-	-	50,000	100,000	150,000	300,000
Health	-	-	-	50,000	100,000	150,000
Out of province	-	35,000	50,000	55,000	70,000	210,000
Engineering	-	40,000	40,000	45,000	45,000	170,000
Total	475,000	565,000	635,000	765,000	900,000	3,340,000

C. Faculté Saint-Jean, University of Alberta

Faculté Saint-Jean has launched several new programs over the past few years due to collaborative federal-provincial funding. Also, with provincial funding, a Bilingual Bachelor of Commerce program was initiated in 1998. The Faculté, due to high student demand needs to expand its recent initiatives, and at the same time is poised to respond to previously unanswered demand for French-language programming in several other fields of study. Many of the proposed new initiatives are collaboratively planned with other faculties and institutions, and will serve the needs of Francophones in other western provinces and territories as well as in Alberta.

The following initiatives will be undertaken with the assistance of additional federal funding:

1. Maîtrise en éducation à distance

A second cohort of students in Calgary was added to this new program in 1998/1999 and there is keen interest from students in British Columbia and in other parts of western Canada. For example, Faculté offered a Masters level course via interactive video-conferencing to teachers in Victoria, British Columbia and Saskatoon, Saskatchewan. Alberta funded a state-of-the-art video conferencing facility under the Learning Enhancement Envelope, in two cycles. Funds are required to expand the program delivery.

	1999	2000	2001	2002	2003	TOTAL
Maîtrise en éducation	175,000	175,000	125,000	125,000	125,000	725,000

2. Bilingual Bachelor in Business Administration Program

This collaborative program with the Faculty of Business will be developed over two fiscal years from 1999 to 2001. Funds are requested for development of 10 new courses in French for the first two years of the program. Then, Alberta will cover the costs of the additional student places required for the expansion in years three and four. In the final three years of the agreement, funds are budgeted for resources only.

	1999	2000	2001	2002	2003	TOTAL
Bilingual Bachelor – Business Administration	100,000	100,000	20,000	20,000	30,000	270,000

3. Masters in Arts

In 1998, Faculté launched a new BA Honours Program. The development of an MA program constitutes a future important step in the expansion of the Arts program at Faculté Saint-Jean. Senior staff members in the Arts program have experience teaching graduate level courses and supervising theses, skills critical to the success of this initiative. After development costs in the initial three years, funds are allocated for the purchase of multimedia and library resources.

	1999	2000	2001	2002	2003	TOTAL
Masters in Arts	40,000	80,000	80,000	50,000	50,000	300,000

4. Multimedia Centre and Technology

Program expansion and development for alternative delivery technologies initiatives is vital to meet the needs of Western and Northern Canada's Francophone and Francophile students at the dawn of the 21st century. Resources will be developed to deliver courses to areas where students would not otherwise have access to French university programs. Alberta recently provided funds to Faculté for the purchase of video conferencing equipment, a part-time distance education co-ordinator and establishment of satellite services in Calgary and St. Paul. This resulted in links between Faculté and REFAD, the "Réseau universitaire de l'enseignement en française à distance", and co-ordinated delivery of courses from this network to and from Faculté's campus. Canadian Heritage provided funding to construct the multimedia centre and provided \$40,000 in 1997/1998 for the use of alternative technology. A solid base now exists.

With funding, expansion in the use of technology including the development and delivery of WWW-based courses will better position the Faculté to meet the emerging needs of its client population. Faculté will also be better poised to play a leadership role in the *Réseau national d'éducation à distance* project. Development in technologies at the post-secondary level complements current initiatives by Alberta Education for teachers of K to 12, where new standards in the use of technology were established for students. The integration of technologies in the schools therefore has considerable implications for teacher training. New courses need to be developed to enable all B. Ed. students to attain the competencies required to work in the school systems. As well, many classroom teachers require training in the use of technologies, therefore summer institute programs need to be developed and implemented.

	1999	2000	2001	2002	2003	TOTAL
Multimedia Centre and Technology	300,000	200,000	200,000	250,000	300,000	1,250,000

5. Centre for Research in Canadian Studies

Establishment of the Louis A. Desrochers Chair in *Études canadiennes* which would fund the hiring of specialists in this field, each for a two-year period, has been endorsed by the University of Alberta as one of its major proposals in the Fund Development Campaign. This financial and administrative endorsement is one of the first steps in achieving a primary objective of Faculté's strategic business plan to become a major centre for research and teaching in *Études canadiennes*. Establishing *Études canadiennes*, as a major in the new Masters in Arts (1998) was a parallel thrust leading to the founding of a Centre for Research in Canadian Studies. The Centre would serve to consolidate and co-ordinate all faculty activities in teaching and research concerning Canada. To further achieve the objective, the Faculté needs to increase and promote its research profile. Support is required for summer research projects, research initiatives by faculty, presentation of conferences by renowned international scholars, research assistantships, promotion of research projects in publications, faculty networking and the establishment of research partnerships, primarily with other French-language institutions.

	1999	2000	2001	2002	2003	TOTAL
Centre for Research in Canadian Studies	100,000	75,000	50,000	50,000	50,000	325,000

6. Program Promotion

With the establishment of several new university programs in French, considerable promotion will need to be undertaken throughout Alberta and other areas of Western and Northern Canada. Promotion will ensure that francophone and francophile students are aware that they have the opportunity to pursue numerous career paths in French in Alberta, that were previously only available in English.

As more new programs are planned to be initiated a few years into this agreement, increased promotional funds are budgeted for the final three years.

	1999	2000	2001	2002	2003	TOTAL
Program Promotion	60,000	70,000	90,000	90,000	90,000	400,000

7. Infrastructure Renovations

Two factors impact the need for infrastructure renovations at Faculté: the age of most of the facility and the expansion of programs with the inherent requirement for more space, furnishings and equipment.

Infrastructure upgrading requirements include the following:

- renewal of brick exterior walls
- window upgrading
- heating ventilation and air conditioning
- emergency generator
- demolition of church
- gymnasium roof replacement
- north deck structure verification
- parking lot and sidewalks
- expansion of lab and classroom space

Costs are based on initial estimates with the majority of funds being budgeted in the second year to enable physical improvements to be made prior to the proposed new programs being introduced.

	1999	2000	2001	2002	2003	TOTAL
Infrastructure Renovations	500,000	900,000	300,000	300,000	-	2,000,000

8. French Language Institute

The mandate of the Institute is to play a leadership role in French language instruction at Faculté to ensure efficient instruction, optimal learning for students and correct usage of the French language. Some of the major roles of the Institute are the following:

- organize and manage credited French courses
- administer the *Centre d'aide en français*
- assure continual training/upgrading of French instructors
- organize and manage French courses for professional and personal development
- assure the acquisition of both instructional and management resources necessary to achieve the mandate of the Institute
- manage the evaluation of the French language at the Faculté including various admission and classification tests
- facilitate research in French instructional techniques

	1999	2000	2001	2002	2003	TOTAL
French Language Institute	120,000	110,000	100,000	100,000	100,000	530,000

9. Health Programs

The development of several programs in the health field is related to a proposal to the federal government from the University of Ottawa through the *Réseau des universités de langue française hors Québec*. Students would enrol at Faculté for the first two years of their program, including studies such as medicine and nursing, and would complete their programs in an eastern institution. The budget reflects the development of thirty courses over four years plus the acquisition of specialised multimedia and print resources. This initiative will prepare French speaking health professionals to support the Student Health Services initiative to be implemented in Alberta schools beginning in September 1999.

	1999	2000	2001	2002	2003	TOTAL
Health Programs	300,000	400,000	150,000	150,000	100,000	1,100,000

10. Bachelor of Science

A new bilingual Bachelor of Science with an emphasis on Environmental Sciences will be offered collaboratively with the Faculty of Science. Courses will be developed in 2000/2001, and the program in French will be launched in September 2001. Students will complete their first two years at Faculté and the remaining two on the main campus. Learning resources are budgeted for in the final 3 years of the agreement.

	1999	2000	2001	2002	2003	TOTAL
Bachelor of Science	-	300,000	100,000	20,000	30,000	450,000

11. Engineering

This collaborative bilingual degree will see students completing their first year in French at the Faculté and the remaining years on the main campus in English. Alberta is paying for the development costs of this new initiative in French and will also fund the additional seats required in the Faculty of Engineering on an ongoing basis. The budget reflects costs for multimedia and print resources only.

	1999	2000	2001	2002	2003	TOTAL
Bilingual Bachelor in Engineering	-	60,000	60,000	60,000	70,000	250,000

12. Residence Centre

A proposal for this initiative which will be cost shared with Alberta has been submitted under separate cover. Canadian Heritage provided \$500,000 for the initial development stage in fiscal 1998/1999. The total cost of the project is expected to be \$7,500,000.

	1999	2000	2001	2002	2003	TOTAL
Residence centre	2,550,000					2,550,000

	1999	2000	2001	2002	2003	TOTAL
TOTALS -AAECD	4,760,000	3,051,000	1,932,000	1,995,000	1,862,000	13,600,000

K-12 Education

Funding for ECS-12 francophone education will be regularized by modifying the application of funding formulae in the Funding Manual for School Authorities which recognize the context of francophone education in the province. This modified application of funding formulae will attain Alberta Education's objectives and ensure stable funding for the continued growth and evolution of francophone education in Alberta.

The funding formulae modifications will be achieved through the following:

1. Equity and distance funding

The application of the formula used to determine equity funding to school boards will be modified for francophone education. This formula will be based on attendance areas for each francophone education region and the number of students served. This modified application of the equity funding formula will recognize the small number of students served in schools that are long distances from each other as well as better reflecting the actual potential clientele of the Authority.

	1999	2000	2001	2002	2003	TOTAL
Equity and Distance Funding	2,257,000	2,623,000	2,665,000	2,670,000	2,700,000	12,915,000

2. Francisation

A high percentage of students enrolled in francophone schools do not have sufficient French language skills to succeed to their potential at school. To meet this need, an annual grant, similar to the grant available for ESL, will be made available to the Authority.

	1999	2000	2001	2002	2003	TOTAL
Francisation	385,000	520,000	435,000	470,000	510,000	2,320,000

3. Plant Operations and Maintenance

Most francophone schools have very small enrolments and the funding formula used for Plant Operations and Maintenance (POM) does not generate sufficient resources. The POM formula will be modified so that these schools receive funding on an utilisation rate of 80 per cent capacity. The funding generated by this modified application of the POM funding formula will permit the Authority to operate and maintain its schools adequately.

	1999	2000	2001	2002	2003	TOTAL
Plant Operation and Maintenance	480,000	400,000	320,000	240,000	150,000	1,590,000

4. Assessment Services

The fact that French language special education professional resources and services are very scarce in the province and not easily accessible, an annual grant of \$300,000 will be made available to the Authority to make these resources and services available to all its students.

	1999	2000	2001	2002	2003	TOTAL
Assessment Services	300,000	300,000	300,000	300,000	300,000	1,500,000

5. Student Health Services

Ensure that adequate student health services are available to students enrolled in francophone schools

	1999	2000	2001	2002	2003	TOTAL
Health Services	113,000	113,000	113,000	113,000	113,000	565,000

6. New School Programs

An annual grant of \$200,000 per year will be made available to the Authority for the opening of schools in parts of the province where francophone education is not yet available. This funding will be used for the purchase of materials, equipment and library resources.

	1999	2000	2001	2002	2003	TOTAL
New School Programs	200,000	200,000	200,000	200,000	200,000	1,000,000

7. Transportation

Transportation funding for francophone schools will be allocated on the Rural Transportation Grant despite the fact that the majority of students live in urban areas. This recognizes the fact that even in urban areas, students enrolled in francophone schools are widely dispersed in each school's attendance area.

	1999	2000	2001	2002	2003	TOTAL
Transportation	1,534,000	2,660,000	2,930,000	3,160,000	3,416,000	13,700,000

8. Media Centre Upgrading

A one-time grant of \$30,000 per school will be made to permit Authority schools to upgrade their media resources. The increase in the number of schools and students between 1994 and 1998 required that Authority resources be used for start-up needs and school media centres were not maintained and renewed.

	1999	2000	2001	2002	2003	TOTAL
Media centre upgrading	480,000	60,000	-	-	-	540,000

9. Hardware/Software Upgrading

CONCLUSION:

The above funding proposal for francophone basic education programs and French language post-secondary programs in Alberta will supplement the basic funding that the Alberta Government makes available for education. This differential funding will ensure that students in francophone schools and French post-secondary programs in Alberta, regardless of their location in the province, will have equitable access to quality educational programs and services.

Mr. Alex Himelfarb
 Deputy Minister
 Canadian Heritage
 Ottawa, Ontario

Dear Mr. Himelfarb:

Thank you for the opportunity to discuss our bilateral negotiations for the renewal of a Special Measures Agreement for French Language Education in Alberta. I believe our discussion had a quick impact on the stalemate that seemed to exist in those discussions between our officials.

I am pleased to indicate to you that I accept the recent offer made, whereby Canadian Heritage will commit \$12,600,000 in support of activities and services for French language education in Alberta for the period 1999-2000 to 2003-2004.

I also accept the cashflow proposed as well as the source of the funding. These are:

	1999-2000	2000-2001	2001-2002	2002-2003	2003-2004	TOTALS
Spec.measures	\$2,800,000	\$3,200,000	\$2,500,000	\$1,200,000	\$1,000,000	\$10,700,000
OLEP	\$1,000,000			\$500,000	\$400,000	\$1,900,000
Totals	\$3,800,000	\$3,200,000	\$2,500,000	\$1,700,000	\$1,400,000	\$12,600,000

This agreement, supported by regular OLEP and provincial resources, will permit French language programs in the province to continue to evolve at the basic and adult levels and ensure that students in these programs receive quality instruction and education.

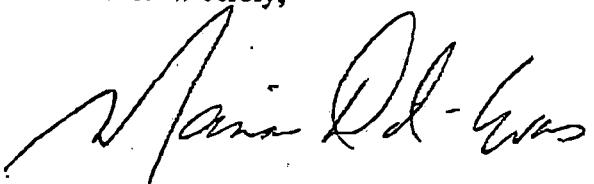

I understand that the Honourable Ms. Copps will communicate with the Honourable Dr. Oberg to confirm this Canadian Heritage support, and that subsequently, bilateral agreements will be finalized.

I hope that we will have the opportunity in the future to meet and further discuss our mutual interest in ensuring that French language programs in Alberta can continue to evolve and flourish.

APPEL HILAIRE LEMOINE - GÉRARD BISSONNETTE

POINTS DE DISCUSSION

- Nous maintenons notre offre de 10,7 M\$ sur cinq ans sous les Mesures spéciales. Nous demandons à l'Alberta d'utiliser 1,9 M\$ du Minimum garanti pour combler la différence. Cette approche amène l'Alberta à commencer à utiliser progressivement le Minimum garanti pour répondre à des besoins de gestion scolaire.
- En contre-partie, nous offrons de verser, sous les fonds discrétionnaires, une contribution de 2 M\$ sur cinq ans à compter de 2001-2002.

FINANCEMENT FÉDÉRAL PROPOSÉ 1999-2000 à 2003-2004 (5 ans)						
FINANCEMENT	1999-2000 \$M	2000-01 \$M	2001-02 \$M	2002-03 \$M	2003-04 \$M	TOTAL \$M
LOE régulier (Minimum garanti)	0,2	0,3	0,4	0,5	0,5	1,9
Mesures spéciales	2,8	3,2	2,5	1,2	1,0	10,7
TOTAL	3,0	3,5	2,9	1,7	1,5	12,6

Sous l'enveloppe discrétionnaire, une contribution fédérale additionnelle de 2 M\$ serait versée de 2001-2002 à 2005-2006 (5 ans).

- Les activités de développement doivent être financées à part égale par les deux gouvernements; dans le plan d'action proposé par la province, ce n'est pas le cas pour deux projets : (mise en place du Conseil scolaire francophone de Calgary et projets à l'Université de Calgary).
- L'Alberta prévoit utiliser, de 1999-2000 à 2002-2003, **81 p. 100** (22,3 M\$) de l'enveloppe fédérale de 27,3 M\$ pour le maintien de ses programmes (une responsabilité provinciale) alors que seulement 5 M\$ seront utilisés pour des activités de développement. En 1998-1999, **65 p. 100** de l'enveloppe avait été utilisée pour le maintien.
- Nous sommes ouverts à ce que les provinces/territoires utilisent une portion **raisonnable** de leur enveloppe pour des activités de maintien, mais en Alberta, cette proportion est **très élevée**.
- Langue seconde - Pour le maintien des programmes (15 M\$) : **aucun financement provincial**

NOTRE APPEL DU MARDI 8 FÉVRIER AVEC LA SOUS-MINISTRE DE L'ÉDUCATION DE L'ALBERTA, MME DAVID-EVANS, CONCERNANT LE RENOUVELLEMENT DE L'ENTENTE SPÉCIALE DE GESTION SCOLAIRE

Ci-dessous l'information pertinente à cet appel.

Contexte

- Nous sommes à négocier deux ententes avec l'Alberta soit une Entente bilatérale en vertu de laquelle l'Alberta va recevoir chaque année des fonds réguliers du PLOE (Infrastructure, Minimum garanti et fonds discrétionnaires de la ministre) ainsi qu'une Entente spéciale en vertu de laquelle l'Alberta va recevoir chaque année des fonds sous les Mesures spéciales d'investissement en éducation. L'appel de l'Alberta concerne plus particulièrement le renouvellement de l'Entente spéciale.
- Comme l'Alberta nous présente un Plan d'action combinant les deux ententes, il est important de considérer les deux enveloppes dans nos discussions.

Position fédérale

- Sous les Mesures spéciales, notre offre ne peut être supérieure à 10,7 M\$.
- Par contre, sous le PLOE, nous prévoyons avoir plus de flexibilité sous les fonds discrétionnaires à partir de 2001-2002.
- Sous le PLOE, nous ne sommes pas d'accord avec la proposition actuelle dans laquelle la province veut transférer une part aussi importante des fonds destinés au développement vers le maintien des programmes, avant de mieux connaître les impacts.
- Important de réitérer notre offre d'acheminer rapidement une recommandation d'approbation hâtive à la ministre pour la composante «bourses» afin d'éviter des inconvénients additionnels aux étudiants en attente d'une réponse. L'Alberta a refusé cette offre jusqu'à présent pour mieux faire pression sur le gouvernement fédéral pendant les négociations.

Considérations

Fonds PLOE réguliers - Alberta		
Catégorie de programme	Contribution fédérale annuelle 1999-2000 à 2002-2003	Contribution fédérale 1999-2000 à 2002-2003
Infrastructure (maintien)	4 244 825 \$	16 979 300 \$
Minimum garanti (développement)	*2 587 773 \$	10 351 092 \$
TOTAL	6 832 598 \$	27 330 392 \$

*Augmentation de 1,1 M\$/année par rapport à 1998-1999

Dans la majorité des provinces/territoires, l'approche par Plan d'action se fera à compter de 2000-2001.

- L'Alberta a présenté un Plan d'action dès cette année afin de pouvoir transférer, en 1999-2000, un montant d'environ 1,35 M\$ du Minimum garanti (fonds destinés au développement) vers l'Infrastructure (fonds destinés au maintien). L'Alberta prévoit ainsi utiliser, de 1999-2000 à 2002-2003, 22,3 M\$ de l'enveloppe fédérale de 27,3 M\$ pour le maintien de ses programmes (une responsabilité provinciale) alors que seulement 5 M\$ seront utilisés pour des activités de développement.
- Nous sommes ouverts à ce que les provinces/territoires utilisent une certaine portion de leur enveloppe pour des activités de maintien, mais non au détriment des activités de développement.
- La proposition de l'Alberta est d'autant plus étonnante qu'elle soutient que l'offre fédérale de 10,7 M\$ sur cinq ans, faite dans le cadre de la négociation d'une nouvelle Entente spéciale, ne peut combler tous les besoins en développement de la province, particulièrement en ce qui a trait à la Faculté Saint-Jean.
- Nous devons poursuivre les discussions avec l'Alberta, pour mieux comprendre et évaluer les implications d'un transfert aussi important des fonds de développement vers des activités de maintien. Dans le cas où les autres provinces/territoires adoptent cette même approche, la pression sera énorme sur les fonds discrétionnaires de la ministre pour combler le manque à gagner au niveau du développement.
- L'Alberta se plaint d'avoir réduit sa demande de 19,6 M\$ à 12,6 M\$ sur cinq ans alors que nous maintenons notre offre à 10,7 M\$. Nous croyons que l'offre fédérale est tout à fait raisonnable. L'Alberta a reçu 2,25 M\$/an sous l'ancienne Entente spéciale (excluant les projets d'immobilisation) et nous lui offrons maintenant pour consolider ses acquis, 2,14 M\$/an.
- Étant donné que l'enveloppe totale pour l'ensemble des provinces/territoires est de 90 M\$, nous sommes convaincus que l'Alberta reçoit sa juste part.

Objet : Réf. : Official Languages in Education Negotiations 

Bonjour Gérard,

Here is our response to your latest email concerning the Official Languages in Education Negotiations.

We strongly believe that our final offer of \$10,7M represents a major effort from our part when considering that the total Special Measures's envelope amounts to \$90M, to be distributed amongst all provinces and territories. Alberta's share represents 12% of the total enveloppe. It has already been mentioned that we were ready to consider earmarking some additional funding under the Supplementary funds, besides the amount of \$4,7M already discussed, depending on the availability of funds in the coming years and the new needs expressed by Alberta.

Alberta is receiving a 20% increase of its regular OLEP funds under the Minimum Guarantee (\$1,1M/year), increase that is intended for **development activities**. It is of great concern to us that Alberta is intenting to use \$5,4M of the Minimum Guarantee for maintenance purposes (all the new funds obtained from Cabinet for **development activities** plus an additional \$1M from the Minumum Guarantee). It should be reiterated that if the new funds (\$4,4M) were to be used for development activites (as stated by our Minister in her July13, 1999 letter to Minister Oberg), Alberta would have more than enough funds to complement our offer of \$10,7M.

Besides, as mentioned before, it is of the greatest importance that Alberta start using some of the regular federal funds to complement special federal funding for Governance and Post-secondary development as the Special Measures will be ending in 2004 and regular federal/provincial funds will have to take over.

For many years, the funding of the Faculté Saint-Jean has been the subject of lengthy discussions between our departments. It was understood that, in the event that we would increase the Minimum Guarantee, which we have done, funding for FSJ would finally be stabilized. For this reason, it would be unacceptable to our Minister that FSJ's funding should be reduced by Alberta, using the fact that federal funding under the Special Measures is \$1,9M short of Alberta's expectations when the increase of \$4,4M under the Minimum Guarantee is used entirely for maintenance purposes.

Another concern that was brought up during our last conference call is the fact that federal funds are used to cover 91% of the total costs incurred for French Second Language Support (K-12). These percentages still have to be discussed further.

Finally, I am reiterating our willingness to make an early recommendation to our Minister for the fellowship component of Alberta's proposal for 1999-2000, in order to avoid causing any further inconvenience to the students awaiting a response to their fellowship application.

Objet : Official Languages in Education Negotiations

Bonjour Pierre:

As indicated at the end of our teleconference call last Thursday, a meeting has been held with Mrs. Maria David-Evans, Deputy Minister, to review the status of negotiations on Alberta's Action Plan on Official Languages in Education.

It was concluded, at this meeting, that there is no need for another teleconference call until there is a revised proposal from Heritage Canada in response to the revised Alberta proposal discussed at the teleconference call. It was also decided that there would be no letters of agreement signed on components of the total package. This means that there is no need to develop a letter of agreement on the Fellowships' component of OLEP.

It is essential that Faculté Saint-Jean receive adequate funding permitting it to offer a wide range of French language programs to fulfill its role as the only French language post-secondary institution west of the Manitoba/Saskatchewan border including the NWT and Yukon. If programs are not available, there will be no need for fellowships.

Alberta believes strongly that its revised proposal is a solid foundation for the development of francophone basic education and French language post-secondary education for the next five years!

It was concluded at the meeting with Mrs. David-Evans that Alberta's strategy will be reviewed at the end of the first week of February. It would be important to receive a revised Heritage Canada proposal by that time.

If you require further information, please contact me.

GOVERNANCE/POST-SECONDARY DEVELOPMENT

CONSIDERATIONS

- Federal funding requested for development activities should be equally matched by provincial funds; this is not the case for two of the proposed activities shown in the revised Action Plan (South Francophone Education Region and University of Calgary); the requested federal funding should be \$250 000 for the first project and \$ 55 000 for the second project. Alberta's total requested amount would therefore amount to \$12 376 200.
- Proposed federal funding under the Special Measures is maintained at **\$10,7M**
- An amount of \$1,6M could be negotiated under the Supplementary funds to complement our contribution to FSJ as it is our understanding that Alberta is intending on cutting down the federal funding allocated, in the proposal, to the FSJ if federal funding doesn't meet Alberta's expectations.
- In order to avoid causing any further inconvenience to the students awaiting a response to their fellowship request, we are reiterating our willingness to make an early recommendation to our minister for the fellowship component of Alberta's proposal.

GOVERNANCE/POST-SECONDARY DEVELOPMENT

CONSIDERATIONS

- Alberta intends to use \$2,2M of the total requested amount of \$12,6M, for maintenance activities. Federal funding under the Special Measures is intended for development activities. Regular OLE funding could be used for maintenance purposes.
- Federal funding requested for development activities should be equally matched by provincial funds; this is not the case for two of the proposed activities shown in the revised Action Plan (South Francophone Education Region and University of Calgary).
- Proposed federal funding under the Special Measures has been increased to **\$10,7M**

REGULAR OLE FUNDING

CONSIDERATIONS

- According to Alberta's proposed Action Plan, \$22,3M of the total Federal envelope of \$27,3M will be used for maintenance activities; federal funds under the Infrastructure category total \$16,9M which means that \$5,4 of the Minimum Guarantee, intended for development activities, will be used for maintenance activities.
- Under the new Protocol, Alberta is receiving an increase of **\$4,4M** of its Minimum Guarantee for development activities; in its Action Plan, Alberta is allocating this increase to maintenance activities, which causes a major difficulty from a federal stand point.
- According to the Action Plan, federal funding for French First Language Support (K-12) represents 24% of the total costs. In comparison, federal funding for French Second Language Support (K-12) represents 91% of the total costs. These percentages should be discussed further.
