2. He was sentenced to undergo detention for 40 days. The finding and sentence, having been confirmed by the Air Officer i/c Administration, No. 1 Training Command, Toronto, Ont., were promulgated to the accused.

20. SENTENCE OF A DISTRICT COURT-MARTIAL

1. [redacted] an airman of the Royal Canadian Air Force serving at No. 1 S.F.T.S. Camp Borden, Ont., was tried by a district court-martial on the 22nd day of February, 1943, and was found guilty on the following charges:-
 - (a) Improperly flew one of His Majesty's aircraft at an altitude of less than 1,000 feet above ground level contrary to the provisions of C.A.F. 100, section 1, para. 25.

21. POSTINGS OF OTHER RANKS TO WESTERN AND EASTERN AIR COMMANDS.

1. Other ranks posted to Western Air Command are first posted to No. 3 Repair Depot, Vancouver, for reposting on advice from Western Air Command Headquarters. It is quite probable, therefore, that airmen may remain in Vancouver for only one or two days and then be reposted to an isolated coastal base where there is no accommodation for dependents. It is pointed out that accommodation in the city of Vancouver is very scarce.

2. Other ranks are warned that a posting to No. 3 Repair Depot, Vancouver, does not guarantee that they will remain in the vicinity, and

therefore the practice of taking dependents with them on posting to the coast before they are aware of the unit to which they may be reposted is to be discouraged.

3. This applies equally to other ranks posted to No. 1 "Y" Depot, for reposting to units within Eastern Air Command, on advice from Eastern Air Command Headquarters.

22. CORRESPONDENCE - CORRECT ADDRESSING OF ENVELOPES

1. Personnel responsible for the addressing and despatch of mail are disregarding instructions with the result that mail for operational units has sometimes been delayed for a week or more.

2. Personnel responsible for the despatch of mail are to check all addressed envelopes and parcels and are to ensure that mail despatched is addressed correctly. Continual reference is to be made to C.A.P. 174 wherein unit addresses are listed.

23. CENSORSHIP EXAMINERS.

The Director of Airmen Personnel Services have advised that there is a need for qualified persons for employment as Civilian Censorship Examiners. 11. TEMPORARY DUTY - OFFICERS PROCEEDING ON

All authorizations for temporary duty are to be signed by the Division Head or the Deputy Division Head, in the case of Command Headquarters, and in the case of units, by the Commanding Officer or his Deputy, who shall not be below the rank of Squadron Leader. Suitable forms are to be prepared for the purpose of carrying out these instructions.

Before approving or requesting Command Headquarters to approve temporary duty or absence as above, the authorizing officer is to consider whether public money could not be saved by resorting to:-

- (a) an airmail letter
- (b) a signal
- (c) a telephone call

In cases where the authorizing officer has satisfied himself of the necessity of a temporary duty movement, the following points are to be observed:

- (a) Railway facilities must be always used whenever possible by all personnel. T.C.A. is to be resorted to only in extremely urgent cases.
- (b) Except for short trips, day transportation is never to be used when night travel is possible.

11. TEMPORARY DUTY - OFFICERS PROCEEDING ON (Cont'd)

- (c) Upper berths are to be used when lowers are not available, and demands for accommodation superior to that allowed by current regulations are not to be entertained.
- (d) When a period of temporary duty requires an officer to be at his destination at 0900 hours, the hour of departure is to be so time to bring that officer to his destination at or near that time, and not a day or two before.

No. 1 T.C. 14-1-3, Vol. 1. d/26-Feb-43.

12. FURLOUGH RAILWAY TICKETS

1. Railway Companies are under the strictest instructions that furlough tickets are sold only to members of His Majesty's Forces, for the purpose of travelling IN UNIFORM or in exceptional cases, when travel in civilian dress is permitted, on surrender of C.P.A. Form 95, bearing personal signature of the Commanding Officer or Transport Officer. It is felt that the regulations must be adhered to, or else there is danger of misuse of the reduced fares that could ultimately react against those whom the railway companies are trying to serve. C.P.A. Form 95 may be obtained from the local railway ticket office.

10. USE OF STAFF CARS

M.T. vehicles are not to be used to convey personnel not on official duty and this includes transporting officers and other ranks to and from their place of residence, sports teams, or bands to non-Service engagements, and other journeys that cannot be described as official business. Such journeys are to be strictly controlled and detailed records maintained. Users of M.T. vehicles for runs which cannot be ascribed to any official duty may, after investigation, be called upon to bear the cost of such transportation. No. 1 T.C. Letter File No. 17-9 (AOA) DATED 10-Feb-43.

11. SENTENCE OF A DISTRICT COURT-MARTIAL

s.19(1)

1. [REDACTED] an airman of the Royal Canadian Air Force, serving at No. 7 A.O.S., Portage la Prairie, Man., was tried by a district court-martial on the 27th day of January, 1943, and was found guilty on the following charges:-

- (a) Improperly, and without permission, flew one of His Majesty's aircraft at an altitude of less than 1,500 feet above sea level, contrary of flight instructions issued by his commanding officer;
- (b) An act in flying which was likely to cause bodily injury to a person.

2. He was sentenced to be reduced to the ranks and to undergo detention for 60 days. The finding and sentence, having been confirmed by the Air Officer Commanding, No. 2 Training Command, Winnipeg, Man., were promulgated to the accused.

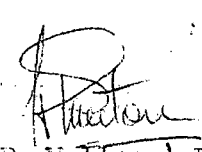

A.F.R.O. 322 dated 26-Feb-43 H.Q. C.11-RL06356.

12. ACCOMMODATION - PACIFIC COAST AREA

1. A report has been received from the Joint Services Committee, Pacific Coast, in which is stressed the acute housing shortage presently existing in the Prince Rupert, Vernon, Prince George and Terrace areas of British Columbia.

2. In view of the serious problem engendered by the lack of accommodation, it is strongly recommended that personnel posted to the above noted areas do not bring with them their families or dependents, in order that unnecessary hardships and discomfort to the individuals concerned may be thus avoided.

8. Fire Precautions

Fires Caused by Carelessness.

1. An alarming number of fires have been reported to Air Force Headquarters which, upon investigation, have been traced to carelessness.
2. In spite of repeated fire prevention circulars, the R.C.A.F. fire losses continue to increase. All units are requested to double their efforts, particularly in respect to general house-keeping and fire precautions.
3. Ten fires were reported in one day to Air Force Headquarters which resulted in a building and content loss amounting to hundreds of dollars. These were the result of carelessness and lack of general fire precautions, and with normal care need not have happened. A few of the causes which resulted in loss are shown, and in all cases are covered and are in direct contravention of C.A.P. 123, Fire Manual:-
 - (a) Ashes in wooden container.
 - (b) Cigarettes dropped down vent shaft.
 - (c) Rubbish and dust collection in coil of heat radiator.
 - (d) Gasoline in open pan flashed.
 - (e) Carelessness with welder's torch.
 - (f) Cigarette butts thrown in the waste paper basket.

13. 203- BOOTS AND SHOES - CARE AND PRESERVATION

1. In spite of instructions contained in A.F.E.A.O. 26/6, large numbers of boots, ankle, leather, are being discarded needlessly due to the fact that these are not being inspected periodically and personnel are not co-operating in that they have failed to turn in boots immediately repairs become necessary and have continued to wear them until beyond economical repair.

2. Boots are being damaged considerably by perspiration and wet weather conditions and necessary precautions are not being taken by personnel to treat footwear subjected to these conditions. Consequently, these boots are not rendering the length of service which should be expected and are being prematurely discarded.

3. To prolong the life of service boots and shoes and to effect necessary economy, the following precautions and instructions are published for the information of all personnel:-

(a) Perspiration - Perspiration, due to the chemicals contained therein, has a very damaging effect on leather. Excessive perspiration very rapidly causes the uppers, including lining, to become hardened and broken, and the insoles to crack and curl. This also causes sore feet and unnecessary wear and tear on socks.

To preserve boots, shoes and socks, and afford foot comfort, socks should be washed and changed daily, especially during the summer months. In all cases where perspiration cannot be controlled in this manner, the airman or airwomen is to report to the medical office for treatment and issue of foot powder or other medication.

(b) Wet Weather. - Wet weather, with resultant repeated wetting and drying out, causes the uppers to crack and break through unless adequate care is taken. When boots or shoes become wet and are taken off, they should be placed on their side and dried slowly, never put near the heat, nor a hot air current. They should not be dried to excess, and should be worn again while a slight amount of moisture remains, thus eliminating shrinkage of the uppers and cracking of the insoles.

(c) Alteration of Wear. - To increase the life of boots and shoes, they should be alternated in wear frequently, daily if possible, but in all cases where this is not possible, they should not be allowed to remain off the feet for periods of longer than three days at a time, as longer periods permit excessive drying out, which will result in the cracking and curling of the insoles and discomfort when boots or shoes are worn again.

(d) Polish Care should be exercised in the selection of the type of polish which is used, as some polishes have a high percentage of turpentine, which is very injurious to leather. Such polishes gradually absorb the natural fats in the leather, causing the surface to crack and in many cases the uppers to break completely through.

4. Inspection. A weekly inspection of boots and shoes is to be held at all units. These inspections are to be carried out by flight or section commanders. All service issue boots and shoes are to be inspected and those requiring treatment or repairs are to be turned into unit clothing stores immediately. Care is to be taken to ensure that all boots or shoes are treated at least once a month. H.Q. 8M-5-3

8. 1878 SENTENCE OF A DISTRICT COURT MARTIAL

s.19(1)

1. [REDACTED] an airman of the Royal Air Force, Volunteer Reserve, serving at No. 8 S.F.T.S., R.C.A.F., Moncton, N.B. was tried by a district court-martial on the 11th day of November 1942, and was found guilty on the following charges:-

- (a) An act in flying which was likely to cause loss of life to a person.
- (b) Negligently damaging an aircraft belonging to his Majesty.
- (c) Improperly and without permission flew one of His Majesty's aircraft at a height below 250 feet contrary to Station Standing Orders, Chapter II, Section 4, Para. 5.

2. He was sentenced to take rank and precedence as if his appointment to the rank of sergeant bore the date 5th., October 1942, to be severely reprimanded and to be placed under stoppages of pay until he has made good the sum of \$90. The finding and sentence, having been confirmed, and the stoppages of pay mitigated to the sum of \$30 by the Air Officer Commanding, No. 3 Training Command, Montreal, P.Q. were promulgated to the accused.

3. Commands and units concerned are to comply with the provisions of A.F.R.O. 1196 dated 17th., October 1941.

H.Q. C.11-RAF1333850

9. 235- USE OF ENEMY WIRELESS BY CANADIAN PRISONERS OF WAR.

1. Officers and other ranks when in enemy hands as prisoners of war are expressly forbidden to transmit messages or to make announcements of any kind by means of the enemy's broadcasting wireless systems.

2. All requests and inducements to do so made by the enemy to prisoners of war are to be resolutely refused at every stage of captivity. To subscribe to such requests and inducements is only helping the enemy in his propaganda schemes.

3. Disobedience of this order renders the individual liable to be charged on rejoining with an offence under the Air Force Act.

4. Next-of-kin receive an official notification from the Records Office. All ranks should caution their next-of-kin that they should rely on official notification and not on enemy broadcasts which are often found to be inaccurate and unreliable.

5. This order is to be made known to all new recruits on enlistment and is to be published in D.R.O.s of all units and republished at intervals not exceeding six months.
