Section 9, provides that "in addition to the information and material that an applicant is required to provide in the application for a passport, the Passport Office may request an applicant to provide further or other information and material respecting any matter mentioned in the application."

The Canadian Government issues the following types of passports and travel documents: the ordinary passport, the special passport (to persons representing Canada, other than those bearing diplomatic status), the diplomatic passport, the certificate of identity and the United Nations Refugee Convention Travel Document.

The certificate of identity and the United Nations Convention Travel Document are specifically designated documents for circumstances wherein it is not possible to issue the first, three types of passports listed. Other than the above categories of passports, there are no other travel documents issued by the Canadian Government. ("The certificate of identity may be issued in Canada, only to aliens, legally landed and permanently resident in Canada who are stateless or who are unable, for valid reasons, to obtain passports from their countries of origin. Proof of inability to obtain a national passport must be submitted. Aliens who have entered Canada on travel documents, issued to stateless persons or to refugees, by a country of which they are not nationals may also be granted Canadian certificates of identity. The issuance of the certificate, or any entry made therein, does not determine or affect the bearer's national status; ..." The United Nations Convention Travel Document is issued due to the fact that on June 4, 1969, Canada acceded to the 1951 United Nations Refugee Convention, which obliges Contracting States to issue travel documents to "Convention Refugees", lawfully within their territory. Commencing March 16, 1970, the Passport Office began issuing travel documents to persons defined as "refugees" under the Convention. The issuance of the document, or any entry made therein, does not determine or affect bearer's national status.)

The second page, of the application form for a World Service Authority Passport, as indicated by you, has under the heading "Important Note to All Applicants", a list of States together with the statement that

.../3

- 3 -

"Consulate Visas and/or Border Entries obtained on a case-by-case basis are indicated by an asterisk" wherein Canada is included, among the States shown with an asterisk; it does not state that Canadian Government approval was given, but implies that a/or several border entries may have taken place in a de facto manner. It must be indicated that such a/or several de facto entries, should not be regarded as de jure recognition of the World Service Authority Passport, as such was not indicated, to my knowledge, by the Canadian Government. The undersigned recommends that all border entry-stations be informed that the above-mentioned document does not constitute a valid travel document. 1

The World Service Authority Passport is neither a substitute for a passport, nor does it constitute a valid "passport" as defined above. Canada has complied with its international obligations, by issuing the certificate of identity and by having commenced issuing the United Nations Convention Travel Document on March 16, 1970, in accordance with its June 4, 1969 accession to the 1951 United Nations Refugee Convention, which obliged it, as a Contracting State to issue travel documents to "Convention Refugees", lawfully, within its territory.

The first sentence of page 2 of the application form, under the heading "Attestation of Understanding", states: "This is to certify that the undersigned understands fully that the W.S.A. passport represents the sanction of the individual whereas the national passport represents the sanction of the issuing nation-state." (The emphasis is that of the undersigned). It must, however, be recognized that the individual cannot under Canadian Law sanction his own "passport" or "travel document".

The undersigned is of the opinion that the World Service Authority Passport has as much significance as the Expo 67 Passport which was sold as an entrance ticket to the public during the World Exhibition; it was considered a symbolic expression of an idealistic, philosophical, utopian notion of world citizenship; and not a substitute passport; and it is believed that this World Service Authority Passport should be

.../4

- 4 -

considered as such. However, without a copy of the passport we do not know that which this "passport" purports to do, if in fact it purports to do anything for its bearer.

I trust that the foregoing comments will be of some assistance to you.

I remain,

Yours truly,

Michel M.J. Shore

Following the Minister's meeting with Mr. George Manuel and other WCIP officials, I asked the Australian Deputy High Commissioner, Miss Norwood, where the matter of self-issued Indian "passports" stood. She replied that they had received a telegram from Canberra on February 17, indicating that Australia did not recognize Canadian Indian "nations" nor would they give any recognition to Canadian Indian "passports". The High Commission had been instructed to advise Miss Marule that the method of documentation preferred by Australia was a valid national passport.

2. Canberra did, at the same time, note that provision exists for people to travel to Australia without a valid passport. The individuals concerned could obtain a documentary visa on a separate piece of paper. But they would have to persuade some airline to carry them without a valid national passport, and that might prove difficult. The documentary visa (probably originally intended for stateless persons or refugees) would be issued on the basis of appropriate formal identification such as birth certificates, identity cards issued by Indian Affairs--not self-issued documents. It would be provided on receipt of proof that the purpose of travel was a valid one; in this case, the WCIP would provide a letter identifying the Canadian delegation to the Canberra Assembly. (Miss Norwood provided us with a copy of the telegram of instructions, attached.)

3. I told Miss Norwood of the Minister's warning to the WCIP that we would not support their efforts to travel without valid passports and of Miss Marule's indication that the Australian High Commission had advised them there would be no problem and that separate visas would be issued. Miss Norwood said that as far as she knew Miss Marule had not been advised of Canberra's response and had no basis to speak as she did at that time. Canberra had asked that its reaction be conveyed to Miss Marule orally at her request. Miss Norwood decided on the

basis of the nature of the exchange between the Minister and the WCIP that it might be desirable to put in writing the circumstances under which a documentary visa might be provided. She would suggest this to Canberra. She noted in passing that the Indians would have considerable problems in convincing airline carriers to accept them without valid international documentation.

WCIP ASSEMBLY : INDIAN PASSPORTS

FOLLOWING DISCUSSIONS WITH MRS MARULE DEPARTMENTS HAVE CONSIDERED THE QUESTION OF CANADIAN INDIAN "PASSPORTS". MRS MARULE ASKED THAT OUR DECISION BE CONVEYED TO HER ORALLY (UNDERLINE ONE) AND WE WOULD BE GRATEFUL IF YOU WOULD NOW DO SO.

2. OUR APPROACH IS GOVERNED BY TWO BASIC PRINCIPLES:

1) WE DO NOT RECOGNISE THE CANADIAN INDIAN "NATIONS" AND ARE NOT PREPARED TO DO ANYTHING WHICH WOULD IMPLY SUCH RECOGNITION:

2) WE WISH TO FACILITATE THE SUCCESS OF THE WCIP CONFERENCE AND WE WOULD NOT WANT TO BE SEEN AS OBSTRUCTING IN ANY WAY ATTENDANCE AT THAT CONFERENCE.

3. WE WOULD THEREFORE LIKE YOU TO MAKE THE FOLLOWING POINTS TO MRS MARULE:

(A) WE DO NOT RECOGNISE THE SO-CALLED CANADIAN INDIAN NATIONS NOR DO WE PROPOSE TO DO SO. WE WILL NOT THEREFORE DO ANYTHING WHICH WOULD IMPLY SUCH RECOGNITION. THIS MEANS WE COULD NOT GIVE ANY RECOGNITION, EITHER FORMALLY OR DEFACTO (UNDERLINE ONE) TO CANADIAN INDIAN PASSPORTS.

(B) THE NORMAL IDENTITY DOCUMENT FOR PEOPLE TRAVELLING TO AUSTRALIA IS A VALID NATIONAL PASSPORT RECOGNISED BY AUSTRALIA. THIS IS THE METHOD WE PREFER AND IS THE METHOD WHICH IS MOST LIKELY TO FACILITATE TRAVEL FOR THE INDIVIDUAL AND GENERALLY TO MAKE THINGS EASY FOR HIM. THIS MEANS THAT OUR PREFERENCE IS CLEARLY FOR PEOPLE ENTITLED TO CANADIAN PASSPORTS TO USE THEM.

(C) THERE IS PROVISION FOR PEOPLE TO TRAVEL TO AUSTRALIA WITH A VALID PASSPORT. IN THIS CASE WE ISSUE A DOCUMENTARY VISA (FORM 1305) ON A SEPARATE SHEET OF PAPER. SO LONG AS THE INDIVIDUALS CONCERNED WERE ABLE TO ARRANGE TRAVEL TO AUSTRALIA, I. CONVINCE AN AIRLINE CARRIER TO UPLIFT THEM, IT WOULD BE POSSIBLE FOR THEM TO BE ADMITTED TO AUSTRALIA. IN THIS CASE, HOWEVER, IT SHOULD BE MADE CLEAR THAT THEIR STATUS WOULD BE THAT OF PEOPLE ENTERING WITHOUT A RECOGNISED VALID NATIONAL PASSPORT AND WOULD NOT ENJOY THE SAME DEGREE OF TRAVEL FACILITATION. THERE COULD BE NO SUGGESTION IN ANY WAY THAT THEY WOULD ENTER AUSTRALIA ON AN "INDIAN" PASSPORT. THE CONCESSION WOULD BE THAT THEY WOULD NOT BE ENTERING ON A CANADIAN ONE. HOWEVER, THERE ARE SOME RISKS ENTAILED FOR PERSONS TRAVELLING UNDER THIS PROCEDURE E.G. IF IT BECAME NECESSARY TO TRANSIT OR STAY IN A COUNTRY OTHER THAN AUSTRALIA WHERE FORMAL IDENTIFICATION AND PLACEMENT OF AN ENTRY PERMIT IN A TRAVEL DOCUMENT WERE NECESSARY. YOU WILL NEED TO POINT OUT QUESTION OF ASSURANCE OF RETURN TO COUNTRY OF ORIGIN RAISED IN YOUR CO.OT4812 AS ANOTHER POSSIBLE PROBLEM TO BE ENCOUNTERED BY THOSE WHO DO NOT TRAVEL ON RECOGNISED PASSPORTS, LEAVING THE ONUS IN THIS INSTANCE ON THE INDIVIDUAL TRAVELERS CONCERNED.

BEST AVAILABLE COPY

4. SHOULD IT BE NECESSARY TO CLARIFY THE POSITION YOU COULD STRESS THAT, UNLIKE IN SOME OTHER COUNTRIES, VISAS ARE REQUIRED FOR ENTRY BY CANADIANS INTO AUSTRALIA AND THEREFORE SOME KIND OF VISA MUST BE ISSUED. SINCE WE DO NOT RECOGNISE THE INDIAN "PASSPORTS" WE CANNOT ALLOW THEM TO BE USED IN ANY FORMAL SENSE.

YOUR ADVICE OF MRS MARULE'S REACTION WILL BE APPRECIATED.

FOR WASHINGTON:

FOR INFORMATION. IT IS UNDERSTOOD THAT AROUND FIVE AMERICAN INDIAN PARTICIPANTS AT THE CONFERENCE MAY ALSO SEEK TO TRAVEL ON THEIR OWN INDIAN "PASSPORTS" IN PREFERENCE TO VALID UNITED STATES NATIONAL PASSPORTS.

ATTESTATION OF UNDERSTANDING

(Your application will not be processed unless this form is signed.)

This is to certify that the undersigned understands fully that the W.S.A. passport represents the sanction of the individual, whereas the national passport represents the sanction of the issuing nation-state. As such, the W.S.A. passport conforms to the fundamental right of freedom of travel as formulated in the UNIVERSAL DECLARATION OF HUMAN RIGHTS, Article 13, Section II.

The bearer understands that the W.S.A. passport becomes his-her property to be used entirely at his-her discretion. Its possession, in no manner prejudices its bearer as to his-her status, national or otherwise. Further, since it complies with the requirements concerning the personal particulars of the bearer, certified true and correct by the bearer, the signature of whom is duly notarized or otherwise authenticated, it should in principle be accepted by all states and in particular by all Member-States to the United Nations.

The undersigned understands that the World Service Authority, in its present capacity as a global service agency, can accept no responsibility for either the *de jure* or *de facto* position of any state as regards its passport.

IMPORTANT NOTICE TO ALL APPLICANTS

The WSA maintains a continual process of informing national governments of its passport activities. For reference only, a complete list of nation states is given below. With minor exceptions, specimen WSA passports have been addressed to these governments. Written recognition is indicated by those nations printed in italics. Consulate visas and/or border entries obtained on a *case-by-case* basis are indicated by a "†". This list is current as of March, 1979. Consulates may refuse visas arbitrarily, yet border officials may independently permit entry. Contrarily, a Consulate may issue a visa and border officials may independently refuse entry.

The WSA CANNOT ISSUE OR OBTAIN NATIONAL VISAS, NOR CAN WSA GUARANTEE THAT ONCE A NATION STATE HAS GRANTED RECOGNITION AND/OR VISAED THE WSA PASSPORT THAT IT WILL CONTINUE TO DO SO. EACH WSA PASSPORT HOLDER IS SUPPLIED WITH A COPY OF THE UNIVERSAL DECLARATION OF HUMAN RIGHTS, article 13(2) which sanctions the passport. Since all member states of the United Nations have pledged themselves to promote "...universal respect for, and observance of, human rights and fundamental freedoms for all without distinction as to race, sex, language or religion...", it should both in principle and practice be accepted by them. The World Service Authority requests travellers to report success or hindrance in the use of its passport to its Washington, DC office. Photocopies of visas/entry stamps should be forwarded to that office.

WE PASSED ANSWER CONTAINED IN YOUR REFTEL TO DFA WHO HAD MET WITH MARULE IN AFTERNOON 29JAN. WE MADE IT CLEAR THAT QUESTION OF ACCEPTANCE OF INDIAN PASSPORTS WAS FOR AUSTLNS TO DECIDE. CONTACTS TOLD US THAT DFA WITH AUSTLN IMMIG OFFICER PRESENT AS WELL QUOTE MADE IT COMPLETELY CLEAR THERE WOULD BE NO/NO RECOGNITION UNQUOTE OF UN-OFFICIAL PPT. MARULE BROUGHT UP QUESTION OF QUOTE DOCUMENTARY VISA UNQUOTE BEING ISSUED SEPARATE FROM PASSPORT. CONTACT TOLD US DFAS POSITION WAS THAT IT QUOTE HOPED THEY (INDIANS) WOULD NOT/NOT PURSUE THIS MATTER UNQUOTE.

2. WHILE SPEAKING SUBSEQUENTLY TO SECOND CONTACT IN IMMIG/CONSULAR BRANCH OF DFA, WHO DELIBERATELY, DID NOT/NOT ATTEND MTG WITH MARULE, WE UNDERSTOOD THAT DECISION MAY NOT/NOT BE AS CLEAR AS OUTLINED ABOVE.

FURTHER CONSULTATIONS WILL NOW TAKE PLACE ALSO INVOLVING DEPT OF PM AND CABINET AND DEPT OF ABORIGINAL AFFAIRS. THIS CONTACT SAID THAT IF REAL PRESSURE WERE BROUGHT TO BEAR FURTHERST AUTHORITIES MIGHT GO WOULD BE TO ISSUE DOCUMENTARY VISA. HE MADE IT CLEAR THIS WAS PERSONAL VIEW, BUT IT APPEARS TO US THAT AUSTLNS ARE ONLY NOW BEGINNING PROPERLY TO FOCUS ON SUBJ AND HAVE BEGUN TO TURN ATTN TO THEIR OWN ABORIGINAL POPULATION. WE ALSO GATHERED FROM CONVERSATION THAT AUSTLN HIGHCOMM IN OTT APPEARS TO HAVE RECOMMENDED THAT INDIAN PASSPORTS NOT/NOT BE RECOGNIZED IN ORDER TO AVOID APPEARANCE OF INTERFERING IN CDAS INTERNAL AFFAIRS.

3. ABOVE IS PRELIMINARY AUSTLN REACTION. WE SHALL BE CALLING ON FIRST CONTACT MON NEXT WITH REGARD TO STATE OF WCIP ORGANIZATION AND MAY RECEIVE ADDITIONAL COMMENTS.

**IMMIGRATION
MANUAL**

**GUIDE
DE L'IMMIGRATION**

IS 22.09

2) Readmissibility

Under R14(3), immigration officers may require visitors to establish their readmissibility to the country from which they seek entry, or to another country. Normally, the passport, or identity or travel document of a visitor will serve to satisfy this requirement.

3) Restrictions

When a passport, or identity or travel document is restricted to travel to certain countries, and the named countries do not include Canada, such passports, or identity or travel documents, may be deemed to comply with R14 for admission of immigrants and visitors. However, if a passport, or identity or travel document is endorsed "not valid for Canada", or indicates it is not valid for emigration, it is deemed not to meet the requirements of R14, and is unacceptable for immigration purposes; if a passport or identity or travel document is endorsed "not valid for Canada", it is deemed unacceptable for visitor purposes. In such cases, the individual concerned must arrange cancellation or alteration of the endorsement by the appropriate authorities, or obtain an acceptable passport, or identity or travel document. Otherwise, the authority of the Governor-in-Council must be sought if that person is to be admitted.

22.10 ACCEPTABLE IDENTITY AND TRAVEL DOCUMENTS

As laid down in R14(1)(b) and elaborated on in IS 22.08, for an identity or travel document to be acceptable in lieu of a passport, it must be included in the list of acceptable documents which forms Instrument I-21. The decision as to whether or not a given identity or travel document fulfills the conditions normally expected of such documents, and the approval for inclusion in Instrument I-21 of previously unlisted documents, is the responsibility of the Director General, Enforcement, at NHQ. The criteria and procedures required for submission of requests for inclusion of identity or travel documents in Instrument I-21 are outlined in IS 22.20. However, it is the responsibility of officers abroad and at Canadian ports of entry to ensure that all persons proceeding or admitted to Canada without passports are in possession of identity or travel documents which comply exactly with the categories listed or defined in Instrument I-21 in the section which is relevant to their intended purpose in seeking admission to Canada (i.e., as either an immigrant or a visitor). Certificates of identity or travel documents issued to refugees by countries signatory to the 1951 Convention Relating to the Status of Refugees, and certificates of identity or travel documents issued to stateless persons (Categories a)1), a)1i), b)1), b)1i) of the Instrument) must be examined closely as follows:

1) Refugee Certificates of Identity or Travel Documents

These documents are issued by the host country after a person has been identified by the UNHCR office as being under their mandate. In order to comply with the definition of a)1) and b)1), the host country which has

**IMMIGRATION
MANUAL**

**GUIDE
DE L'IMMIGRATION**

issued the document must be included in the list of countries signatory to the 1951 Convention Relating to the Status of Refugees. The list of signatories is Appendix "A" to this chapter. It should be noted that Convention refugees may not require a passport if in possession of a valid immigrant visa (refer to IS 22.04)).

2) Stateless Persons Holding Certificates of Identity or Travel Documents

If it is stated explicitly within that document that the person concerned has citizenship of a country, or if the nationality of the person concerned is mentioned, then the document cannot comply with R14, since it does not meet the conditions as defined in a)ii) and b)ii) of Instrument I-21. In addition, in the case of visitors, the guarantee of readmission to that country must be specifically spelled out in the document. Informal assurances from the country's Ministry of Foreign Affairs or one of their overseas missions will not normally suffice.

+ 22.11 DIPLOMATIC, CONSULAR, OFFICIAL AND SERVICE PASSPORTS

Diplomatic, consular, official and service passports are normally cancelled or withdrawn as soon as the issuing authority becomes aware that the holder is no longer entitled to hold such a document. For this reason, unless the holders of these types of travel documents obtain ordinary passports, they will not be issued with Canadian immigrant visas.

On Wednesday December 17, 1980, Mr. Bill Shead, Mayor of Selkirk (Manitoba) called on Mr. McLean, Special Assistant to the SSEA. Ms. Anderson of the Minister's Office sat in on this meeting.

2. Mr. Shead introduced himself as active within the "Indian Consulting Group", a body less than a year old, established to offer consulting services to the Indian community within Canada. This firm was incorporated under federal statute, and its stock owned principally by British Columbian residents of Indian ancestry. The President of the firm is Mr. Don Moses.

3. Mr. Shead indicated that two months ago, this firm had put a proposal to the WCIP to effectively take charge of the logistics involved in the transportation of the Canadian and U.S. native delegations to the Third General Assembly of the WCIP in Canberra, Australia scheduled for April, 1981. Mr. Shead gave us to understand that he was now acting as an official agent for the WCIP on these matters.

4. Mr. Shead mentioned that the total cost for a delegate to the Assembly from North America would be approximately \$3,000. With 100 or 200 delegates expected, the sum required to cover the expenses of the Canadian and U.S. delegations would be considerable (incidentally, it was not made clear why the U.S. delegation would not be making its own arrangements). While fully aware of CIDA funding of \$ 60,000 for transportation to the Assembly of Latin American delegates, and the further \$20,000 grant for support to the Canadian delegation the Department of the Secretary of State is at present considering, Mr. Shead indicated that further assistance in funding of the North American contingent was urgently required. He stated that a submission to this Department was currently being prepared on behalf of the WCIP by the Indian Consulting Group, and that it would be finalized early in the New Year. Ms. Anderson

Surveys to
the Minister
via CIDA?

.../2

- 2 -

said that she could not encourage him to believe that further funds would be available, but that his submission would be given careful consideration by the Department, within which the WCIP is regarded as a serious organization deserving of support. If we could help pry loose funds from other Departments, we would be willing to assist the WCIP in this regard.

5. Having outlined the objectives of the WCIP briefly, Mr. Shead indicated that he anticipated some "trouble", other than financial, relating to the travel of the Canadian and U.S. delegations to this Assembly. He suggested that some of the delegates might be travelling on documents other than Canadian passports. Accordingly, he would be grateful if Canadian missions along the proposed route could be briefed, and ready to help in the event of complications with local authorities (It was noted, in this regard, that if the flight carrying these individuals was diverted for technical reasons to Indonesia or the Philippines, for example, the authorities there might take a dim view of unofficial documents essentially self-issued. It would be best, with this contingency in mind, to encourage all delegates to provide themselves with internationally recognized documents. The point appeared well taken by Mr. Shead). It was pointed out to Mr. Shead that Canada was represented in San Francisco by a Consulate General, and that we would ensure that its staff was thoroughly briefed. However, we indicated that there was no representation in Honolulu, where the group was scheduled to stop over as well.

6. Mr. Shead then mentioned that he was considering including in his submission to this Department the request that an officer from External Affairs accompany the delegation as an "observer" to the conference. He indicated this might be of considerable value to the Department. Ms. Anderson replied that it would do no harm to add this request to the submission, but did not hold out any hope that it would be acted upon. We noted that the High Commission in Canberra was already aware of the forthcoming Assembly and would be represented by observers, as appropriate. (Although Mr. Shead claimed the contrary, his request that an official from this Department travel with the group appeared aimed to facilitate border crossings and the resolution of potential consular problems involved in the itinerary of the Canadian delegation.)

.../3

- 3 -

7. Mr. Shead confirmed that the Australian Government was expected by the WCIP to feel somewhat uneasy vis-à-vis the Assembly in view of its allegedly less than enlightened policies towards aboriginal populations of the Continent. He equally confirmed that the health of George Manuel, President of the WCIP, is giving rise to some concern within the organization, and that his eventual successor might well be Australian. The name of Mr. Ross Moore, who has been corresponding with our High Commissioner in Canberra, was mentioned in this regard.

8. Mr. Shead stated several times that his call was intended principally to introduce himself and to establish contact with an official with whom he could discuss arrangements for the WCIP Assembly in Canberra. Ms. Anderson suggested that correspondence in this regard be directed to her, or to the Minister for her attention, and said that we would read the submission with interest when it arrived, and do what we could to support the WCIP's objectives.

I am attaching an application form for "World Service Authority Passport" recently received under cover of a letter dated January the 20th from Mrs. Marion Crossley who has asked that it be returned. I have done so but I would also request your assistance in preparing a reply to Mrs. Crossley as to the legitimacy of the application and the implications thereof. I have never come across such an application form before and I am therefore at a loss to comment to Mrs. Crossley.

ATTESTATION OF UNDERSTANDING

(Your application will not be processed unless this form is signed.)

This is to certify that the undersigned understands fully that the W.S.A. passport represents the sanction of the individual, whereas the national passport represents the sanction of the issuing nation-state. As such, the W.S.A. passport conforms to the fundamental right of freedom of travel as formulated in the UNIVERSAL DECLARATION OF HUMAN RIGHTS, Article 13, Section II.

The bearer understands that the W.S.A. passport becomes his-her property to be used entirely at his-her discretion. Its possession, in no manner prejudices its bearer as to his-her status, national or otherwise. Further, since it complies with the requirements concerning the personal particulars of the bearer, certified true and correct by the bearer, the signature of whom is duly notarized or otherwise authenticated, it should in principle be accepted by all states and in particular by all Member-States to the United Nations.

The undersigned understands that the World Service Authority, in its present capacity as a global service agency, can accept no responsibility for either the *de jure* or *de facto* position of any state as regards its passport.

IMPORTANT NOTICE TO ALL APPLICANTS

The WSA maintains a continual process of informing national governments of its passport activities. For reference only, a complete list of nation states is given below. With minor exceptions, specimen WSA passports have been addressed to these governments. Written recognition is indicated by those nations printed in italics. Consulate visas and/or border entries obtained on a case-by-case basis are indicated by a ***. This list is current as of March, 1979. Consulates may refuse visas arbitrarily, yet border officials may independently permit entry. Contrarily, a Consulate may issue a visa and border officials may independently refuse entry.

The WSA CANNOT ISSUE OR OBTAIN NATIONAL VISAS, NOR CAN WSA GUARANTEE THAT ONCE A NATION STATE HAS GRANTED RECOGNITION AND/OR VISAED THE WSA PASSPORT THAT IT WILL CONTINUE TO DO SO. EACH WSA PASSPORT HOLDER IS SUPPLIED WITH A COPY OF THE UNIVERSAL DECLARATION OF HUMAN RIGHTS, article 13(2) which sanctions the passport. Since all member states of the United Nations have pledged themselves to promote "...universal respect for, and observance of, human rights and fundamental freedoms for all without distinction as to race, sex, language or religion...", it should both in principle and practice be accepted by them. The World Service Authority requests travellers to report success or hindrance in the use of its passport to its Washington, DC office. Photocopies of visas/entry stamps should be forwarded to that office.

On Wednesday December 17, 1980, Mr. Bill Shead, Mayor of Selkirk (Manitoba) called on Mr. McLean, Special Assistant to the SSEA. Ms. Anderson of the Minister's Office sat in on this meeting.

2. Mr. Shead introduced himself as active within the "Indian Consulting Group", a body less than a year old, established to offer consulting services to the Indian community within Canada. This firm was incorporated under federal statute, and its stock owned principally by British Columbian residents of Indian ancestry. The President of the firm is Mr. Don Moses.

3. Mr. Shead indicated that two months ago, this firm had put a proposal to the WCIP to effectively take charge of the logistics involved in the transportation of the Canadian and U.S. native delegations to the Third General Assembly of the WCIP in Canberra, Australia scheduled for April, 1981. Mr. Shead gave us to understand that he was now acting as an official agent for the WCIP on these matters.

4. Mr. Shead mentioned that the total cost for a delegate to the Assembly from North America would be approximately \$3,000. With 100 or 200 delegates expected, the sum required to cover the expenses of the Canadian and U.S. delegations would be considerable (incidentally, it was not made clear why the U.S. delegation would not be making its own arrangements). While fully aware of CIDA funding of \$ 60,000 for transportation to the Assembly of Latin American delegates, and the further \$20,000 grant for support to the Canadian delegation the Department of the Secretary of State is at present considering, Mr. Shead indicated that further assistance in funding of the North American contingent was urgently required. He stated that a submission to this Department was currently being prepared on behalf of the WCIP by the Indian Consulting Group, and that it would be finalized early in the New Year. Ms. Anderson

said that she could not encourage him to believe that further funds would be available, but that his submission would be given careful consideration by the Department, within which the WCIP is regarded as a serious organization deserving of support. If we could help pry loose funds from other Departments, we would be willing to assist the WCIP in this regard.

5. Having outlined the objectives of the WCIP briefly, Mr. Shead indicated that he anticipated some "trouble", other than financial, relating to the travel of the Canadian and U.S. delegations to this Assembly. He suggested that some of the delegates might be travelling on documents other than Canadian passports. Accordingly, he would be grateful if Canadian missions along the proposed route could be briefed, and ready to help in the event of complications with local authorities (It was noted, in this regard, that if the flight carrying these individuals was diverted for technical reasons to Indonesia or the Philippines, for example, the authorities there might take a dim view of unofficial documents essentially self-issued. It would be best, with this contingency in mind, to encourage all delegates to provide themselves with internationally recognized documents. The point appeared well taken by Mr. Shead). It was pointed out to Mr. Shead that Canada was represented in San Francisco by a Consulate General, and that we would ensure that its staff was thoroughly briefed. However, we indicated that there was no representation in Honolulu, where the group was scheduled to stop over as well.

6. Mr. Shead then mentioned that he was considering including in his submission to this Department the request that an officer from External Affairs accompany the delegation as an "observer" to the conference. He indicated this might be of considerable value to the Department. Ms. Anderson replied that it would do no harm to add this request to the submission, but did not hold out any hope that it would be acted upon. We noted that the High Commission in Canberra was already aware of the forthcoming Assembly and would be represented by observers, as appropriate. (Although Mr. Shead claimed the contrary, his request that an official from this Department travel with the group appeared aimed to facilitate border crossings and the resolution of potential consular problems involved in the itinerary of the Canadian delegation.)

.../3

- 3 -

7. Mr. Shead confirmed that the Australian Government was expected by the WCIP to feel somewhat uneasy vis-à-vis the Assembly in view of its allegedly less than enlightened policies towards aboriginal populations of the Continent. He equally confirmed that the health of George Manuel, President of the WCIP, is giving rise to some concern within the organization, and that his eventual successor might well be Australian. The name of Mr. Ross Moore, who has been corresponding with our High Commissioner in Canberra, was mentioned in this regard.

8. Mr. Shead stated several times that his call was intended principally to introduce himself and to establish contact with an official with whom he could discuss arrangements for the WCIP Assembly in Canberra. Ms. Anderson suggested that correspondence in this regard be directed to her, or to the Minister for her attention, and said that we would read the submission with interest when it arrived, and do what we could to support the WCIP's objectives.

Cher monsieur,

Suite à votre conversation du 6 janvier avec M. P. Morrison de cette division en ce qui concerne l'émission de passeports de la République de Khalistan, veuillez trouver ci-joint copie des documents constituant ce dossier.

Comme vous le constateres, le ministère craint un problème dans les rapports indo-canadiens si les "passeports" étaient effectivement utilisés.

Je vous saurais gré de bien vouloir nous renseigner sur les moyens légaux -- s'ils en existent -- d'empêcher la production ou la circulation de ces documents. Lors de votre conversation téléphonique, vous avez parlé de la pertinence de l'Article 324 du Code Criminel.

La personne chargée du dossier auprès de la GRC est l'inspecteur Thompson, de la section Immigration et passeports, au numéro de téléphone 993-2325.

Je demeure à votre entière disposition si de plus amples renseignements sont requis et vous prie d'agréer, cher monsieur, l'expression de mes sentiments distingués.

Thank you for informing this division of the "Republic of Khalistan - passports" which have been ordered from printers in Bowmanville.

We would like to make the following observations:

1) While there may be nothing "radical and subversive" about the Khalistan movement from the perspective of Canadian law enforcement authorities, presumably the Indian government may take a different view. If "passports" of this nature, printed in Canada, came into circulation, it could cause embarrassment in Indo Canadian relations.

2) While not directly relevant to the police investigation, it should be noted that Sodhi's "facts" are wildly distorted. For instance, there may be one hundred thousand, not one million, Sikhs in Canada. In India, many Sikhs are in very senior positions, including that of Home Minister, responsible for law enforcement.

3) We agree that every effort should be made to ensure that "Republic of Khalistan" passports are not inadvertently treated as legal travel documents. Furthermore, we are puzzled by the fact that it appears that the "passports" are, in spite of their patently fraudulent nature, to be printed. Is it not possible for the police authorities to prevent this from happening?

The Passport Office was advised through the Oshawa RCMP detachment that the James Publishing Company of Oshawa had received an order from Kuldit Singh Sodhi, a Bowmanville businessman, born November 24, 1936 in Pakistan for 10,000 passports for the Republic of Khalistan. Since on the surface this appeared to be an effort to obtain counterfeit passports, the RCMP made a thorough investigation.

Dear Mr. Barnes,

The Secretary of State for External Affairs has referred to me your letter of June 26, 1972 in which you requested assurance that promotion of the "Planetary Passport" does not contravene the regulations of this Department.

As you know in accordance with international custom and usage passports are national identity documents issued to citizens of respective Sovereign States by official government agencies. In Canada passports are issued under the prerogative of the Crown and the exercise of that prerogative is vested in the Secretary of State for External Affairs. Accordingly, I should caution you against any actions or representations which might lead Canadians or other nationals to believe that a passport issued by your organization will have an official value or that the Canadian or foreign governments will honour it. It would be a disservice to Canadians to encourage them to believe that they might be able to gain admission to other countries on the strength of an informal document which cannot provide official evidence of their Canadian citizenship status and is therefore not an acceptable substitute for a valid Canadian passport.

Enclosed please find the sample "Planetary Passport" which I am returning at your request.

Yours sincerely,

Announcing the

Planetary Citizenship Campaign

With this issue of *World Federalist*, WAWF formally announces the launching of the Planetary Citizenship Campaign. The Campaign will seek the signatures of hundreds of thousands, and eventually, of millions of people all over the world who wish to acknowledge and to declare that they are, as human beings, planetary citizens first of all. Heart of the Campaign is the Human Manifesto and Pledge of Planetary Citizenship, which individuals are invited to endorse, supporting the concept of allegiance to the world community and to mankind, in addition to their usual allegiances.

The Campaign, beginning in the United States as a pilot project, will be spread throughout the world. Purposes of the Campaign are:

- to increase world-mindedness and the level of global concern;
- to develop support for an effective United Nations and associated global agencies for planetary management of crisis world problems;
- to identify a huge new constituency of Federally oriented people who want to make their feelings known and are looking for a place to take a stand.

WAWF will act as Agent for the Campaign, and will maintain the Planetary Citizen Registry at the WAWF Headquarters office in Ottawa. Individuals signing the Pledge will be issued a Planetary Citizen Registration Card upon payment of the registration fee, and will receive a quarterly Planetary Citizen newsletter, published for the registry by WAWF.

WAWF has also developed a Planetary Passport in connection with the Campaign. Any Planetary Citizen, duly registered, may send for a Planetary Passport application form. WAWF sought expert legal assistance in its preparation, and will undertake to secure recognition of the Passport by governments. The Passport is of high quality paper and stamped in gold. It is issued as an interim

document, until the United Nations or other world agency can provide such a universal passport. It can be used for identification, and at national borders the effort can be made to have it honored. The experience of individuals carrying the Planetary Passport will serve to spread planetary

consciousness, and will provide assistance to WAWF in its campaign for official recognition of the Passport by governments.

The Planetary Passport takes as its legal basis Article 12 of the International Covenant on Civil and Political Rights, which declares that everyone shall be free to leave any country including his own. The Passport application form is stringent, so that the passport will be respected and the possibilities of its recognition increased.

The full-scale campaign as it develops in the United States will employ newspaper advertisements in major papers as well as in the college press. Direct mail and local sign-up drives at shopping centers, railroad stations, in schools and colleges and the like will also be used. Planetary Citizens will also be invited to take part in Federalist action programs for UN reform and on human survival problems of peace, poverty, pollution and population. Local branches of other organizations concerned with world problems will be invited to co-operate in the Planetary Citizenship sign-up campaign.

Acting as agents for the Campaign, World Federalists will be able to carry it to all parts of the globe. For the first time, a truly massive identification and registration of world-minded people will be possible. And of course, WAWF has the action programs to give content and meaning to their commitment.

HUMAN MANIFESTO

Human life on our planet is in jeopardy.
 It is in jeopardy from war that could pulverize the human habitat. It is in jeopardy from preparations for war that destroy or diminish the prospects of decent existence.
 It is in jeopardy because of the denial of human rights.
 It is in jeopardy because the air is being fouled and the waters and soil are being poisoned.
 It is in jeopardy because of the uncontrolled increase in population.
 If these dangers are to be removed and if human development is to be assured, we the peoples of this planet must accept obligations to each other and to the generations of human beings to come.
 We have the obligation to free our world of war by creating an enduring basis for worldwide peace.
 We have the obligation to safeguard the delicate balances of the natural environment and to develop the world's resources for the human good.
 We have the obligation to place the human interest above the national interest, and human sovereignty above national sovereignty.
 We have the obligation to make human rights the primary concern of society.
 We have the obligation to create a world order in which man neither has to kill or be killed.
 In order to carry out these obligations, we the people of this world assert our primary allegiance to each other in the family of man. We declare our individual citizenship in the world community and our support for a United Nations capable of governing our planet in the common human interest.
 This world belongs to the people who inhabit it. We have the right to change it, shape it, nurture it.
 Life in the universe is unimaginably rare. It must be protected, respected, cherished.
 We pledge our energies and resources of spirit to the preservation of the human habitat and to the infinite possibilities of human betterment in our time.

DECLARATION OF PLANETARY CITIZENSHIP

I recognize my membership in the human community.
 I recognize my allegiance to mankind while I reaffirm my allegiances to my own family,
 community, state and nation.
 As a member of the planetary family of man, the good of the world community is my first concern.

Therefore:

- I will work to end divisions and wars among men;
- I will work for realization of human rights -- civil and political, economic, social and cultural -- for all people;
- I will work to bring the actions of nations into conformity with the needs of the world community;
- I will work for the strengthening and improvement of the United Nations;
- to give the United Nations the authority to act on behalf of the common will of mankind;
- to curb the excesses of nations;
- and to meet the common global dangers and needs of the family of man.

Presented to His Excellency, U Thant at the announcement of the launching of a world-wide campaign for declaration of Planetary Citizenship in response to his call for the addition to our national allegiance of a higher loyalty to the world community and to its central organization, the United Nations, on the occasion of the Farewell Tribute to the Secretary-General by the United Nations at the Pierre, New York City, December 14, 1971, at which time U Thant has been acclaimed a honorary first Planetary Citizen.

Planetary Citizenship Campaign Announced

Farewell to U Thant

By NANCY WESSELMAN
and DONALD KEYS

By 12:30 P.M. on December 14 a noisy crowd of almost 500 guests had gathered in the reception area outside the Grand Ball Room in New York City's Hotel Pierre. Inside the closed Ball Room doors the afternoon's guest of honor was mingling with a smaller group of world leaders who had come to honor him on this occasion. Minutes later the doors were opened and the luncheon guests began filling the elegant chandelied dining room . . . the U Thant Farewell Tribute was in progress.

The program was formally opened by Dr. Luther H. Evans, President of World Federalists, USA and former Director-General of UNESCO. Dr. Evans greeted the audience on behalf of the World Association of World Federalists, and World Federalists USA, sponsors of the event.

Master of Ceremonies, Dore Schary, then introduced Pete Seeger, popular folksinger, who paid the first of the afternoon's tributes to the retiring Secretary-General in song.

Mr. Seeger was followed by a testimony to U Thant from Charles W. Yost, former U.S. Ambassador to the U.N. Ambassador Yost also served as co-chairman to the Farewell Tribute along with Mr. Norman Cousins.

U Thant listened attentively as United States Senator Frank Church

of Idaho, Justice Arthur Goldberg, former US Ambassador to the UN, Nelson Rockefeller, Governor of New York and Eltore Di Filippo, UN Counsellor representing the Holy See, each praised him for his example, patience and wisdom.

Jacques Cousteau, deepsea explorer, gave one of the major tributes of the afternoon. To U Thant he said, "we

can imagine the tragedy in your heart . . . we who now face the end of man's existence . . . as well as the end of any other kind of life on earth". "Man's fight against nature", the explorer said, "is ended. Now we must protect nature if we are to survive any

length of time." To protect nature "we must reach a united world", a world capable of governing the use of the world's resources.

"Men must transfer to the planet certain loyalties now commanded by nations", said Barbara Ward (Lady Jackson) as she delivered the second major tribute to the Secretary-General. In a sincere and affectionate manner, Lady Jackson asked the audience to "let loyalty and faith in a planetary society" be at the basis of their thought, politics and action. "The reason we make this tribute to U Thant", said Lady Jackson in concluding her remarks, "is because he, above all, expresses faith in the integrity of the planetary system. He is a symbol to us of a man who keeps faith."

Questioning whether to introduce the next speaker as the former editor of the Saturday Review or the editor of the former Saturday Review, Dore Schary set the stage for the part of the program which was, especially for the many Federalists in the audience, the highlight of the afternoon.

In the first public announcement of the worldwide planetary citizenship campaign, Mr. Cousins presented a scroll to U Thant containing the Human Manifesto and Pledge of Planetary Citizenship upon which the campaign is based, together with the signatures of the initial endorsers, and

declared the retiring secretary-general "Human Citizen Number One!"

... a standing ovation Mr. Thant took his place at the podium for his response. "I find myself in complete agreement with the Human Manifesto... we have to get rid of that very bad concept: 'my country, right or wrong'. This concept is 'the single most important impediment to the development of global institutions like the UN.'"

He concluded by saying that he was indeed ready to retire but that after his "liberation" he hoped to continue his efforts on behalf of mankind and contribute to a better understanding of the international community of the importance of the global problems which it faces.

Mr. Cousins, in making the presentation, explained that the campaign grew out of the call by U Thant to the Conference on Human Survival, held at the United Nations in May, 1970, and attended by many of the world's leading statesmen, philosophers, economists and scientists. At that meeting, the Secretary-General pointed to the need for the development of a second allegiance. He told the Conference on Human Survival:

"... a single allegiance to one state is not enough to meet the great challenges of our time. We need to develop a second allegiance, to our own state, and secondly, we need to

have allegiance to the international community, represented by this great organization. This is very necessary if we are to achieve the objectives of the Charter which was framed by the founding fathers 25 years ago."

Later the same year, on August 21, 1970, addressing the World Federalist Congress in Ottawa, U Thant declared:

"I do not criticize national pride. National pride is natural. I say only that the sense of belonging to the human community must now be added to, and become dominant over, other allegiances."

Both the Ottawa Congress, and the subsequent National Assembly of World Federalists, USA, passed resolutions endorsing the call of the Secretary-General.

The next step in the development of the Campaign, was the design by participants of the Conference on Human Survival, in collaboration with Mr. Cousins and WAWF's UN Office, of the Human Manifesto and Pledge of Planetary Citizenship. This document is intended for the widest possible circulation and individual endorsement, throughout the world. The Kettering Foundation, which had supported the original Conference, stepped forward to assume the initial costs of designing and launching the Campaign in the United States as a pilot project.

In the meantime, the Council meeting of WAWF, at Klaekken, Norway, in August 1971, and the WFUSA assembly in September endorsed the Campaign. WFUSA made a combined campaign for "mundialization" of the individual (Pledge of Planetary Citizenship) and of states, cities, universities and other institutions, the number one program priority for the year 1971-1972.

A letter of invitation went from a number of the participants of the Conference on Human Survival to 100 world leaders for their endorsement of the Human Manifesto and the campaign. The letter of invitation was signed by Sir Adetokunbo Ademola, Chief Justice of Nigeria; Harrison Brown, scientist, USA; Norman Cousins; Luther Evans, now President of WFUSA; Buckminster Fuller, USA; Joseph Ki-Zerbo, historian, Upper Volta; Leo Mates, economist, Yugoslavia; Mme Vijaya Lakshmi Pandit, a past President of the UN General Assembly, India; Lester Pearson, former Prime Minister of Canada; Raoul Prebisch, economist, Argentina; Gen. Carlos Romulo, Foreign Minister of the Philippines; and Jan Tinbergen, economist, The Netherlands.

The response to this invitation was astonishingly good, and the list of endorsers up to date of publication is given above.

Planetary Citizenship

By ANDREW CLARKE

On February 15, 1972 World Federalists will launch a new program: Planetary Citizenship. This new federalist initiative will involve education, commitment and action. It will seek to mobilize a new constituency for a governed world.

There is today a stronger sense of world community, and consequent interest in world citizenship, than at any time since the United Nations was founded. The evidence is unmistakable. The number and size of transnational organizations — volunteer, professional and governmental — has increased dramatically during recent years. Youth have become increasingly world conscious and have developed a stronger sense of identity with humankind than any earlier generation. Concern for the condition of the earth's environment and the precariousness of its life systems further underlines the need for interdependence and world unity. And man's journey into space has given him a

dramatic sense of the oneness of his spaceship home.

At the 1970 Ottawa World Congress former Secretary General U Thant called for dual citizenship and the need for loyalty to the world community as well as the individual's own nation. In U Thant's words, "The sense of world community is the matrix for the evolution of enforceable world law and needed world institutions." He continued, "One need is foremost in my mind above all others, and that is the need to educate the world's peoples to their responsibilities as citizens of the world."

At a world federalist sponsored farewell tribute to U Thant, held in New York on December 14, 1971, the former Secretary General accepted an invitation to become the world's first planetary citizen. During recent weeks U Thant's leadership has been endorsed by over 60 world leaders. Each has signed the human manifesto and expressed support for WAWF's campaign for planetary citizenship (see names on page S3).

It has been said that perhaps the greatest asset of world federalists is their humanism and the value imperatives which underlie their drive for world law and world community. With planetary consciousness now breaking through at many levels the time has arrived for WAWF to carry forward an imaginative and exciting program to harness this new potential.

We are therefore encouraged that World Federalists, USA have agreed to give first priority during 1972 to a combined campaign for mundialization of states, cities, universities and other institutions, together with mundialization of individuals as planetary citizens.

World Federalists now have a unique opportunity to assume leadership and provide a new rallying point for millions of latent world citizens around the world. I urge each of you to set an example by completing the enclosed form and adding your name to our planetary citizen registry. Please do it now!

Dear Mr. Ritchie,

In May, 1970 19 distinguished individuals from various parts of the world, including three past Presidents of the United Nations General Assembly, met to participate in a Conference on Human Survival at the Headquarters of the United Nations in New York. The Conference was held in connection with the observance of the 25th Anniversary of the United Nations, and was sponsored by the Charles F. Kettering Foundation. The meeting was hosted by Secretary General U Thant and was chaired by Canada's Lester B. Pearson.

At this conference in New York, U Thant pointed to the need for the development of a second allegiance, an allegiance to the international community. He gave further emphasis to this theme when addressing the World Congress of the World Association of World Federalists in Ottawa in August 1970 when he declared:

"I do not criticize national pride. National pride is natural. I say only that the sense of belonging to the human community must now be added to and become dominant over, other allegiances."

In response to U Thant's appeal, participants to the May 1970 Conference on Human Survival submitted an invitation to 100 world leaders to become signatories to a statement entitled "The Human Manifesto and Declaration of Planetary Citizenship" (copy enclosed). Some 70 world leaders have since responded to this appeal. More recently, at a press conference in New York in May 1972, U Thant participated in a campaign to publicize the Human Manifesto and the concept of Planetary Citizenship. Over 6,000 individual citizens have since signed the declaration of Planetary Citizenship, a Registry has been established at the headquarters of the World Association of World Federalists in Ottawa, and plans are now going forward to develop the campaign on a larger scale.

The essential purpose of this letter is to inform you of a particular project linked directly to the Planetary Citizenship Campaign: A Planetary Passport. It was the view of the campaign organizers that various symbols were essential to fully develop a sense of global allegiance and it was therefore agreed that a universal travel document should be developed for use by persons who wish to spread the concept of planetary consciousness and world responsibility.

It may well be that at some future date the United Nations, or another world agency, may be empowered to issue a universal passport for travel purposes. Meanwhile, and in keeping with Article 12 of the International Covenant on Civic and Political Rights and Article 13 of the Universal Declaration of Human Rights, both of which declare that an individual has the right to leave and return to any country, including his own (restrictions provided by law to protect national security, etc. excepted), the Planetary Citizen Registry will issue a Planetary Passport.

We believe that establishment of identification is a legitimate function of a passport; we therefore require as proof of identity two witnessed photographs, and a notarized application form, from each applicant. We have also taken pains to caution each person issued a Planetary Passport that this document should not be considered a substitute for a national passport and does not have the acceptance of governments. National passports should therefore be carried during all normal travel abroad, and the national passport number and country of issuance should be recorded on the appropriate page of the Planetary Passport.

During recent months we have been informed by several persons that Planetary Passports have been widely accepted by border officials of several countries. In fact, one United States owner of a Planetary Passport was successful in visiting 14 countries in Europe relying entirely upon his Planetary Passport.

I have chosen to provide you with the above background information on the Planetary Citizenship Campaign and the issuance of Planetary Passports in order that you may adequately appreciate the campaign's purpose, and thus avoid any possible misunderstanding.

Yours sincerely,

AADC/jr

Dear [REDACTED]

I acknowledge receipt of your letter of recent date concerning information for a school booklet series, in particular in relation to a Citizen of the World passport.

There are a number of individuals or organizations which have attempted to gain recognition for this type of document. However, because of the nature and reason for issuance of a passport, such documents have gained little or no support. No useful purpose would seem to be served by giving broader publicity to unacceptable documents through reproducing facsimiles. Producing such samples and publicizing available sources might be misinterpreted as giving official recognition. Perhaps the following comments will clarify why this Department would prefer that only passing reference be made to their existence.

The passport has evolved historically from an official letter from one sovereign head of state requesting free entry for one of his citizens to another head of state, and identifying that citizen. The guarantee of responsibility for the person travelling is implied by the authority of the sovereign making the request and the sovereignty of the state issuing the document. Thus the receiving state is able

.../2

- 2 -

to permit entry with the minimum of formalities since the individual, if he becomes a charge on the receiving state either for undesirable behaviour or inability to maintain himself financially, may be returned, again with the minimum of formality, to the issuing state which must assume responsibility for persons to whom it issues passports.

A Citizen of the World passport on the other hand backed only by a private organization cannot give any such assurance. To all intents and purposes the bearer could as well be travelling with no passport at all, since such a document can give the receiving state no assurances that they will not be obliged to prevent the bearer to remain once he has entered, however undesirable he may be.

In view of the reason for which a passport is issued, the internationally recognized passport is likely to remain as long as there are nation states. At the point where all frontiers are abolished a passport will be an obsolete document and of course a "world passport" will be unnecessary.

Yours sincerely,

The Seattle Passport Agency recently contacted us to ask whether or not we were familiar with "Planetary Passports" which, it would seem, are being issued by an organization in Canada calling themselves the "Planetary Citizen Registry, World Association of World Federalists". They are located at 63 Sparks Street, Ottawa. The organization is unknown to us, although you may be familiar with it. In any case we attach a photocopy of the document which was provided to us by the Seattle Passport Agency. On first glance the "passport" appears to closely resemble a Canadian passport, but closer comparison reveals that while some wording in English may be the same as Canadian passports, the French version differs (e.g. the notation regarding the bearer's responsibility to obtain visas).

2. It would be of general interest to us to know a bit more about this organization which apparently charges for a mock travel document.

Monsieur,

Le Bureau du Premier Ministre du Canada m'a demandé de donner plus ample considération à votre requête du 17 novembre 1978 concernant la reconnaissance du passeport délivré au nom du Service d'autorité mondial.

Le passeport est un document de voyage par lequel un Etat souverain prie les autorités d'un autre Etat souverain d'accorder libre passage au titulaire du dit passeport. Ainsi, il sera possible à ce titulaire d'entrer avec le minimum de formalités étant donné que l'individu concerné, s'il se comportait de façon indésirable par exemple, pourrait être prié de retourner dans le pays émetteur qui a la responsabilité de réadmettre sur son territoire les individus auxquels il délivre un passeport. C'est ainsi que le Canada admet sur son territoire les porteurs d'un document de voyage émis conformément à la Convention sur les réfugiés; cependant, ce document respecte les règles pertinentes du droit international. Le Canada reconnaît les passeports émis par les Etats souverains ou documents émis conformément à un traité auquel le Canada est partie (ex. Convention sur les Réfugiés).

Compte tenu des droits et obligations conférés par le passeport et le droit international contemporain

le Canada ne peut accepter les documents de voyage délivrés
par des organisations privées.

Je vous prie d'agréer, Monsieur, l'expression de
mes sentiments les plus distingués.

Monsieur,

Au nom du Premier ministre, j'accuse réception de votre lettre du 17 novembre dans laquelle vous exprimez le désir de le rencontrer afin de discuter du passeport mondial.

Le calendrier très chargé du Premier ministre est établi des mois à l'avance et il ne lui permet malheureusement pas de vous accorder un entretien si bref soit-il. M. Trudeau reçoit des centaines de demandes comme la vôtre. Vous comprendrez, j'en suis certaine, qu'il ne peut humainement satisfaire tout le monde. Il vous prie d'accepter ses excuses et ses meilleurs vœux.

J'ai cependant pris la liberté d'adresser une copie de votre lettre au ministère des Affaires extérieures, qui est responsable de la politique sur les passeports, pour plus ample considération.

Je vous remercie d'avoir écrit à M. Trudeau à ce sujet.

Veillez agréer, Monsieur, l'expression de mes meilleurs sentiments.

M. Pierre Elliott Trudeau,
Premier Ministre du Canada,
Parlement.
Ottawa, Ontario K1A 0A2

Cher M. Trudeau:

Au nom du Service d'autorité mondial, (World Service Authority)
à Washington, je vous écris sur un sujet qui prend de plus en plus
d'ampleur.

Après une longue conversation téléphonique avec () coor-
dinateur mondial du Service d'autorité mondial, il a été décidé que
je vous écrive pour vous demander d'accorder une entrevue à M. ()
si courte soit-elle, à vos bureaux du Parlement, entrevue à laquelle
j'assisterais en tant qu'observateur.

M. () aimerait vous demander, en personne, votre opinion sur la
possibilité de la reconnaissance officielle du passeport mondial
par le gouvernement canadien.

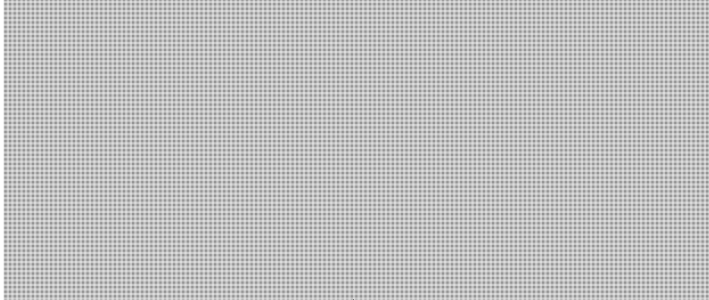

Je suis persuadé que vous êtes déjà au courant, que M. () a fon-
dé ses bureaux à Basel en Suisse et qu'il a livré, à date plus de
40,000 passeports mondiaux. Ce passeport mondial est reconnu offi-
ciellement par l'Equateur, le Kuweit, le Yemen, la Haute-Volta, la
Zambie, la Mauritanie et L'Arabie Séoudite et a été honoré par une
centaine d'autres pays.

Nous savons que le Canada jouit d'un grand respect par bien des
pays qui suivent son exemple. Sur ce point je souligne la recon-
naissance par le Canada de la Chine ce qui a aidé énormément à la
faire entrer à l'Organisation des Nations Unies. Je suis donc persuadé
qu'un grand grand nombre de pays suivraient l'exemple du Canada si
le gouvernement reconnaissait officiellement ce passeport mondial.

Je crois que vous êtes d'accord sur le fait que tout passeport na-
tional est devenu un anachronisme n'ayant plus de raison

d'être dans un monde où les Nations Unies se réformeront en une Fédération mondiale qui, plus tard, se reformera éventuellement en un gouvernement mondial qui, enfin, amènera la vraie justice pour tous les humains.

Sincèrement vôtre,

Your letter of February 9, 1979

"World Service Authority" passports

84-5-6

We are quite familiar with the document under reference which is issued by one, (), an American citizen residing in Switzerland. We recently had a case of a Canadian who, carrying one of these documents, was deported from England. He later appeared in France having been astute enough to arm himself with a Canadian passport as well. He was questioned by the French authorities at some length and they confiscated the document and sent it to us.

2. The document is listed in the Immigration Manual as unacceptable for entry to Canada.

3. We would like to be informed of any Canadians who come to your attention, who are carrying the documents. Anyone who produces such a document should simply be informed that Canada and in our experience, most other countries do not permit entry to bearers of the document for the simple reason that the purpose of a passport in addition to identifying the individual is to demonstrate that the bearer has a country which will accept him if he becomes a burden on the receiving state.

WASHINGTON
NEW DELHI
CSO

Attached is a copy of a self-explanatory letter (No. 289 of May 25) from New Delhi recounting the misadventures of a Canadian traveller, [redacted] who travelled to India on a World Service Authority passport.

2. Following consultations with our Passport Office, we think it would be useful for you to discuss the acceptability of the World Service Authority passport with the appropriate officers of the Indian Consulate, Air India and Temple Travels in Los Angeles and to suggest that the Immigration Officers at New Delhi do not evidently regard the WSA passport as a valid travel document. It would also be in order to inform them that Canada does not recognize the document.

3. If by chance you are informed that the Government of India recognizes the World Service Authority passports, please endeavour to obtain an official document number and provide us with the information. While we doubt that there is a significant number of Canadians travelling on World Service Authority passports, it is obvious that the few could suffer considerable personal and financial inconvenience as a result of being misinformed about the acceptability of the WSA passport as a valid travel document.

For Washington:

4. You may wish to take the initiative in approaching the World Service Authority, District Officer, Washington to inform him (perhaps orally, to avoid giving the organization any recognition) that Canada does not recognize the document and it should not be represented to Canadian citizens as a valid travel document for their purposes.

On 23 May the High Commission received a call from Air India stating they had a passenger named [redacted] arriving in Delhi on their flight from Bombay with an expired passport. [redacted] had taken the Air India flight from New York to Bombay and arrived there with a "passport" issued by the World Service Authority, District Officer, Washington D.C., on 19 May 1977 (copy attached). He had been informed by the Indian Consulate, Air India and Temple Travels; all in Los Angeles, that this document was acceptable for travel to India.

2. When he arrived at Immigration in Bombay they stamped the World Services Passport and allowed him through. He was then called back and the stamp cancelled and he was told to produce his Canadian passport issued at Los Angeles on 19 April 1971. Since this passport had expired, the Immigration Officer threatened to return him to New York on the next Air India flight. Air India, however, offered to fly him to Delhi at their expense. He was met at the airport by a member of the staff. He was detained in the transit lounge until the next day when his new passport (New Delhi 24 May 1977) was issued and the immigration authorities allowed him to enter India.

3. [redacted] also stated that the World Services authorities gave a list of countries where the "passport" was acceptable and India was included on this list.

The document issued by the "World Service Authority" is not acceptable for the purposes of Section 14 of the Regulations (MCI Chapter 6 Annex C) and is not worth the paper that it is printed on.

2. If we remember correctly from some old news stories, this document is issued by a [redacted], (his signature appears on the document) for his own account. [redacted] as far as we know, is a U.S. citizen residing mostly in France, and he himself is the holder of World Service Authority document No. 1, and he is trying to promote the use of this document by other idealists.

Dear Mr. Sutherland:

Re YOUR FILE 84-5-6

Thank you for your letter of June 13, 1978.

It is my understanding that Travel Alberta do not plan to print any more Holiday Passports, however your letter is being passed along to them for their information.

Aside from the serious for a moment, possibly this is a new twist to encourage Canadians to stay at home.

Yours very truly

Dear Sirs,

We recently had the opportunity to examine the interesting Travel Alberta Holiday Passport distributed by your association.

Although the booklet is clearly for the purpose of advertising tourist sites in Alberta, there is one aspect of the format which we would like to bring to your attention. Since the cover of the booklet resembles a national passport holders may mistakenly assume it can be used for travel to other countries. This happened on a number of occasions when the Expo passport was in circulation some years ago. As you can appreciate, the individuals concerned encountered problems when they were refused admission to the countries they were attempting to enter on the Expo passport.

If it is intended to reprint the Holiday passport in the future, we suggest you include in the booklet a reminder that it is not a valid passport for travel outside Canada.

Yours sincerely,

Thank you for referring this matter to us.

We find this document rather inoffensive as it can easily be determined that its sole purpose is one of advertising. However, we agree with you that a new printing of the booklet should include a warning to the effect that it has no official character as a travel document. In this manner we would make sure that no one would be misled by this "passport".

YOUR HOLIDAY PASSPORT

Take this holiday passport with you as you travel Alberta. Have it stamped at the events, attractions, and facilities where stamps are available. (See last page.) This passport includes a page describing each of the fourteen tourism zones of Alberta with space for collecting the stamps of each zone. When you have collected stamps from six or more zones, mail your passport to Travel Alberta, Box 2500, Edmonton, T5J 2Z4. Your passport will be validated and returned, and your minted medallion sent to you. Stamps from six zones qualify you for a bronze* medallion. Stamps from ten zones (four additional) qualify you for a silver* medallion. Stamps from all zones qualify you for a gold* medallion. Only one stamp per zone is required. You may apply for your medallions one at a time, as you accumulate stamps from the required number of zones, or all three at once. Final date for submitting your passport is December 31, 1980. Passports must be presented personally, by you or a member of your family, for stamping. Identification may be requested. Passports will be limited to one per family.

*Mint-grade non-precious metal.

CHINOOK COUNTRY

Warm, summer-like winds suddenly arise out of the south-west in the coldest times of winter — the chinooks. They are always welcome. And so are you. This area of Alberta offers a variety of landscape, from a mountain park to stretches of irrigated prairie. Attractions you won't want to miss: Fort Macleod, Nikka Yuko Japanese Gardens in Lethbridge, the magnificent marble Mormon Temple in Cardston, scenic Crowsnest Pass, Writing-on-Stone Provincial Park, and, of course, Waterton Lakes National Park in Alberta's Canadian Rockies.

Zone 2 GATEWAY

The southeastern entrance to Alberta, this zone is a study in extreme contrasts. Dinosaur Provincial Park can be compared to a moonscape strewn with eerie hoodoo formations and dinosaur skeletons. Cypress Hills, a 1,219 meter alpine plateau rising suddenly out of the prairie, is a living memorial to a pre-glacial time, an island of green bypassed by the ice age. Visit the city of Medicine Hat and, if you can, take a tour of the glassworks or potteries.

You'll find fascinating earth formations, dinosaur relics which you can examine and speculate about, but won't be allowed to take home, and a famous Little Church that seats thousands of people a year, six at a time. Check out the Atlas Mine, too, and descend 120 meters to one of the world's largest coal formations.

Follow the David Thompson Highway to Rocky Mountain House, and nearby, you will find the National Historic Park with interpretive display on the historic fur trading post. Take a trip up the Forestry Trunk Road, paralleling the Rocky Mountains through wilderness and wildlife country. Or for a look at a thriving central Alberta city, enjoy attractive Red Deer.

Zone 11 EDMONTON

For eleven days every July, Alberta's capital rekindles the spirit of Klondike Gold Rush days, with 1890's finery, saloons, casinos, parades, a midway and exhibition, old-time entertainment and an "everyone-get-in-on-the-fun" attitude. It's Klondike Days, and it's worth being in Edmonton for. But if you miss it, there's lots more in this city of 500,000. Fort Edmonton, the Muttart Conservatory, Valley Zoo, the Provincial Museum and Archives, the Legislative Building and grounds, and much more.

... Pour faire suite à notre lettre mentionnée sous rubrique, vous trouverez ci-joint photocopies de deux articles que nous relevons tout d'abord de l'édition internationale du Herald Tribune du 21 et 22 janvier 1978 qui mentionne la condamnation in absentia de Garry Davis par une cour française de Mulhouse à deux ans de prison et à 5,000 francs d'amende pour avoir distribué des passeports de son cru appelés "World Citizen". Le deuxième article que nous relevons, dans l'édition du 20 janvier du journal Le Devoir, mentionne la même affaire quoique la dépêche cette fois-ci provient de Bale. Selon ce deuxième article, World Service Authorities, organisme que dirige Garry Davis, aurait son siège dans cette ville et aurait déjà distribué plus de 10,000 passeports au cours des dernières années. Aucune des deux dépêches ne mentionne les allées et venues de Davies, mais il est probable que, s'il ne se trouve ni en Suisse, ni en France, il soit retourné aux Etats-Unis qui serait semble-t-il son pays d'origine. Nous vous faisons parvenir cette information à toutes fins utiles.

Dissidence tchèque

PRAGUE (AFP) — Plusieurs dizaines de Tchécoslovaques ont décidé d'observer une grève de la faim aujourd'hui et demain pour protester contre la détention — depuis trois mois — d'Ivan Jirous, le responsable du groupe de rock interdit "Plastic People of the Universe".

Déjà condamné au début de 1976 à un an et demi de prison, Ivan Jirous a été à nouveau arrêté en octobre 1977 pour avoir tenté de prendre la parole au cours du vernissage d'une exposition d'un de ses amis à Prague.

Selon ses proches, il doit subir aujourd'hui son premier interrogatoire. Il y a une dizaine de jours, 67 représentants de la culture "non officielle" ont adressé une lettre au procureur général, M. Jan Fejes, pour demander l'arrêt des poursuites judiciaires contre Ivan Jirous.

Barre est en Chine

PÉKIN (d'après Reuter et AFP) — M. Raymond Barre, premier ministre français, est arrivé hier à Pékin pour une visite de cinq jours en Chine.

Dans leurs discours, M. Barre et son hôte, le vice-président chinois Teng Hsiao-Ping, ont assigné à l'Europe des buts politiques différents. Pour le vice-premier ministre chinois, cette Europe forte est destinée à contrecarrer "l'intervention, le contrôle, l'agression et la subversion de l'hégémonisme".

Pour M. Barre en revanche, la construction européenne doit "contribuer à atténuer les tensions et abaisser les barrières politiques".

Dans un éditorial, hier, le "Quotidien du peuple" a affirmé que l'Europe est devenue le lieu géométrique de la rivalité entre les superpuissances et accusé l'URSS en particulier de faire peser une grave menace sur l'Europe occidentale.

Après la cérémonie d'accueil, M. Barre a été emmené à Pékin à bord d'une limousine "drapeau rouge". Il devait recevoir des diplomates à l'ambassade de France avant d'assister dans la soirée à un grand banquet en son honneur au Palais du Peuple.

Le passepart "Citoyen du monde" est-il valide?

BALE (AP) — Les autorités suisses ont annoncé hier l'ouverture d'une enquête sur la délivrance de passeports de citoyen du monde par M. Garry Davis.

À la suite de plaintes émanant d'organismes officiels suisses, de gouvernements étrangers et de particuliers, les autorités examineront si la "World Service Authority", l'organisme de Garry Davis dont le siège est à Bâle, a commis une irrégularité en assumant illégalement une fonction officielle.

Les autorités estiment que Garry Davis a déjà distribué plus de 10.000 "passeports" au cours des dernières années. Mardi, la police a saisi 5.000 de ces "passeports" au siège de l'organisation, fondée par M. Davis en 1974, un an avant d'être expulsé de Suisse et de s'établir à Hastingue en Alsace.

Le mouvement des citoyens du monde a été créé par Garry Davis il y a 21 ans. Il aurait plus de 5.000 sympathisants. Son objet est d'abolir tous les États et d'observer la déclaration des droits de l'homme des Nations unies.

divorce, and to marry his third wife, Noriko
Sawada, a Japanese-American, he had a
clash with the laws of Nevada.

"The clerk wouldn't give us a license,"
he said. "Told us it was a mixed marriage
and a license was only for Americans. I
said, Noriko's the American; I'm the for-

His wife has turned into a writer. One
of her poems won a prize in a Japanese-

He said proudly. In the poem she mentions
him. "A man who cares," she calls him.

Bridges delivered his lecture to a crowd

a historical and personal account of union-
ization and the changes it brought to the
West Coast waterfront workers.

Bridges proclaimed his optimism for the
future of the American labor movement.
He stressed the importance of minimizing
personal differences and said, "We're long
overdue for a united labor movement."

A reception followed the lecture in the
gallery's Hall of Presidents.

Guests included Labor Secretary Ray

Jerry Wurf, president of the American
Federation of State, County and Municipal
Employees.

PEOPLE: Julie Nixon Eisenhower Expecting a Baby

Julie Nixon Eisenhower and her
husband, David, are expecting
their first child. Family sources
have confirmed that the baby is
due this summer. The couple was
married in 1968. The birth would
make former President Richard
Nixon a grandfather for the first
time. Mrs. Eisenhower is at work
on a book about her mother,
Pat Nixon. Her husband is writ-
ing a book about his grandfather,
former President Dwight Eisen-
hower. The couple live in Capis-
trano Beach, Calif., about 30 miles
from the Nixon home at San
Clemente.

In a short court appearance in
Chicago, Mark Rudd, one-time
leader of the radical Weatherman
group, pleaded guilty to charges
stemming from the 1969 "days of
rage" demonstrations, and was
fined \$2,300 and placed on two
years' probation. Rudd, now 30,
was a leader of the Columbia
University student uprisings in
the mid-1960s. After living under-
ground for seven years, he sur-
rendered to New York authorities
last September and charges
against him there were dropped.
In Chicago, he pleaded guilty to
two counts of aggravated battery
filed during the four days of dem-
onstrations there in October, 1969.
He will be allowed to serve his
probation in New York and pay
his fine later.

A French court has sentenced
Garry Davis, self-styled World
Citizen No. 1, to two years in
prison and a 5,000-franc (\$1,000)
fine for distributing his unof-
ficial World passports. The
sentence was imposed in ab-
sencia in Mulhouse, France, Davis,
who lives in a French village
near the Swiss border, is believed
to be in the United States. The
official charge against Davis,
who renounced his U.S. citizen-
ship in 1942, was swindling and
counterfeiting of passports. Court
officials said complaints had been
received, especially from immi-
grant workers coming from Third
World countries, who believed
that they had bought an official
document. Davis has said that
the charge he makes for the
passports (about \$10) hardly
covers expenses. Swiss authorities
(People, Jan. 20) are investigat-
ing Davis's office in Basel.

Her devotion to baseball is well
known, but now Lillian Carter
has revealed an interest in
another sport, professional

wrestling. President Carter's
mother left her home in Plains,
Ga., the other night to drive to
nearby Columbus for an even-
ing of watching wrestling. After-
ward, she paid a call on one of
her favorite performers, a beefy
hulk of masked wrestler who
bills himself as "Mr. Wrestling
No. 2." He gave her a discreetly
conducted tour of the wrestlers'
locker room.

Two householders took a Brit-
ish public service to court in
London and asked it to move a
mountain back where it came
from. "It's a serious menace,"
said attorney Hubert Dunn in
presenting the lawsuit. Dunn
represented two families living
beneath Barrow Mump, a hill in
Somerset occupied in turn by the
Romans, possibly King Alfred, a
Norman castle and then a chap-
el. The mountain began mov-
ing in 1976, they charged, endan-
gering their homes. They asked
the court to order the National
Trust, which owns the mountain,
to put it back where it came
from and stop it from moving.
The trust denied responsibility,
saying that the hill's movement
was the work of nature.

We attach for your information an Embassy translation of an article recently published in Aftenposten concerning Mr. Fred Plaine, a Canadian Indian, who participated in the Conference of Native Peoples held at Kiruna in Sweden. Mr. Plaine is purported to have entered into Sweden on a passport issued by the "independent" Ojibwai-Cree nation, which, according to the article, "seceded" from Canada sometime this year. RED INDIAN PASSPORT FOOLED THE SWEDES

(Reported by Terje Gustavsen from Kiruna, Sweden)

A blunder by the Swedish passport control resulted in the Red Indian Fred Plaine from Canada achieving what he had set out to do, namely to get the press to focus their attention on Ojibwai-Cree, the country which in July this year declared itself independent of Canada. And what happened was that he got a stamp in a passport issued by this self-appointed Indian nation.

In his Canadian passport there was no immigration stamp, and he refused to produce it when later on the Police wanted to investigate the matter. But the authorities found no cause for taking action against Fred Plaine. He will be allowed to continue his function as observer during the conference.

Fred Plaine arrived in Luleå in a charter aircraft from Canada together with delegates and observers from Latin America and Canada. In this flow of strange-looking passports nobody discovered that Fred Plaine did not carry a legitimate passport. Because of a misprint the passport he presented also gave the date of issue as 1978.

This is not the first time Red Indian passports have been used. In 1970 a chieftain from USA travelled to Sweden, Finland and England on a passport issued by the Indian territory Six Nations.

The Ojibwai-Cree Indians proclaimed their independence this year a few days after Canada had celebrated her National Day: For the Indians this meant 110 years of discrimination.

000399

- 2 -

Translation, cntd

If from now on there was to be any interference from the Canadian nation, this would have to be on the Indians' own terms. Or not at all.

- We are no longer going to look indifferently on the whites destroying our country and our culture and prevent us from living in the spirit of our forefathers, Fred Plaine stated.

Canada has not sanctioned this act of secession.

So, what now remains is to see whether they will accept his Red Indian passport when in a week's time he will return to Canada.

Indian enters Canada on a home-made passport

An Ojibway Indian carrying a home-made passport was processed through Canadian customs last night in what Indians heralded as a major step toward independence of the Cree nation.

Fred Plain, a southern Ontario Ojibway on a flight from Sweden to Montreal, arrived at Mirabel Airport to a

ceremonial welcome from 50 chanting Indians.

"Three European countries — Denmark, Sweden and Finland — have accepted our declaration of independence," the jubilant Plain told reporters.

George Manuel, a representative of

the World Council of Indigenous People, who travelled with Plain, said Swedish immigration officers at first objected to Plain's home-made passport but allowed him to board his flight when the Swedish press arrived to record the event.

Plain was greeted by drums and singing from the 50 Indians who went to Mirabel to welcome him.

"We're glad to see he made it back safe and sound, and that he is well," said Jerry Martin, from the Matagami Reserve in Timmins, Ont.

"The safe return will mean that our prayers have been answered and that our efforts have been recognized."

The Cree Ojibway of north-western Ontario are fighting for recognition as an independent nation within Canada.

Plain, who is 52, has been involved in fighting for native people's rights for 30 years.

He says he expects more native peoples will be making and using their own passports now that his has been accepted by three countries and Canadian Customs and Immigration have accepted it.

A customs official at Mirabel told The Gazette that he was not aware of any incident and declined further comment.

Wally McKay, vice-president of the Grand Council Treaty No. 9, says this is a major step for the fight for recognition of the Cree nation.

MONTREAL (CP) — An Ojibway Indian returned to Canada Wednesday night a hero, because he was carrying a home-made passport in what Indians heralded as a major step toward independence of the Cree nation.

Fred Plains, 52, a southern Ontario Ojibway on a flight from Sweden to Montreal, arrived at Mirabel airport to a ceremonial welcome from 50 chanting Indians.

"Three European countries — Denmark, Sweden and Finland — have accepted our declaration of independence," Plains told newsmen.

George Manuel, a representative of the World Council of Indigenous People, who travelled with Plains to the council's second general assembly in Kiruna, Sweden, said Swedish immigration officers at first objected to the passport, but allowed him to board his flight when newsmen arrived to record the event.

The passport is made of plain green cardboard, with Plains's photograph inside. It was issued by Grand Council Treaty No. 9 — an Ojibway-Cree organization near Timmins in northern Ontario.

Plains also carried a valid Canadian passport, but refused to present it to Swedish customs officers.

Sweden accepted Cree's 'passport'

LULE, Sweden — (CP) — A Northern Ontario Indian says Sweden officially recognized the Cree nation by allowing him into the country on a home-made Indian passport.

Fred Plains of Timmins, Ont., arrived in this northern Swedish city from Montreal Monday and presented an immigration official with a passport issued by the Nishnawbe-Aski area, the Cree of Ontario's grand Council Treaty No. 9. The official studied the passport,

stamped it and cleared Plains's arrival.

The passport was made by an Indian in Timmins and follows closely the design of Canadian passports.

Unlike the gold-lettered blue Canadian passport, Plains's document has a simple brown cover.

The inside is hand printed in English and Cree, but the lettering is so delicately done that it appears to have been machine printed. Plains's photograph is affixed to an inside page with the official

stamp of the grand council.

"I think it's very important that a sovereign European nation has given recognition to a sovereign nation in Canada," said Plains, in Sweden for the World Council of Indigenous People's conference which started yesterday in Kiruna.

Earlier this month, Grand Council Treaty No. 9 presented the Ontario government with a declaration but insisted this does not make the Cree separatists.

"We are simply making a declaration of our identity," he said.

It appeared that the immigration official who stamped the passport simply did so in a rush.

Plains said the official, who appeared somewhat bewildered by the Cree syllabics, missed an important error — the date of issue was given as August 1978.

Plains, a consultant to Grand Council Treaty No. 9., also has a valid Canadian passport. He said he would have produced it if the Cree document had been rejected.

Homemade passport dated 1978 is used by Cree to enter Sweden

By ROBERT CLIFFORD

A Cree Indian from Timmins entered Sweden on Monday using a homemade passport that gave August, 1978, as its date of issue.

Ruth Burkholder, a spokesman for Ontario Cree's Grand Council Treaty No. 9, under whose authority the passport was issued, said yesterday that the date was "just an error in our last-minute rush to get the thing finished."

Fred Plains, a Cree from Timmins, said that Sweden has officially recognized the Cree nation by allowing him into the country on a hand-lettered passport written in Cree syllabics and English.

However, officials at the Swedish embassy in Ottawa say, as far as they know, there is no official recognition of the Cree nation.

"It sounds to me like a simple error," a spokesman for the embassy said yesterday. "I don't think they (officials in Stockholm) have paid any attention to it. We've had no reaction from them yet."

Ronald Sutherland, director

of the Ministry of External Affairs' passport office, said that whatever Swedish authorities accept is up to them. "If they let people in on the basis of a gum wrapper, it's their business."

He said Canada does not recognize the Cree passport as a valid travel document but can do nothing about it. He said the use of homemade passports by a number of people would be stopped quickly because the international community wouldn't put up with it very long.

"Passports would become meaningless if people could make their own because there's no integrity attached to any (passport) document except that which is issued by the proper authorities involved. In this case, the proper authority is Canada."

Presenting a homemade passport in another country is unusual, but the United Kingdom has stamped passports issued by Canadian Indian bands in the past, Mr. Sutherland said.

Mr. Plains arrived in Sweden on Monday to attend a

conference for the World Council of Indigenous Peoples. The conference began yesterday in Kiruna.

He presented an immigration official with a passport issued by the Timmins area, part of the Grand Council Treaty No. 9. The official studied the passport, stamped it and cleared Mr. Plains' arrival, he said.

The passport was made in the Grand Council office in Timmins a few days before Mr. Plains' departure. Mrs. Burkholder said the passport, the first yet produced, was a "logical extension" of the declaration of independence the organization made to the Ontario Government in July, saying it was a "nation within a nation."

Mrs. Burkholder said the preparation of the passport "was very well organized" and involved a number of people. The Treaty No. 9 Indians are hoping the Swedish and Canadian Governments will move to officially recognize the Cree nation, she said.

Leonard Stevens, a 24-year-old Cree who works as a coordinator of government activities on various reserves in the Timmins area, did most of the technical work on the document, which closely resembles a Canadian passport.

A former student of social services at Confederation College in Thunder Bay, Mr. Stevens said he has no formal artistic training.

As suggested in your referenced letter, we undertook to inform officials of the World Service Authority in Washington that Canada does not recognize their passport as a valid travel document. The obvious question was asked by the W.S.A. official (), "Why not?". In replying we mentioned that we were not qualified to enter into discussions as to "why" Canada did not recognize the W.S.A. passport or any passports for that matter as decisions relating to recognition were not made by the Embassy. Mr. [redacted] then requested the address of the appropriate agency in the Department to which he could write to further pursue the subject. We gave him the address of your bureau and expect that you will probably hear from him or from someone else in his organization.

As there is not an Indian Consulate in Los Angeles, we called the Indian Consulate in San Francisco. They advised that questions were first raised with them concerning passports issued by the World Service Authority organisation in 1973 and at that time, following a telegraphic exchange, the Indian Government advised they would not honour such passports. They further stated that no enquiries concerning this subject have been received since that time.

2. We then called the Tempo Travel Service in La Cienega, California and spoke with the person who issued Mr. Bahlu with his tickets and the manager. Neither had ever heard of World Service Authority passports. They advised that Mr. Bahlu travelled with an organised tour group and it was assumed that they were all Americans. The tour company advised those without passports to report to the United States passport office without delay. They stated categorically they had never heard of World Service Authority passports and had certainly not expressed an opinion on their validity.

3. We then called Air India representatives and could find no-one who had ever heard of World Service Authority passports.

4. We advised all of our contacts that should such passports come to their attention, Canada did not recognise the World Service Authority passport as a valid travel document.

The attached letter was sent to our attention by your division.

2. We have the application for passport of [redacted] who was issued a full validity passport in Delhi on production of Certificate of Citizenship No. [redacted] issued March 30, 1966.

3. The passport issued therefore seems to be quite in order and the applicant a bona fide Canadian. However, you may wish to consider whether Los Angeles should be asked to follow up his claim that the Indian Consulate, Air India and Temple Travels gave him the information the document was valid. You may also wish to consider whether the Embassy in Washington should approach the World Service Authority District Office (perhaps orally, to avoid giving the organization any recognition) to advise that Canada does not recognize the document and it should not be represented to Canadian citizens as a valid travel document for their purpose.

DISTRIBUTION

CC 84-12-3.

On 23 May the High Commission received a call from Air India stating they had a passenger named [Redacted] arriving in Delhi on their flight from Bombay with an expired passport. [Redacted] had taken the Air India flight from New York to Bombay and arrived there with a "passport" issued by the World Service Authority, District Officer, Washington D.C., on 19 May 1977 No. [Redacted] (copy attached). He had been informed by the Indian Consulate, Air India and Temple Travels; all in Los Angeles, that this document was acceptable for travel to India.

2. When he arrived at Immigration in Bombay they stamped the World Services Passport and allowed him through. He was then called back and the stamp cancelled and he was told to produce his Canadian passport No. [Redacted] issued at Los Angeles on 19 April 1971. Since this passport had expired, the Immigration Officer threatened to return him to New York on the next Air India flight. Air India, however, offered to fly him to Delhi at their expense. He was met at the airport by a member of the staff. He was detained in the transit lounge until the next day when his new passport [Redacted], New Delhi, 24 May 1977) was issued and the immigration authorities allowed him to enter India.

3. [Redacted] also stated that the World Services authorities gave a list of countries where the "passport" was acceptable and India was included on this list.

CONSULAR NO.22/75(CSR)

Passportless Canadians

As you may well be aware from experience, from time to time Canadians are left stranded at the point of arrival in a foreign country because they have come without a passport. A number of posts have experienced repeated difficulties in this area.

2. This is often a result of inadequate information given to them by personnel in the airlines or travel agencies. The major problem however, has been the slow pace on the part of certain airlines in recognizing the importance of a final check to ensure that travellers have a passport in their possession at the departure point. As there is no exit control in Canada, airlines are not legally obliged to make such check.

3. We believe that the Department's efforts to resolve this matter would be greatly assisted if posts would report to CSR with information copy to FPO each time they have a Canadian without a passport, providing details of what agency or airline booked their tickets and details of advice if any, they were given, especially whether the airline official at point of departure requested to see a passport.

4. We intend to pursue each such case with the responsible travel agent and airlines in order to persuade the former to upgrade the quality of their counselling and the latter to institute a pre-departure passport check.

Canadiens sans passeport

Comme vous le savez sans doute par expérience, il arrive à l'occasion que les Canadiens soient immobilisés à leur arrivée en pays étranger parce qu'ils n'ont pas de passeport. Certaines missions doivent s'occuper régulièrement de problèmes de cet ordre.

2. Ces incidents proviennent souvent du fait que le personnel des agences de voyages et des lignes aériennes renseignent mal les intéressés. Le principal problème, cependant, demeure la lenteur que mettent certaines sociétés aériennes à voir l'importance de vérifier, avant le départ, si les voyageurs sont en possession de leur passeport à l'embarquement. Comme il n'existe aucun contrôle des sorties au Canada, les sociétés aériennes ne sont pas légalement tenues de faire une telle vérification.

3. Nous croyons que les efforts du Ministère pour résoudre ce problème seraient beaucoup plus fructueux si les missions faisaient rapport au CSR (avec copie au FPO) chaque fois qu'un tel incident se produit. Les missions voudront bien alors fournir le nom et l'adresse de l'agence de voyages ou de la société aérienne qui a fait les arrangements, de même que des détails sur les conseils donnés aux voyageurs le cas échéant; elles préciseront notamment si l'agent de la société aérienne a demandé à examiner le passeport du voyageur lors de l'embarquement.

4. Nous prévoyons discuter de chacun des cas avec l'agent de voyages ou la société aérienne en cause afin de convaincre le premier d'améliorer la qualité des renseignements qu'il donne et le second, d'instituer la pratique de vérification des passeports avant le départ des voyageurs.

"World Service Authority" passports

84-5-6

We are quite familiar with the document under reference which is issued by one, Gary Davis an American citizen residing in Switzerland. We recently had a case of a Canadian who, carrying one of these documents, was deported from England. He later appeared in France having been astute enough to arm himself with a Canadian passport as well. He was questioned by the French authorities at some length and they confiscated the document and sent it to us.

2. The Department of Manpower and Immigration have the document listed in the Immigration Manual as unacceptable for entry to Canada (Chapter 6 paragraph 6.96(2)).

3. We would like to be informed of any Canadians who come to your attention, who are carrying the documents. [REDACTED] and any others who produce them should be simply informed that Canada and in our experience, most other countries do not permit entry to bearers of the document for the simple reason that a travel document to be effective must have the support of the national authority of a country to which the bearer can be returned if he becomes a burden on the receiving state.

* 6.96 PASSPORTS AND TRAVEL DOCUMENTS NOT ACCEPTABLE

(The passports and travel documents described in the following paragraphs are not valid for purposes of Regulation 27 (1) nor are they acceptable to this Department as certificates of identity.)

(1) "All Palestine Government"

This organization issues standard size passports with stiff, dark bluish-green covers. The 40-page passports are printed in English and Arabic by the Nassibean Press Company, Egypt. The "All Palestine Government" is NOT recognized by Canada.

(2) "World Service Authority"

This organization, with headquarters in Basle, Switzerland, promotes the issuance of an "international" passport, mainly to stateless persons. The 32-page document measures approximately 4" x 6" and has a bright blue cover bearing the words "WORLD SERVICE AUTHORITY" in gold block letters, and a spherical body representing the earth. The inscription "WORLD GOVERNMENT DOCUMENT 1315C" appears at the bottom of page 32.

(3) "Canada Newbuild Corporation Ltd."

This organization promotes the issuance of a bilingual Canadian identity card which bears a resemblance to the official Social Insurance cards. On the face of the ID is a picture of the Parliament Buildings with a small reproduction of the flag between the words "Canadian" and "Canadien" in bold red letters. The holder's SIN number and birth date appear in the lower left and right

* 6.96 PASSEPORTS ET TITRES DE VOYAGE INACCEPTABLES

(Les passeports et titres de voyage décrits dans les paragraphes suivants ne sont pas valides pour les fins de l'article 27 (1) du Règlement et ce Ministère ne les reconnaît pas comme certificats d'identité.)

(1) "All Palestine Government"

Cet organisme délivre des passeports de format ordinaire, à couvertures rigides et de couleur vert bleuâtre. Ces passeports, qui comportent 40 pages, sont imprimés en anglais et en arabe par Nassibean Press Company, d'Egypte. Le "All Palestine Government" n'est PAS reconnu par le Canada.

(2) "World Service Authority"

Cet organisme, dont le siège social se trouve à Bâle (Suisse), offre de délivrer un passeport "international" surtout aux apatrides. Ce document, qui mesure environ 4" sur 6", comprend 32 pages dont la couverture bleu vif porte les mots "WORLD SERVICE AUTHORITY" imprimés en lettres dorées ainsi qu'une forme sphérique représentant la terre. La mention "WORLD GOVERNMENT DOCUMENT 1315C" figure au bas de la page 32.

(3) "Canada Newbuild Corporation Limited"

Cet organisme offre de délivrer des cartes d'identité canadienne bilingues qui ressemblent aux cartes d'assurance sociale officielles. Le recto de cette carte d'identité porte une reproduction des Édifices du Parlement et une petite reproduction du drapeau entre les mots "Canadian" et "Canadien" imprimés en rouge (caractères gras). (4) "World Citizen's International Identification"

There has been only one known encounter at a port of entry with this multi-paged document which is approximately the same size as a regular passport, has a light blue cover with a square in the centre coloured in spectrum order, and the words "World Citizen" in script. The origin of the document is unknown.

(4) "World Citizen's International Identification"

Il n'y a eu, à un port d'entrée, qu'un seul cas connu où l'on a produit ce document à pages multiples dont le format est à peu près le même que celui d'un passeport régulier; les mots "World Citizen" figurent en script dans un carré de teintes spectrales au centre de la couverture bleu clair. L'origine de ce document est inconnue.

(5) "Croatian" Passports

The "Croatian" passports issued by the "Croatian National Committee" resemble regular passports, but are provided purely as a symbolic gesture.

(5) Passeports "croates"

Les passeports "croates" délivrés par le "Croatian National Committee" (Comité national croate) ressemblent aux passeports réguliers, mais ils sont fournis à titre purement symbolique.

(6) World Federalists of Canada

An affiliate of the "World Association of World Federalists", this organization issues standard size passports with soft bright blue covers on which is imprinted a gold globe and the words "Planetary Passport - Passport Planétaire" in gold lettering.

(6) Fédération nationale du Canada

Filiale du "Mouvement canadien pour une Fédération nationale", cet organisme délivre un passeport de grandeur régulière à couverture légère d'un bleu vif et sur laquelle sont imprimés en or un globe et les mots: "Planetary Passport - Passeport Planétaire".

(7) National Indian Government

Identification cards, citing six rights and privileges, are available for \$2.50 from a Mr. Jules Sioui of Loretteville, P.Q. The card, which is available in English only, contains numerous grammatical errors.

(7) National Indian Government (Gouvernement national Indien)

Des cartes d'identité stipulant six droits et privilèges sont offertes pour la somme de \$2.50 par un nommé Jules Sioui de Loretteville, Qué. La carte qui n'existe qu'en anglais, contient plusieurs erreurs grammaticales.

Dear Mrs. [REDACTED],

We acknowledge receipt of your letter of January 3, 1977 addressed to "Le Registre de Citoyens planétaires" which has been forwarded to this office for reply.

The Canadian Passport Office issues only Canadian passports to Canadian citizens. There is no "international" passport which is issued by a national authority. The so-called "International Passport" is not recognized so far as we are aware by any country as a valid travel document. If you wish a travel document for your son we can only suggest that he travel on a Rhodesian passport or if he has the nationality of any other country that you apply to that country's authorities for a passport on his behalf.

Yours sincerely,

M. W. GREENWOOD
