Revolving Fund Loan No. 1343A

██████████ No. ██████████ Muskeg Lake Band

This refers to your 14-717 Report on Revolving Fund Loan No. 1343A dated June 14, 1967 and your remark under Section 6 that the loan was paid in full February 9, 1967.

By our memorandum of May 4, 1967, you were advised that a balance of \$3.09 remained on this account. The Chief Treasury Officer has advised us this date that the \$ 3.09 is unpaid interest due at the time the last loan payment was made in February, 1967.

Similarly, Revolving Fund Loan No. 1141A, ██████████ No. ██████████ Muskeg Lake Band, has a small balance of \$ 4.26 interest.

We would like to be able to close both the above mentioned accounts and it would be appreciated if Messrs. Lafond and Arcand were encouraged to make these small interest payments. Their lien notes with official receipt and discharge notice will then be returned.

██████████ - # ██████████ Muskeg Lake Band

Having reference to your letter dated December 19, 1963, there is no objection to allowing Mr. ██████████ to forego his Revolving Fund Loan payments until next year.

From a review of our records it is noted Mr. ██████████ has been punctual with his payments in the past and that there are no arrears in this account since only the current payment of \$400.00 plus interest of \$63.54 due at present. It would be preferred however if Mr. ██████████ could be encouraged to make the interest payment of \$63.54 which would avoid his debt increasing to any degree.

SujetFarm - [REDACTED] # [REDACTED] Muskeg Lake Band

Mr. [REDACTED] who is one of the best farmers in this Agency, reported to the Agency Office November 8, 1963, that he will be unable to meet his financial commitments this year. His crop and some livestock were destroyed to a considerable extent by hail and a miniature tornado.

Mr. [REDACTED] showed us a P.F.A. report dated October, 1963 substantiating the facts. The following are statistics:

	<u>Cultivated Acreage</u>	<u>Yield</u>
Wheat	140	990 bu.
Oats	88	700
Barley	18	270
Summerfallow	190	
Breaking	10	
Hay	<u>40</u>	
<u>Total</u>	<u>486</u>	

Mr. [REDACTED] lost 40 turkeys in the tornado. He has 24 head of cattle, 400 turkeys, eleven pigs and 70 chickens. This livestock will support his income, in part, this winter.

Mr. [REDACTED] is saving wheat and oats for seed but will need farm assistance in Spring, 1964, to put in his new crop. He has applied for P.F.A.

Mr. [redacted] compares favorably with any average Non Indian farmer, he is a very good worker and quite capable of managing his own affairs. He is received very good in the surrounding communities and is noted for his honesty.
