 - (a) John BODOR a Hungarian Communist from East Coulee Alberta is now employed at Bellevue and is residing at Hillcrest. He appears to have considerable influence amongst the Hungarians there. There is an active branch of the Hungarian Fraction of the Communist Party at Hillcrest. The leading men of this fraction are Alex SZEGEDI, Alex REVAI and Steve BERZE."
 - (b) "It is stated that the Polish Society in the Pass District is now quite strong and that the leading man is a Communist. His name was not ascertained however the Society is mainly active at Coleman, Alta."
 - (c) "Joseph SOMOYA former Secretary of the Independent Mutual Benefit Federation at Lethbridge is now employed at the Mohawk Mine at Bellevue however he is blacklisted amongst the Hungarian party members."
 - (d) "Joe SOLTES of Drumheller is now employed at Natala, B.C. He is a Spanish War Veteran and joined the Communist Party at Lethbridge after the Spanish War. Arpad KOLESAR is also employed at Natal. B.C."

 - (f) "The National Council for Democratic Rights have an organization throughout the Pass and draws their support mainly from the foreign element, including the Ukrainians and Hungarians. They have however a grievance against Enoch WILLIAMS for failing to attend the convention of the N.C.D.R. at Ottawa. WILLIAMS was the Crows Nest Pass delegate but he failed to attend and instead allowed the Pass to be represented by the Calgary delegate Frank HADESBECK."
 - (g) "Alex PERSELY of Lethbridge was in Hillcrest during the week-end of April 11th apparently visiting friends amongst the I.M.B.F. there. A German, first name [redacted] is hanging around the Cos. Hotel at Blairmore. RE: Communist Party of Canada.

Blairmore - Alberta.

(h) John BODOR has been distributing pamphlets amongst the Hungarians at Hillcrest. The pamphlets are issued by the Canadian Federation of Democratic Hungarians which is the parent body of the Hungarian Democratic Front. The pamphlets call for a "Yes" vote in the coming manpower plebiscite."

Pamphlet, Entitled "In These Days of Crisis."

(Hungarian)

"Felhivas " " A Kanadai Magyarseghez."

ROYAL CANADIAN MOUNTED POLICE,
OTTAWA

20-4-42.

356

FELHIVÁS

A KANADAI MAGYARSÁGHOZ

MAGYAR TESTVÉREK!

A válságnak ezen napjaiban, amikor a szövetségben egyesült 26 nemzet hadseregei, hajóhadai és légiflottái a világ minden részén elkeseredett harcot vívnak a fasizmus sötét erőivel szemben, amikor annak kell eldőlni, hogy szabadok leszünk-e, vagy a rabszolgaság korát megszegyenítő barbarizmusba csúszik a világ — senki sem maradhat semleges.

Minden szabadságszerető magyarnak a fasizmus ellen küzdők táborában a helye! Nekünk, kanadai magyaroknak, kétszeresen érdekünk harcolni a náciizmus és fasizmus ellen: érdekünk megvédeni fogadott hazánkat, Kanadát a náci és japán leigázás ellen, hogy szabadok maradhassunk; érdekünk felszabadítani szülőhazánkat, otthonhagyott szeretteinket a náci rabszolgaság alól, mert ha Hitler győz, Magyarország német gyarmat marad.

Az egész magyar történelem lázad az ellen a szégyenteljes szerep ellen, melyet Horthyék szántak Magyarországnak. Hol van a magyar történelemnek, a magyar nép által szeretett egyetlen nagy alakja, aki jóváhagyná

357

a magyar kormányzatnak ezt az alá-
való munkáját? Képzeljük el, mit
mondana Rákóczy, Kossuth, Petőfi,
Ady, hogy a sötétség, elmaradottság,
visszafejlődés és náci német érdekek
mellett dobták háborúba a magyar
népet? Mit szólnának ahhoz a meg-
alázó, szolgálai szerephez, amelyet a
magyar urak a magyar népnek szán-
tak? Olvassuk el Rákóczy és Bercsényi
harcainak, az 1848-as magyar sza-
badságharcnak a történetét, olvassuk
Petőfi és Ady verseit — és megkap-
juk rá a választ, hogy mit szólnának.

A magyar nép rajongott vezérei
nem a sötétség, elnyomatás s rabszol-
gaság mellett szálltak síkra, nem
ezért áldozták életüket, hanem a ma-
gyar nép szabadságáért, az emberi jo-
gokért, a magyar nép jólétéért.

A népjogokat tipró, a magyar né-
pet kínai kuli nivója alá süllyesztő,
német náci-csizmát nyaló negyedszá-
zados Horthy-uralom szégyenfoltja
lesz a magyar történelemnek.

Ezt a szégyenfoltot kell lemosnunk,
ezt a szégyenteljes és magyar népet
gyilkoló állapotot kell megszüntet-
nünk azzal, hogy felsorakozunk a szö-
vetséges hatalmak oldalán, a világ-
történelem legsötétebb uralmának, a
náci imperiálizmusnak a megdönté-
sére.

Magyar Testvérek!

Ne higgyetek Hitlerék és Horthyék
azon néhány ügynökének, akik el-
akarják veletek hitetni, hogy Magyar-
ország érdeke náci-Németország ol-
dálán van. Ne higgyetek nekik és az

358

általuk félrevezetett embereknek, amikor azt mondják, hogy Horthy »nem tehetett egyebet«. Hazugság! Évek óta tartó, gondosan előkészített politikával csúszatták bele az országot abba a szerencsétlen helyzetbe, amelyben most van. Ne higgyetek azoknak, akik úgy akarnak semmivéssel megkötni benneteket, hogy azt mondják nektek: »Csitt! Mi csak maradjunk nyugodtan. Idegenek vagyunk. Ellenséges állampolgárok vagyunk.«

Ne hallgassatok rájuk! Egy célt szolgál mindez: segíteni Hitler sötét uralmát! Nem igaz, hogy nem tehetünk semmit, mert »ellenséges állampolgárok« vagyunk. Éppen azzal bizonyítjuk be fogadott hazánkhoz való hűségünket, hogy a kanadai nép többi részével együtt mi is felsorakozunk az ország háborús törekvésének támogatására, fogadott hazánkat is fenyegető sötét erők megdöntésére.

Kanadában élünk, jóban s rosszban osztoznunk kell a kanadai nép sorsában, amely a mi sorsunk, a gyermekeink sorsa is. Ott kell segítenünk a faszizmus elleni harcot, ahol vagyunk.

Mint minden kanadainak, nekünk is ott van a helyünk a demokrácia kanadai termelési frontján;

mint a kanadai nép fiainak, ott van a helyünk a kanadai hadseregben, haditengerészetben és légierőknél;

mint minden kanadainak, nekünk is felelősséget kell vállalnunk az ország demokratikus irányításá-

ban; a kanadai nép többi részével szívvel-lélekkel összeforrvan, támogatva mindent, ami a demokratikus háborús törekvést elősegíti, és irgalmatlanul harcolva minden ellen, ami ezt a demokratikus háborús törekvést akadályozza.

És mi a kötelességünk most, amikor a King-kormány arra kér bennünket, hogy népszavazással mentsük fel azon korábbi kötelezettsége alól, hogy nem lesz sorozás tengerentúli katonai szolgálatra?

Világos, hogy **IGEN**-nel kell szavaznunk, ha azt akarjuk, hogy a világ mielőbb megszabaduljon a fasiszta rabszolgaságtól, elnyomástól és nyomorúságtól; ha azt akarjuk, hogy a náci rekvirálók mielőbb kitakarodjanak Magyarországból; ha azt akarjuk, hogy az éhező magyar népnek jusson a magyar föld terméke és ne a német nácik falják azt fel; ha azt akarjuk, hogy fogadott hazánk, Kanada ne váljon náci gyarmattá.

Mert erről van szó. És mindenről, ami ezzel összefügg, ami nekünk drága. Amikor szavazatunkkal egységesen felsorakozunk a King-kormány mellett, egy hatalmas népakaratban forrasszuk egyé Kanadát, arra a nagy feladatra, hogy a többi szövetséges nemzetekkel együtt méltóan ki tudja venni a részét a faszizmus-ellenes fegyveres harcból is; elősegítjük azt, hogy Európában megnyilhasson egy erőteljes második front, amely segítséget fog jelenteni, az egész Európa iparát karmaiban tartó, roppant náci

359

hadigépezettel szemben, az orosz népnek és mielőbbi felmentést hoz a náci rabigában nyögő népeknek. Ha azt akarjuk, hogy Kanada becsületesen, haladék nélkül kivegye a részét a fasizmus elleni harcban, akkor **YES**-szel kell szavaznunk a népszavazásnál.

Ezúttal szólítjuk fel az összes kanadai magyar szervezeteket és egyházakat, hogy fogjanak össze, tartsanak közös gyűléseket, összejöveteleket ennek a kérdésnek a magyarázására, a magyarságnak a **YES**-szavazás mellett való felsorakoztatására. Összefogva kell megmondanunk a magyarságnak, hogy a fasizmus elnyom minden demokratikus intézményt, minden válást, csak az elnyomatást segítő szervezeteket, a háborút istenítő pogány vallást támogatja és fejleszti. Most fogjunk össze tehát ellene, míg nem késő.

Magyar Testvérek!

Mint egy-ember sorakozatok fel **IGEN** szavazatokkal a népszavazásnál. De ennél még többet kell tennünk: győzzünk meg mindenkit, akivel csak érintkezni tudunk, hogy szavazzon **IGEN**-nel.

Ezt kívánja tőlünk nemcsak saját jól felfogott érdekünk, hanem gyermekeink jövőjének érdeke, óhazai magyar testvéreink érdeke és az egész haladó emberiség jövőjének érdeke is.

In These Days of Crisis

WHEN the armies, navies and air forces of the 26 Allied Nations are waging a bitter struggle all over the world against the dark forces of fascism, when the issue that hangs in the balance is whether we shall be free or whether the whole world is to be thrown back to such a barbarism, beside which even the age of slavery will look dim — no one can stay neutral.

The place of every freedom-loving Canadian-Hungarian is in the camp of those who are struggling against fascism! We, Canadian-Hungarians, have more than one reason to fight naziism and fascism! It is in our interest to defend our new homeland, Canada, against a nazi or japanese invasion, so that we shall remain free; it is in our interest to liberate our native land, those beloved ones whom we left behind, from nazi-slavery, because, should Hitler win, Hungary will remain a German Colony.

We are living in Canada, we have to share, in good or bad, the fate of the Canadian people, which is our fate, the fate of our children as well. We have to help the fight against fascism where we are.

And what is our duty now that the King government is calling upon us to release it from its former pledges on the issue of conscription for service overseas? It is clear that **WE MUST VOTE YES** if we are determined to soon have the world freed from fascist slavery, oppression and misery, if we are determined to have the nazi plunderers chased out of Hungary as soon as possible, if we are determined to have the starving people of Hungary enjoy the fruits of Hungarian soil which is being devoured by the nazis, if we are determined not to have our new land, Canada, become a nazi colony.

2. These groups are at the present time quite in-active even in the form, for which they were organized. Sgt. Cawsey in his report dated March 18th, dealt with the Blairmore groups namely, Bert Sincier (Sensier), Don. McPherson, Mrs. M. Picard, Frank Lyons, A.G. Picard, and A.J. Olson commonly known as "Bert" Olson. Further to these remarks, P.C.R. March 18th? it appears that none of the above named officer were ever connected with any Communist Party or any of such movements. It might be added that John Dudley, president of Hillcrest #1 group is now overseas with the Army; Glyn Rees, president of Hillcrest #6 has moved his residence to Blairmore, where he is working in the West Canadian Collieries. The only officer in the above list, who has been under investigation is [redacted] and that was in connection with "JEHOVAH WITNESS'S".

Headquarters

1. During the past months investigations in this connection were mainly centred in Bellevue and Hillcrest districts and reported on in file re: [redacted] - Bellevue, Alta. War Measures Act. [redacted] Observations

Sub-Division

[redacted] from time to time in both Blairmore and Coleman [redacted] would appear that there is no activity here in so far as any organized work is concerned. It has often been felt that a prevailing feeling was in existence as sympathizing in this attitude however even with the entry of Russia into war against the Nazism, which sympathizers condemned, no out-spoken feeling or action has been observed.

2. At the present time all coal-mines in the Pass area are working 6 days a week. Such continuous working does not afford much time for participation in any movements. And although, as reported, there does not appear anything to view with seriousness, every effort is being made to establish such contacts as to be able to foretell any activity. All subjects that have been reported on previously are closely watched even on expressions of sentiment as far as possible.

1. This has reference to the above, Memo. of the Officer Commanding Lethbridge Sub-Division, dated April 29th, and Secret C.M. of the Officer Commanding "K" Div., dated April 19th.

2. Prior to the 29th April, I had the Central Canadian Greyhound Bus, C.P.R. and Post Office checked through out the Pass, without finding any parcels that might have contained these Manifestos.

L.S. 52-163

Detachment

3. On the 29th April I made a check of the Pass, assisted by other members of this detachment, in case it was decided to distribute the May Day Manifestos early than anticipated. None were found.

P. C. R.
First.

4. On the 30th April I placed Cst. Hough at Bellevue, Cst. Simbalist at Coleman, Cst. Logan at Blairmore, and had Cst. Pangman on patrol through the Pass, via police car 3343. Patrols were sent out at 8.45 P.M., and remained on duty until 6.30 A.M. the following morning. Through the night Cst. Pangman contacted other members and kept in touch with my by phone. He also checked Hillcrest in company with Cst. Hough who patrolled over there from Bellevue.

CARDER

5. At 4 A.M. Cst. Simbalist phoned to the effect he had found 10 copies of the May Day Manifestos in yards of residences in Bus Town, Coleman, along the main street. They had been placed over a small section, and no one had been observed because there were no lights and the night was very dark. There are so many people in that section of the town that are Communist sympathizers it would be impossible even to suggest the guilty party or parties. Although a thorough search was made in the town of Coleman, no other Manifestos were found.

6. At 4.30 A.M. Cst. Pangman phoned and advised me that he and Cst. Hough had found six copies of the May Day Manifesto, which had been distributed in Peaceful Valley, about half a mile east of Hillcrest. These were found at approx. 4.35 A.M. May 1st. Two men were observed in a yard and on being questioned gave their names as [redacted]. They were dressed in pants, suit coats, shoes, but no shirts, having the appearance of having dressed in a hurry. The told Csts. Pangman and Hough that they had heard a dog barking and got up to see what was causing him to bark. They appeared very nervous, but denied knowing anything about the May Day Manifestoes. However some Manifestoes were found within a few houses of the [redacted] shack.

7. On making further investigations I find that [redacted] is a communist sympathizer. He is mentioned in Cst. Wonnor's report of the 28th Jan. 1941, under the heading of the Independent Mutual Benefit Federation, Crow's Nest Pass.

8. [redacted] does not appear to be known in this district. He claims to have been in Hillcrest only a short time, but I was unable to learn anything about his past. But the fact he is living with [redacted] would lead one to believe that he is also a sympathizer. He also stated that he is a miner and employed at the Bellevue Mine.

9. I have had a very thorough check made of the Pass towns, but I am unable to find where any more of the May Day Manifestos have been distributed.

10. It would appear that [redacted] are responsible for the distributing of the pamphlets in the district known as Peaceful Valley close to Hillcrest. However, they were not seen distributing them, and they have denied their guilt

For your information.

You will note that practically all the Communists in the Pass have joined the Social Credit Club. Albert Olson, the man you recently referred to as the key man in the Crows Nest Pass, is taking the leadership of this club as the secretary. You will please submit a report naming the officers of this club and the names of the known members, stating whether or not, from your available information, they were previously known to you as Communists.

You will discreetly keep the activities of this particular organization under observation and report such under the heading of the "Communist Party of Canada - Blairmore, Alta." as this would appear to be the means of Communists meeting at that particular point. You might also advise in your report whether this particular club embraces memberships from other points in the Crows Nest Pass.

1. The foregoing covers a recent survey made of the situation at Blairmore. It will be noted that a number of known Communists have joined a Social Credit Club at that point. Albert Olson has apparently taken the leadership as secretary of the Social Credit Club. This man was recently reported on by the N.C.O. i/c Blairmore Detachment, under date of the 28th February 1941 with which report F. 215 and 215A were forwarded, as a potential leader of the Communists at Blairmore.

2. I would refer you to my forwarding minute to Cst. Connors' report dated at Lethbridge, March 12th, going forward in today's mail re "Communist Party of Canada - Lethbridge, Alta". The same situation as exists in Lethbridge appears to exist in the Crows Nest Pass. There is apparently no organization of the Party in the Crows nest Pass. Their outlet, however, possible for meeting, is through the Social Credit Club.

2. During the past period considerable investigation has been carried on in connection with the Independent Mutual Benefit Federation L.S.52-9 D. It has been found that the following active members of the Federation are active indeed in the Federation in most cases as officers of the local branches.

3. Ernest Coates (the present secretary of the English branch at Bellevue. Alta. whilst not an out and out communist, had during the years 1932.34 -35 rather radical leanings, he has been quiet since re employment at the mines.

Mike Gregory treasurer of the same branch of the Federation, has not been active for some years, he participated in parades etc, during the years 32.33.34.

The subjects [redacted] have been known for years as sympathizers with the communist party. All persons mentioned in Para. [redacted] are subjects of Lethbridge C.I.B report headed Independent Mutual Federation [redacted] dated 28.1.41.

4. From my investigations I am satisfied that the Federation is controlled by, and under the control of the communist party, and whilst the Federation on the surface is at present quiet and within the law that the Federation is being used to keep the communist party machinery intact and ready for instant action. The activities of this Federation are being closely watched and reports will be submitted.

5. Mrs. John (MARY) NORTH of Blairmore. Alta. very active in communist matters until the last year, and a subject of practically all reports dealing with communism in this area, has died. She may be struck from our records.

6. Investigations will be continued and reports will be submitted in due course.

2. For some months previous to the communist party becoming illegal, the organization in the Crows Nest Pass was badly disrupted, with little activity being shown, with the War Measures act coming into force, all activity ceased. As reported in my previous report 20.11.40 there appears to be some activity among the party at Coleman, close investigation of this matter however reveals to the present such activity consists of what appears on the surface as "just ordinary" house parties, visits to such places reveals that those in attendance were in practically every case former members, or adherents to the party. I have been informed that the only activity in the Coleman area is among the Ukrainians and Russians. I am further informed that whilst some activity is apparent that no real communist meetings are being held, nor has any one of the former members declared themselves anew.

3. Blairmore remains very disrupted, but still it is noted that certain former members (known) of the party are frequenting together more than they have for the past few months. Enoch Williams, Mayor of Blairmore Alta. and former secretary of the Communist party in this area, I am informed will not be a candidate in February for the mayors chair, he has been exceptionally busy with his duties in connection with the position of local secretary for the U.M.W of A local and complains that he has not time for other matters. Williams it will be remembered, was supposed to have resigned from the party previous to the last Provincial election, and at that time was not in favour of party members due to his action over certain town matters. In my opinion Williams is the only person who can revive the party in Blairmore, Alta. and I am informed that after February 1940 Williams will become more active in party matters.

The Ukrainians and some Slavs are mixing more than they have for the past few months. Those referred to having been known to be members of the communist party or close adherents to same.

5. The situation briefly appears to me from information received and observations, that a movement is on foot, to feel the situation out, such feelers being at present in the form of house parties, similar to that referred to in the Coleman area para 1 hereof, and from this branching out a little bolder.

Some months ago beer parties were common among former members of the party, and were for the purpose of getting the members together under the pretense of a house party and then taking collections for party movements. Such parties however died down. This is the first party held for a long while, and that no collection was taken, nor was any subversive matters discussed, and to all intents and purposes it was the forerunner only of some activity in the party.

The communist situation remains very quiet, [redacted] due to the present mild weather persons who are communist inclined are spending much time about their houses, cleaning yards and working outside and taking long walks in the hills and are not gathering together and talking. With a change in weather conditions [redacted] more activity will be noticed among the known communists as they then gather at houses at nights and talk. The only matter of local interest that I have heard about is the local town elections, when a Mayor and two councillors are to be elected, this has caused some discussion as the present Mayor, a communist adherent is in "bad" with the party, the elections however will not be held until February 1941 and such discussions are presently not at fever heat.

In my report of Aug 6th.1940 it was suggested that a search would be made of this mans premises, however with present conditions I am of the opinion that any search would prove abortive.

3. Referring to letter of O.C. "K" Div Intelligence section and to O.C. Some several weeks ago I discussed with Sgt. Harvey and Sgt. Cawsey the matter of making searches at Blairmore and Lethbridge at the residences of known prominent Communists in these areas. We have one or two places at Lethbridge that we intend to search. However, it was thought that searches at Blairmore ~~should be made at the same time.~~ It will be noted that Sgt. Cawsey considers that it should be done in November. We have no information, at the present time, that suggests that any of these Communists may have any literature or correspondence in connection with the present activities of the Communist Party, but I do not consider that a search would do any particular harm and we may obtain some results, therefrom.

1. Reference the above matter, close touch has been kept on the activities of the party in this area, on the surface everything appears quiet.

2. Regarding Lethbridge C.I.B. report dated 10.9-40 para 2, SP.4, it is known that the party at Blairmore is still intact, and as days go by this becomes more apparent, the matter of discussions about relief being cut off, has not been so evident although it has been brought to my attention. The matter of the Town elections however is the usual Blairmore conversation, at each election time and previous to same, election committees are appointed from the Union, the majority of such committee are known communists, or at least were members of the party previous to same being banned.

3. The subject [redacted] of the Independent Mutual Benefit Federation at Hillcrest, Alta. has left the area he having left Hillcrest, Alta shortly after the closing of the mine at that point. He is presently at Michel B.C. he was never dangerous.

[redacted] she has numerous friends in North Lethbridge and was a frequent visitor at that point. I do not think that [redacted] will return to Hillcrest Alta. as the mines are closed, and again he left this district as a result of activities of this detachment over distribution of pamphlets.

5. With the mines working on short pay, I am looking for more activity in the communist ranks,

Re: The Communist Party of Canada,

1. With reference to secret report of Constable J. S. Connors of Lethbridge C. I. B. dated 10th September, 1940, and further report in regard thereto submitted by Sergt. Cawsey of Blairmore Detachment relative to Communist conditions at Blairmore and throughout the Crow's Nest Pass generally, it appears necessary to endeavour to take action to prevent the Communist Party from recommencing its activities in any form.

2. The difficulties to be surmounted are well appreciated by this Headquarters but it is suggested that the N. C. O. in charge of Blairmore Detachment take whatever steps he considers advisable to enforce the Defence of Canada Regulations. Possibly a search of the premises of ex-members of the Party who it is thought are responsible for keeping unity among the Communist element may reveal correspondence or literature that would at least indicate they are contravening Paragraph (2) of Regulation 39 C or Regulation 39 D of the Defence of Canada Regulations.

3. If it is found that any particular individual is acting as organizer for the Communist Party in the Crow's Nest Pass and sufficient evidence cannot be obtained to secure a conviction, then it would be advisable to submit a Personal History File and a Brief on Forms 237, making a recommendation for the individual's internment. It is imperative that the freedom of Communist organizers in the Crow's Nest Pass should be restricted, particularly as an industry of national importance is located there.

1. With reference to the above and to previous reports as marginally noted.

2. In connection with Communist Party activities in the Pass District and Blairmore, the following information has been obtained

William Rogers, Communist Party organizer and member of the Provincial Committee was in Blairmore for a short period during the month of June 1940 and advised several members there that all the personal history briefs of main Party leaders, including two photographs of each, which had been compiled during the year 1938 by the Communist Party on its Alberta members, had fallen into the hands of the police at Edmonton through a traitor on the Provincial Committee and as a result of this instructions had been issued from the Dominion Bureau of the Party for the betrayed members to avoid all open activities in connection with the Party and that all responsible work should be carried on by other unknown members who were to be drafted from the rank and file of party membership in Alberta.

"Changes in this direction have not been known as yet to have taken place in the Pass Area".

"The Communist Party in Blairmore is holding together very strongly and have been lately avoiding the holding of general meetings, however have been practicing and carrying on of contact by meeting in small groups of two and three and at times of larger numbers, at billiard halls and beer parlours and discussing political questions, and labour matters. The question of the cutting of relief recently has occupied a large part of their conversations however at the present time under the circumstances, no plan or action could be arranged in view of difficulties involved. The internment recently of William Repka from Lethbridge is being discussed and has temporarily caused a quieting effect. Considerable discussion is taking place over the next Civic Election at Blairmore and word is being passed around to prepare for this and to back party and labour candidates. It is expected that two new members will be elected to the town council and it is proposed to make every effort to have the seats filled by Party members of sympathizers in order to continue to enjoy the majority and control over the town administration which they have at the present time."

"Although not holding any actual meetings at the present time a strong feeling of brotherhood and of carrying on" is present and the tendency of sympathy towards Hitler which is present - (CONTINUED)

"No known travelling organizers have been known to visit the Pass for some time with the exception of William Rogers and conditions have been fairly quiet apart from the interest being proposed in the next Civic election and it is likely that considerable activity will take place in that district at that time."

2. Whilst on the surface communists are all quiet, I am strongly of the opinion that such is not the case and have for the past week been endeavouring through informants and otherwise to get at the bottom of such opinion. I have nothing definite in the way of information, and all informants report no activity at all. However I have noticed former key men of the communist party locally have appeared quite active, in particular mixing more with former known members of the party, and in some cases heated discussions have taken place, there is at present in Blairmore some dissatisfaction over labor matters in the local mines and I have checked some of the discussions noted down and find that labor matters were the topic, still I am not satisfied that same covered all discussions noted.
