PROVIDED ALWAYS that this demise is granted upon and subject to the following provisos, conditions, restrictions, and stipulations, that is to say:—

1. That the lessee shall and will well and truly pay or cause to be paid to the Minister at Ottawa, the rent and royalty hereby reserved, and shall and will make all returns at the times and in the manner herein or in or under the said regulation prescribed.

2. That the lessee shall and will well and truly and faithfully observe, perform, and abide by all the obligations, conditions, provisos, and restrictions in or under the said regulations imposed upon lessees or upon the said lessee.

3. That the lessee shall and will keep correct books of such kind and in such form as may be prescribed by the Minister, showing the quantity and value of the minerals taken out of the said lands, and whenever required so to do shall submit such books to the inspection of any officer or person appointed or authorized by the Minister to examine the same for the purpose of verifying the returns made by the lessee.

4. That the lessee shall and will, during the said term, make such provision for the disposal of the earth, rock, waste, or refuse of the said lands that the same shall not be an inconvenience, nuisance, or obstruction to any railway right of way, roadway, pass, passage, river, creek, or place, or to any private, public, or Crown lands, or conflict with or embarrass the operating of any other mines on the said lands, or in any manner whatsoever occasion any private or public damage, nuisance, or inconvenience.

5. That the lessee shall and will, during the said term, make and deliver to the Minister or to any officer or agent appointed or instructed by him to collect, obtain or receive the same, all such true and proper plans, sections, returns, and statistics of the working and operations of any mines on the said lands (the truth and accuracy of which shall be verified by oath or solemn declaration of the lessee or his manager, agent, or employee cognizant of the facts), as the Minister shall from time to time direct.

6. That the lessee shall and will, during the said term, make proper and reasonable compensation to the owner, occupier or lessee of any adjoining lands or of the surface rights of the said lands hereinbefore described, including lands of His Majesty (should he be such owner, occupier, or lessee) in respect of any damage which may be sustained by any such owner, occupier, or lessee by reason of the working of any mine on the said lands, or the carrying on of any works connected therewith, or of any operations of the lessee under these presents, such compensation, in case the parties do not agree thereupon, to be determined, if such owner, occupier, or lessee requires, by arbitration, one arbitrator to be named by him, one by the lessee, and a third by the two so named, and the award of the three or of any two of them to be final.

7. That the lessee shall also make proper and reasonable compensation to any railway company for any damage caused to the right of way or station grounds of the railway or other property of the Company upon the said lands, the amount of such compensation to be ascertained and settled in the manner provided by the said regulations with respect to matters in dispute in relation to the acquisition of surface rights.

8. That the lessee shall and will permit any inspector or other person duly authorized in that behalf, with all proper or necessary assistants, at all reasonable times during the said term, quietly to enter into and upon the said lands, mines, and premises, and into all buildings erected thereon, and into any part thereof, and to survey and examine the state and condition thereof, and for the purpose aforesaid to descend all pits and shafts, and to enter and use all adits, tunnels, shafts, rises, wings, levels, galleries, drives and excavations, and to use all roads, ways, engines, ropes, machinery, gear, appliances, materials, and other things in and on the said land and mines which shall by him be deemed necessary, without making any compensation for the same, so nevertheless that in so doing no unnecessary interference is caused with the carrying on of the mining work of the lessee; and shall and will by all means in his power aid and facilitate such inspector or other person in making such entry, survey, and examination.

9. That the lessee shall and will during the said term, open, use, and work any mines and works opened and carried on by him upon the said lands in such manner only as is usual and customary in skilful and proper mining operations of similar character when conducted by proprietors themselves on their own lands, and when working the same shall keep and preserve the said mines and works from all avoidable injury and damage, and also the adits, tunnels, shafts, rises, wings, levels, drifts, water-courses, roads, ways, works, erections, and fixtures therein and thereon in good repair and condition except such of the matters and things last aforesaid as shall from time to time be considered by any inspector or other person authorized by the Minister to inspect and report upon such matters and things to be unnecessary for the proper working of any such mine, but so that no supports placed in any mine, or any timbers or frame work necessary to the use and maintenance of shafts or other approaches thereto or tramways thereon, shall be removed or impaired, and in such state and condition shall and will at the end or sooner determination of the said term deliver peaceable possession thereof and of the said lands to His Majesty.

10. That the lessee shall and will during the said term enclose and keep enclosed all abandoned openings or excavations made in connection with or for the purposes of mining operations on the said lands with fences or walls sufficient to prevent cattle or other animals falling thereinto, such fences or walls to be of a height and character satisfactory to the Minister or to the inspector or other person duly authorized by him as aforesaid, and to comply with any regulations or directions from time to time made or given by the Minister.

11. And that the lessee shall not in the exercise of such liberty and power in any way have the right to conflict or interfere with, hinder or make difficult in any way the mining operation of any other minerals than the quartz minerals aforesaid, which His Majesty or his grantees may at any time wish to carry on; and the lessee covenants with His Majesty that he will not attempt to mine for

the said minerals on the said land or to make erections or buildings thereon in any place which may be so near to any spot in which other minerals may exist as in any way to interfere in the opinion of the Minister with the mining, extraction, use, or preparation for sale of such other minerals.

12. And that the lessee, his servants, agents, or workmen, shall in accordance with the provisions of the said regulations have a right of way over and upon the said lands and with or without carts, sleighs, vehicles, and horses or other animals, for the purpose of digging for, working and carrying away the said quartz minerals.

13. That no waiver on behalf of His Majesty of any breach of any or either of the provisos, conditions, restrictions, and stipulations herein contained, whether negative or positive in form, shall take effect or be binding upon him, unless the same be expressed in writing under the authority of the Minister; and any waiver so expressed shall extend only to the particular breach so waived and shall not limit or affect His Majesty's rights with respect to any other or future breach.

14. That no implied covenant or liability of any kind on His Majesty's part is created by the use of the word "demise" or "lease" herein, or by the use of any other word or words herein, or shall otherwise arise by reason of these presents or anything therein contained.

15. And that if the rent hereby reserved or any part thereof shall be unpaid for thirty days after becoming payable (whether payment thereof shall have been demanded or not), or if any covenant, proviso, stipulation, or condition on the part of the lessee herein contained shall not be performed or observed, then and in any of the said cases it shall be lawful for the Minister (without judicial inquiry), by notice in writing to cancel these presents and terminate the estate or term hereby demised and thereupon these presents and everything therein contained and the estate or term shall from the time of the giving of such notice absolutely cease, determine and be void without re-entry or any other act or any suit, or legal proceedings to be brought or taken, provided that His Majesty shall nevertheless be entitled to recover from the lessee the rent then accrued or accruing and moreover that any right of action of His Majesty against the lessee in respect of any antecedent breach of any of the said covenants, provisos, stipulations, or conditions shall not thereby be prejudiced.

16. And that any notice affecting the tenancy hereunder which the Minister may desire to serve upon the lessee shall be sufficiently served on the lessee if left addressed to him on the demised premises or posted to him addressed to his last known address or if left at the said address. A notice sent by post shall be deemed to be given at the time when in due course of post it would be delivered at the address to which it is sent. Such notice may be legally given by the Minister, Deputy Minister, or Director, ~~Lands and Development Services Branch.~~

Lands, Parks and Forests Branch.

17. That within six months from the termination of this lease from any cause if all rent and royalty due thereunder shall have been paid and all provisos, conditions, restrictions, and stipulations hereby imposed upon the lessee shall have been duly observed and performed, the lessee may remove from the said lands all tools and machinery, buildings, and erections which he may have placed thereon, but shall not remove or impair any of the supports, timbers, or frame-works aforesaid which are necessary to the use and maintenance of the shafts or other approaches to any mine on the said lands, or any tramways or ladders therein, or any article, matter, or thing the removal of which might cause such mine to fall, cave in or give way, and that in default of removal within such period of six months all such tools and machinery, buildings and erections shall be absolutely forfeited and shall become and be the property of His Majesty.

18. Provided that, if in consequence of insufficient survey or of any cause whatsoever, the said demised premises are found to include a portion of the

quartz mining rights demised to any other person under the regulations of any Order of the Governor General in Council, the lessee whose application was first recorded in accordance with the provisions of such regulations shall have priority.

Where the context permits, the expression "lessee" herein includes the heirs, executors, administrators, and assigns of the lessee, the expression "His Majesty" includes the successors and assigns of His Majesty, and the expression "Minister" includes the successors in office of the Minister of Mines and Resources.
