Fescue Seed, 22 lbs.	Hemp Seed, 44 lbs.
Corn, 56 lbs.	Lime, 70 lbs.

INTEREST CALCULATIONS

RULE: Multiply the principal by as many one hundredths as there are days, and then divide as follows:

Per cent	4	5	6	7	8	9	10	12
Divide by	90	72	60	52	45	40	36	30

EXAMPLES: Interest on \$100 for 90 days at 5 per cent.: 100 x .90 = 90.00 divided by 72 = 1.25 (one dollar and 25 cents); on \$1 for 30 days at 6 per cent.: 1 x .30 = .30 divided by 60 = .005 (5 mills).

DOMINION OF CANADA

CANADIAN GOVERNMENT

Canada is a self-governing Dominion and a member of the British Commonwealth of Nations.

The constitution under which Canada is governed is embodied in the British North America Acts, 1867 to 1930.

The British North America Acts provide that there shall be for Canada one Parliament consisting of the King, an Upper House styled the Senate, and the House of Commons.

The members of the Senate (96 at present) are appointed for life. The members of the House of Commons (245 at present) are elected by popular vote. Every House of Commons continues for five years unless sooner dissolved.

Executive authority is vested in the King, who is represented in Canada by a Governor-General.

The King's Privy Council for Canada is a body composed of members chosen and summoned by the Governor-General to aid and advise in the government of the country. This body practically never meets as a whole, but active control of the business of governing rests in the hands of that group of its members, headed by the First (or Prime) Minister, to which the Governor-General entrusts it for the time being. The members of this group are Ministers of the Crown. It is the custom that they all be members of parliament and the group is often popularly referred to as "the Cabinet", "the Ministry" or "the Government" although these terms have no official status. Control is entrusted to a Ministry for as long as it retains the support of a majority of the members of the House of Commons. When a Ministry ceases to receive that support it surrenders control and by due process is replaced by another having the necessary backing in the House.

Within the field defined by the British North America Acts legislative authority is vested in Parliament, and this authority extends over the whole of Canada.

Judicial functions are exercised throughout the country by Dominion, Provincial and Territorial Courts, all of which operate within such limits as are respectively appointed for each.

TERMS AND SITTINGS OF COURTS

The Supreme Court of Canada

Sittings are held at Ottawa commencing on the first Tuesday in February, the fourth Tuesday in April and the first Tuesday in October in each year.

The Exchequer Court of Canada

sits at such places and times as the Court may appoint.

The Supreme Court of Ontario

is a superior court of record having both criminal and civil jurisdiction. It consists of two branches, the Appellate and the High Court, designated respectively "The Court of Appeal for Ontario" and "The High Court of Justice for Ontario."

Judges of the Supreme Court of Ontario are appointed either to the Court of Appeal or to the High Court of Justice. Each upon appointment becomes also a judge ex-officio of the branch to which he was not specifically appointed. All judges of the Supreme Court of Ontario have equal jurisdiction, power, and authority, except as may be otherwise expressly provided.

The sittings of the Court of Appeal for Ontario are at present practically continuous except in the Long and Christmas Vacations. This court may sit in two divisions and such divisions may sit either in alternate weeks or concurrently as the proper despatch of business may require.

Sittings of the High Court of Justice for Ontario for trials with and without juries are held in Toronto and in the County towns throughout Ontario at such times as are appointed.

Except during Vacations a single judge sits at Osgoode Hall, Toronto, as and for the Court on Monday, Wednesday, and Thursday

of each week and in Chambers on Tuesday and Friday of each week.

During Vacations a single judge sits at Osgoode Hall, Toronto, usually on Wednesday or Thursday of each week, for the purpose of hearing such applications as require to be dealt with promptly.

Long Vacation in the Supreme Court of Ontario consists of the months of July and August, and Christmas Vacation is from 24th December to 6th of January following, both days inclusive.

County Courts (Ontario)

Sittings of these courts for trials, both with and without juries, are held (a) in the Counties of Carleton and Middlesex twice each year, commencing on the first Monday in June and December, (b) in the County of York four times each year, commencing on the first Monday in December, March and May and on the second Monday in September, (c) in the County of Wentworth four times each year, commencing on the first Monday in December and March and on the second Monday in May and September and (d) in all other Counties twice each year, commencing on the first Monday in June and December.

Sittings for trial of non-jury cases are also held in every County except York and Wentworth twice in each year, commencing on the first Monday in April and October.

In addition to the regular sittings special ones may be held for the trial of non-jury cases at such times as the judge may direct.

Surrogate Courts (Ontario)

In the Surrogate Court the usual procedure is to get appointments from the judge as required.

General Sessions of the Peace (Ontario)

These courts have jurisdiction to try all criminal offences except homicide and those mentioned in section 583 of the Criminal Code.

Sittings are held (a) in the County of York four times each year commencing on the first Monday in December, March and May and on the second Monday in September, (b) in the County of Wentworth four times each year commencing on the first Monday in December and March and on the second Monday in May and September, and (c) in all other Counties twice each year commencing on the first Monday in June and December.

In all counties, a court known as "The County Court Judges' Criminal Court" sits out of Sessions for trial without a jury of such persons imprisoned on criminal charges within its jurisdiction as consent to be so tried.

Division Courts (Ontario)

Sittings are held throughout the Province at such times and places as may be appointed pursuant to rules made by the Lieutenant-Governor-in-Council.

In the City of Toronto the present practice is that the First Division Court of the County of York sits every week except during August, the sittings commencing on Tuesday and continuing until Friday. Judgment Summons Court is held on the first Monday of every month except August, odd-numbered cases being dealt with at 10 a.m. and even-numbered cases at 2 p.m. Jury cases are heard at least once every three months. Matters which require to be heard in Chambers are dealt with as and when the necessity arises.

USEFUL INFORMATION ABOUT PROMISSORY NOTES

Demand Notes are payable on presentation, without days of grace, and, unless they are otherwise written, they commence to bear interest at the legal rate upon the date a demand for payment is made. An endorser on a demand note is held only for a reasonable time.

To be negotiable, a note must either be payable to bearer or be properly endorsed by the party to whose order it is drawn. If an endorser wishes to avoid subsequent liability, he can endorse "without recourse."

A Joint Note is one signed by two or more persons. Depending on the tenor of the note, these persons may be either jointly or jointly and severally liable thereon.

Three Days' Grace are (unless the note in question is otherwise written) added to the period specified in all time notes and are allowed on sight notes after date of presentation. If a note is not paid on or before the expiration of the days of grace, endorsers, if any, should be legally notified to be held on.

Notes Maturing on Sunday, or on a legal holiday, are payable the day following, except when such holiday falls on Sunday, in which case they are payable on the Tuesday following.

Materially Altering a Note in any manner makes it void except as against parties already liable thereon who assent to the alteration, and as against parties who endorse it subsequent to the alteration.

A Note given by a Minor cannot be enforced against such minor.

If a Note is Lost before it becomes overdue the maker thereof may be compelled to give a duplicate, but if he is so compelled he is entitled to insist that he be given indemnity against all persons whatsoever who might base claims upon the original note in the event that it should be subsequently found.

An Endorser, should he be obliged to pay thereon, has a right of action against all whose names were previously on a note endorsed by him, except those who have endorsed "without recourse."

Whenever there is a Discrepancy between the words and the figures expressing the sum payable on a note, the words govern.

COMMERCIAL LAW

ONTARIO

ARREST FOR DEBT—When a creditor has a claim of \$100 or over, and on an application to a Supreme or County Court judge can show to the satisfaction of such judge that he has such claim and that there is good and probable cause for believing that the debtor in question is about to leave the Province with intent to defraud either the applicant or his creditors generally and will do so unless forthwith apprehended, an order for the arrest of such debtor may be granted.

ASSIGNMENTS—Are now made under the Bankruptcy Act—see under heading "Bankruptcy."

BANKRUPTCY—The law covering bankruptcy in Canada is contained in Cap. 11, Revised Statutes of Canada, 1927, and amendments. Under it one or more creditors having a claim or claims aggregating at least Five Hundred Dollars may lodge with the proper court a petition for a receiving order based on any of the following (among other) grounds: that during the six months next preceding the date of the petition the person claimed to be insolvent (1) made an assignment for the benefit of creditors generally, (2) made a fraudulent delivery gift or transfer of any part of his property, (3) created a fraudulent preference as defined by the Act, (4) departed from his dwelling or the country with intent to impede creditors, (5) permitted an execution or other process to remain unsatisfied in the hands of the sheriff for fourteen days after a written demand for payment by such sheriff or seizure by him, (6) presented to any meeting of creditors a statement showing insolvency, (7) made any attempt to remove or dispose of any of his property with intent to defraud, (8) made a bulk sale of his goods without complying with any applicable Bulk Sales Act, (9) Notified creditors that he has suspended or is about to suspend payment of debts, (10) has ceased to meet his liabilities generally as they become due. If satisfied that the circumstances are proper for so doing, the court may then make a receiving order and appoint a licensed trustee as Custodian. A Trustee will be selected by the creditors at their first meeting. This Trustee replaces the Custodian.

An insolvent debtor owing over \$500.00 may make a voluntary assignment to the Official Receiver who, if he accepts such assignment will appoint a licensed trustee as Custodian. A Trustee is selected by the creditors at their first meeting. This Trustee replaces the Custodian.

A composition, subject to court approval, may be made with creditors where a majority of them holding three-fourths in value of all proved debts approve. Provision is made in the statute for the release of the bankrupt under certain circumstances.

A receiving order or authorized assignment has priority over all garnishments, attachments or executions unless such have been satisfied by payment. Wages to the extent of three months are preferred claims. In Ontario the preferred claim for rent is limited to arrears (not in excess of three months) accumulated immediately prior to the date of the receiving order or assignment, rent for three months immediately following such date and, should he elect to remain in possession, rent for any period of occupation by the Trustee subsequent to such three months.

BILLS OF EXCHANGE AND PROMISSORY NOTES—These are subject to the usual rules in respect of days of grace, notice and protest. There are no days of grace allowed on a bill payable on demand or where no time is mentioned, but they are allowed when the bill is payable at or after sight. Notes only bear interest from the date of maturity, and then at the legal rate (5 p.c. per annum), unless another rate and the period during which interest is to be charged are expressly mentioned on the face. Loss of a bill or note does not prevent collection of the amount represented thereby. Should a bill or note be lost before it becomes overdue, the maker thereof may be compelled to furnish a duplicate, provided (if he requires it) indemnity is given to him against all parties who might base claims upon the original one should it subsequently be found.

BILLS OF SALE AND CHATTEL MORTGAGES—If possession of the affected property does not change hands, the document must be registered within five days after execution in the office of the proper County Court Clerk, otherwise it is void as against creditors of the bargainor, or mortgagor, and subsequent purchasers or mortgagees in good faith and for value. In the case of a chattel mortgage, the affidavit of execution must state the date of execution. There must also be filed an affidavit that the document was executed in good faith and not to defeat creditors. There are special regulations regarding chattel mortgages and bills of sale in Districts and Provisional Counties, both as to place of filing, and time of filing. Chattel mortgages must be renewed yearly by the filing of a renewal statement in the proper office.

COURTS, CIVIL JURISDICTION OF—In actions of debt or money demand the Division Court has jurisdiction to the extent of \$400 when the amount claimed is ascertained by the signature of the debtor and to the extent of \$200 when it is not so ascertained. In personal actions it has jurisdiction to the extent of \$120, and if the parties consent in writing, to the extent of \$200. The County Court has jurisdiction in money claims on contract where the sum claimed does not exceed \$800. In certain other actions where the amount involved does not exceed \$500, and in the case of actions respecting partnerships where the capital is not over \$2,000, where no objection is raised by the parties the County Court has practically unlimited jurisdiction. Where neither the Division Court nor the County Court has jurisdiction, action should be brought in the Supreme Court.

EXECUTION—In the County Court and in the Supreme Court execution may issue immediately upon entry of judgment, unless stayed by order of the court. Writs of Execution against both goods and lands remain in force for three years, unless satisfied in the meantime, or withdrawn. Writs may be renewed from time to time for periods of three years. Lands cannot be sold until after one year from the time the writ is delivered to the Sheriff, but both goods and lands are bound from date of such delivery.

EXEMPTIONS—The exemptions from seizure under execution and distress are enumerated in The Execution Act, R. S. O. 1937 cap. 125 and amendments and consist generally of:

1. Necessary and ordinary wearing apparel of the debtor and his family.
2. Such fuel as is within the debtor's home.
3. The household furniture, utensils and equipment contained in and forming part of the permanent home of the debtor except such thereof as may have been purchased to defeat claims of creditors and provided that in the case of a judgment obtained on a claim for clothing, food, fuel or shelter supplied for the debtor or his family, the exemption to be allowed as under this heading shall not exceed \$200.00 in value.
4. In the case of a debtor who is a farmer or a tiller of the soil, such food for himself and his family as is necessary for their consumption until the next succeeding harvest. In the case of every other debtor, such food for the consumption of himself and his family as he may actually have in his possession.
5. Livestock, fowl, bees, books, tools, implements and other chattels necessary to and actually in use by the debtor in his business, profession or calling, to the extent of \$600.00.
The debtor may elect to take the proceeds of a sale of these items up to \$600.00. This sum is exempt from attachment or seizure by creditors.
6. In the case of a debtor who is a farmer or a tiller of the soil, certain quantities of seed and potatoes together with feed and bedding for stock as detailed in the Act.

(EXEMPTIONS—continued over leaf)

COMMERCIAL LAW—Continued

(EXEMPTIONS—continued from previous page)

In qualification of the above, no article (including fuel but excepting, however, beds, bedding, bedsteads and cradles in ordinary use by the debtor and his family and his and their necessary and ordinary wearing apparel) is exempt from seizure in satisfaction of a debt contracted for such article.

EXAMINATION OF JUDGMENT DEBTOR—A judgment debtor may be examined as to his present means, also as to his property at the time the debt in question was incurred and the disposition made of the same. In the higher courts the transferee may also be examined. Any person in possession of property of the judgment debtor may also be examined under order. On examination in the Division Court the judge may order the debtor to pay the debt in such a way as he (the judge) deems proper. If default occurs in compliance with such order, the judge may commit the debtor to jail.

FRAUDULENT CONVEYANCES—Conveyances in fraud of creditors are void. Conveyances or transfers with a view to giving the transferee a preference and made within three months immediately prior to the transferor being adjudged bankrupt or his making an authorized assignment, are void as against the trustee in bankruptcy or under the assignment, and will be presumed prima facie to have been made with such a view if they in fact effect such a preference.

GARNISHEE PROCEEDINGS—Debts due to a judgment debtor may be attached in all courts after judgment has been obtained. In addition, there is provision in the Division Court for attachment of debts other than wages at the time of the issue of the summons. An attachment shall be deemed to be for the benefit of all creditors when issued out of the Supreme Court or a County Court, and payment shall be made to the Sheriff of the County where the garnishee resides.

Generally speaking, except in the case of debts for board or lodging, and except where the debtor is an unmarried person without dependants, 70% of wages is exempt from attachment but on application made to it, the court may in its discretion raise or lower this percentage to such degree as it deems just.

INTEREST—The legal rate is five per cent. per annum on liabilities incurred since 7th day of July, 1900. When interest is to be paid the legal rate applies unless otherwise provided. Interest at the legal rate may be allowed on accounts provided notice that it will be charged has been given to the debtor in writing.

JUDGMENTS—Where a defendant in an action (who has been served within Ontario with the writ issued in such action) does not defend, judgment may be entered against him in the higher courts ten days after service of the writ on him, and in the Division Court ten or fifteen days after such service, depending on the place of residence of such defendant. In the Division Court a four days' notice of motion for judgment may, in certain cases, be served with the summons. In the Supreme Court and in the County Court the defendant must, with his appearance to a specially endorsed writ (which is a form of writ much used in cases of money demands, claims on promissory notes, claims for balances owing on accounts, etc.), file an affidavit of merits setting forth his grounds of defence. He may be cross-examined on this affidavit, and if on such examination no proper defence is shown to exist, judgment may be given against him on motion therefor, made by the plaintiff on two clear days' notice.

LIMITATION OF ACTIONS—Actions of account must be brought within six years and on contracts under seal within twenty years. Actions on the covenant in a mortgage made after 1st July, 1894, must be brought within ten years. Part payment or written acknowledgment, made or given by any liable party or by his duly authorized agent, will extend these times as against such party.

MARRIED WOMEN—May contract, carry on business and sue and be sued in respect of their separate estate, in the same manner as if unmarried. They have the right to dower in all the husband's real estate. By leave of the court, the husband may, under certain circumstances, sell free from dower.

REGISTRY OF DEEDS—Instruments for registration must contain a sufficient description of the land to be affected (including the number of the plan, if any), and the execution thereof must be verified by affidavit in proper form made by a witness present at the time of signature. A declaration as to marital status must be attached to all documents where a dower question could arise. In the absence of notice, registration gives priority. Mortgages and assignments of mortgage need not now be recorded in full in the Registry Office, except in certain cases. Prior to giving a discharge thereof the assignee of a mortgage must register all documents making his title thereto, and the discharge must set them out. Wills need not in certain cases be registered in full. On registration of transfers of land there is payable a tax of one-fifth of one per cent. on the consideration. At present in Toronto a tax of one-tenth of one per cent. of the amount secured thereby is payable on registration of mortgages.

SHOP REGULATIONS—No person under the age of fourteen shall be employed in any shop. No youth, girl or woman shall be employed before 7 a.m. or after 11 p.m. except under permit, neither shall their hours of employment exceed ten per day, nor sixty per week and they shall be allowed each day at noon at least one hour for a meal. Seats are to be provided for female employees. Register of youths, young girls and women employed is to be kept. Shops are to be kept in proper sanitary condition and conveniences provided, also a supply of pure drinking water.

WILLS—Must be in writing, signed at the foot by the testator (or by some person in his presence and at his request) in the presence of two witnesses, both present with him at the same time, and who in his presence, and in the presence of each other sign their names as witnesses. A legacy or devise to a witness, or to the husband or wife of a witness, is void. An executor may be a witness. Wills are revoked by marriage, with some exceptions. A minor cannot make a valid will unless such minor is on actual service with one of H.M. Forces or, being a mariner or seaman, is at sea or on a voyage. When a will is made under such circumstances as would enable a minor, were he the testator, to make a valid will as above

mentioned, no witness is necessary. Succession duty may be payable on property passing as a consequence of a death.

QUEBEC

ATTACHMENTS—A capias against the person for personal debts of \$50 or over or an attachment against the property of a debtor for personal debts exceeding \$5, may issue before judgment on an affidavit by the creditor, his book-keeper, clerk, or legal attorney that the debtor is about to abscond or to secrete his property with intent to defraud his creditors. In the case of a motor vehicle causing loss or damage for which the owner is responsible, such vehicle may be seized before judgment.

BANKRUPTCY—See under this heading for Ontario.

BILLS OF EXCHANGE, PROMISSORY NOTES AND INTEREST—The law of Quebec on these subjects is the same as that of Ontario, except that in Quebec all bills or notes must be protested on their due dates by a notary public in order to hold the drawer and endorsers liable on them.

CHattel MORTGAGES are not recognized in Quebec. A creditor can only have a lien on chattels by keeping possession of them. An unpaid vendor of chattels or lands has a right to be paid by privilege or preference on their price. In the case of lands he must register the deed of alienation within thirty days after it was made in order to preserve this privilege. The unpaid vendor of chattels also has the right to recover them, but he must exercise this right within eight days after delivery (except in the case of insolvent traders, when this right must be exercised within thirty days after delivery), and this right subsists only if the sale was not made on credit, if the thing sold remains entire and in the same condition and has not passed into the hands of a third party who has paid for it. In the case of insolvency, such right must be exercised within thirty days after delivery. In the sale of land the vendor has no right of dissolution for non-payment of the price unless this right has been stipulated in the Deed of Sale.

COURTS—Magistrate's Courts have jurisdiction up to \$99.99. Cases above this amount go to the Superior Court. While in law Circuit Courts exist in each district with jurisdiction up to \$100.00 in the chief town thereof and in outlying towns up to \$200.00, in point of fact these have fallen into disuse. Parties to a suit can give evidence on their own behalf.

EXECUTIONS—In ordinary cases judgments for the payment of a sum of money cannot be executed before the expiry of fifteen days from their date; in summary matters a judgment is executory eight days after it is rendered. Execution may be allowed before the expiry of the above delays upon an affidavit of the creditor establishing circumstances under which attachment might issue before judgment. Goods can be sold after eight days' notice, and land after thirty days'. A Sheriff's sale frees land from mortgages. Mortgages rank on proceeds according to priority.

EXEMPTIONS—The following, inter alia, are exempt from seizure:—Books used in the defendant's occupation, or tools up to \$200; the whole of salary and wages when they do not exceed \$6.00 per week or \$12.00 per week when the debtor is married or a widower with one or more children of whom he is the actual support; four-fifths of salary and wages when the latter are \$3.00 a day or less; three-fourths when they exceed \$3.00 and up to \$6.00; two-thirds when they exceed \$6.00; pay and pensions of soldiers, sailors, ministers, school teachers and public officers, except provincial employees, whose salaries can be seized approximately in the proportions above mentioned; but upon a claim for alimentary pension, the salaries above mentioned shall be seizable to the extent of 50%. The remuneration, salary and wages of a debtor making the statutory declaration and depositing the seizable portion in court are exempt from seizure; creditors who file claim in court with notice thereof to debtor are paid rateably. The Judge may, on petition of a creditor with an executory judgment, order a debtor whose salary is exempt from seizure by garnishment to deposit the proportion which would normally be seizable in court for distribution as above. Immoveables declared by a donor or testator or by law to be exempt from seizure, and sums of money or objects given or bequeathed upon condition of their being exempt from seizure are so exempt, as are also alimentary allowances granted by a court and sums of money or pensions given as alimony. These last may, however, be seized for alimentary debts, or in execution of any judgment condemning the donee, legatee or beneficiary himself to pay an alimentary pension or alimony.

JUDGMENTS—A judgment is good for thirty years. Any defence which was or might have been set up to the original action may be pleaded to an action brought upon a judgment rendered out of Canada and any defence which might have been set up to the original action may be pleaded to an action brought upon a judgment rendered in any other province provided that the defendant was not personally served or did not appear.

LIMITATION OF ACTIONS—Actions for professional services, bills, notes (except bank notes) and commercial matters must be brought within five years; actions for damages for offenses within two years except defamation and bodily injury, which are to be brought within one year; actions for wages by workmen hired for more than a year are prescribed by two years; actions by domestics and employees hired by day, week or month or for less than a year by one year.

MARRIED WOMEN—Persons whose marital domicile is in the Province who were married without executing a pre-nuptial marriage contract are common as to property. Married women not separated from their husbands and domiciled within the Province cannot appear in judicial proceedings without the authorization of their husbands or of the Judge.

NON-RESIDENT PLAINTIFFS—A defendant may stay a suit until such time as a non-resident plaintiff has furnished security for costs and a power for his attorney to act.

WILLS—Wills may be made in English form (see Ontario) or holographic or notarial form.

INCORPORATION OF COMPANIES

UNDER DOMINION COMPANIES ACT

Under this Act letters patent may be granted to any number of persons, not less than three, who are all of the age of twenty-one years, creating them a body corporate.

Persons desiring to become incorporated proceed by way of application addressed to the Secretary of State. This application must contain the following particulars: (1) The proposed corporate name of the company. (2) The purposes for which incorporation is sought. (3) The place within Canada where the head office is to be situated. (4) Full particulars of the proposed capital stock. (5) The name in full and the address and occupation of all applicants, with special mention of not less than three of their number who are to be the first or provisional directors of the company.

The application must be signed by each of the applicants in the presence of a witness, and each signature must be verified by affidavit or statutory declaration of the witness. If any of the applicants sign by attorney, the original power of attorney or a duly authenticated copy thereof must be produced.

The truth of the statements contained in the application must be established by affidavit or statutory declaration.

The application must be accompanied by a memorandum of agreement and stock book, in duplicate, properly executed under seal, and the execution must be verified in the same way as the signatures to the application. Each applicant must subscribe for at least one share.

No step is taken towards the issue of letters patent until the fees therefor have been paid.

IN ONTARIO

The law relating to Provincial Incorporation may be found in R. S. O. 1937 Cap. 251 and amendments. This Act includes the Winding-up Act, and other former legislation, and provides for the incorporation of private as well as public companies. A "Private Company" is one the number of whose shareholders is limited to fifty (exclusive of persons in the employment of the company) and in which the transfer of shares is restricted. Any invitation to the public to subscribe for any shares, debentures or debenture stock of a private company is prohibited.

Applicants obtain incorporation on petition to the Lieutenant-Governor through the Provincial Secretary for the grant of letters patent. The implied powers given to companies having share capital are very wide.

To incorporate a limited company in the Province of Ontario:

1. At least three bona-fide stockholders are necessary, all twenty-one years of age.
2. There must be a formal petition properly executed.
3. There must be a memorandum of agreement and stock book properly executed in duplicate.
4. Special conditions, if any, intended to have a bearing upon the stock of the company, must be inserted in the petition and in the memorandum of agreement and stock book as material parts thereof.

The Government fee varies with the amount of the capital stock.

For \$40,000 or under it is \$100. From \$40,000 to \$100,000 it is \$100 and \$1 for every \$1,000 in excess of \$40,000. From \$100,000 to \$1,000,000 it is \$160, and \$2.50 for every \$10,000 in excess of \$100,000. From \$1,000,000 upwards it is \$385, and \$2.50 for every \$10,000 in excess of \$1,000,000. Where shares are of no par value, minimum value set out in petition is basis for calculating fees.

The incorporators need not be Canadians nor resident in Canada. Shareholders are liable only for the amount unpaid on stock subscribed for by them.
