TR. HON. STEPHEN HARPER (Premier ministre du Canada) : Merci, tout le monde, pour votre présence ici. Comme vous savez très bien, la... excusez. Comme vous savez très bien, la priorité absolue pour notre gouvernement, c'est l'économie encore, et ici je suis à l'écoute ici pour écouter des gens qui créent des emplois pour des Canadiens, des Canadiennes.

As you know, the economy remains our number one focus for the year. We're approaching our budget, which obviously will be a significant milestone, so I certainly want to hear what's on your mind. I know you represent some of the biggest job creators in the country, so it's important that we talk. And I'm also glad to see we have some good Canadian representation. This is just a small portion of the Canadian representation at this very important world forum, so thank you for your time, and I look forward to a good discussion on some of the challenges and opportunities for the Canadian and global economy.

Merci beaucoup.

UNIDENTIFIED: Ok, thank you, guys. Let's go. Thanks guys.
