In order that the rate of Orphans Allowance may be reviewed in this particular case will you please confirm what amount of financial assistance will be provided for the maintenance of these two orphans by the Indian Affairs Branch after Residential School closing.

We note rate of Orphans Allowance is presently based on the fact that maintenance provided by the Indian Affairs Branch while attending school is \$54.54 per month for \_\_\_\_\_ and \_\_\_\_\_

January 13, 1966.

(variously spelled Tawpsin, Tawpsin, Tawpsin and Tawpsin).  
 112 Muskeg Lake Band was allotted the South 1/2 of Section 17, Township 47, Range 7,  
 West of the 3rd Meridian, by Band Council Resolution, dated March 7, 1946, which  
 listed sixteen allotments. This was never formally approved. The original is on  
 file hereunder.

On the basis of this allotment Alexander Tawpsin was given a 7.0-acre grant which was  
 formally approved May 23, 1946. During the period of December 1946 to May 1950, he expended  
 the sum of \$835.00 in brushing, breaking, and double discing his land until he had broken  
 around 125 acres, a good portion of which he had sowed to wheat in 1947. The Agency report  
 of February 1950 indicated that Tawpsin had threshed 350 bushels of wheat the previous fall  
 but that his crops were not good due to the dry weather prevailing in the area. The follow-  
 ing indicates that he purchased six head of a time, four head of horses, barbed wire and  
 staples, a hay rake, mower, disc harrow, and other material and equipment commensurate  
 with farming operations. Successive crop failures due to adverse weather conditions forced  
 Tawpsin to request permission to lease his land to a non-Indian farmer to obtain funds with  
 which to maintain his family and pay certain debts. At that time he was married and had six  
 children. His land was leased for a period of seven years, expiring on December 31, 1959,  
 on a 1/4 acre share basis. His revenues therefrom for the entire period was \$1071.48. By  
 Resolution of Council dated October 11, 1959, leases expiring in 1959 were not to be renewed  
 to white men. The land was subject to being farmed either by individual owners or Indian  
 farmers.

Alexander Tawpsin died August 14, 1961, but his death was not reported until August  
 Membership Return of 1964. By Res. No. dated June 13, 1964, the Council requested that the  
 land be leased to one Arnold Wells of L. A., Saskatchewan, in the name of Mrs. Clara  
 Tawpsin, who was the widow of Alexander Tawpsin. Lease No. 124 was duly issued  
 on a 1/3 acre share basis. Proceeds of the lease were paid to Clara until her death on  
 January 19, 1965. On her death Clara left her surviving heirs at law and next of kin  
 eight children four of whom are still minors, the youngest being born September 11, 1953.

.....2

-1-

The lease is at 100 percent and the Land Council wish the lease renewed with the revenue therefrom, according to the Regional Director for Bushbuckridge, being placed in Land Fund. This seems to me most inequitable in view of (1) the original allotment of 1946, (2) the equity which this family has in the property, (3) the fact that the Tshepo's house is constructed on the land, and (4) the leasing in 1962 of this farm property in the name of Clara Tshepo.

Could you, therefore, if you concur in this recommendation, by endorsing your approval hereto, recognize that the late Alexander Tshepo was in lawful possession of the 2 1/2-acre farm, in accordance with Land Council Resolution dated March 7, 1966.

Jules D'Armas.

V. M. Gran, Esq.,  
Superintendent, Indian Agency,  
DUCK LAKE, Saskatchewan.

Dear Mr. Gran,

No: L-97714,

No. 149, Potemkin Bay,

The Veterans' Land Act and Regulations thereunder authorize the Indian Affairs Branch to make advances to a veteran settled on an Indian reserve, for improvements and purchase of chattels, title to and right of possession of which remain in the name of the Director. These advances become a grant conditional upon the veteran complying with the terms of his agreement with the Branch for a period of ten consecutive years.

It is noted that in the case of the above named veteran, the required ten year period has now expired. This is to inform you that this letter may be retained by you, with a copy for the veteran, as formal evidence that the Director has transferred clear title to the livestock and chattels which have been supplied under the Veterans' Land Act.

Therefore, please be advised that all livestock and chattels purchased through the proceeds of the Veterans' Land Act grant are now considered to be the personal property of the above mentioned veteran.

Yours sincerely,

Reference is made to your letter dated October 2nd, in connection with an amount of \$23.12 which is unexpended from the captionally noted man's V.L.A. Grant which expired on June 28, 1956.

We have now contacted this veteran and he has advised that he wishes to expend this money for building materials.

In perusing the file of the above named veteran it is noted that an unexpended balance of \$23.12, in his Veterans' Land Act account, still remains to the credit of Mr. before the entire amount of \$2,320.00 has been used.

It would be appreciated if you would inform this office if the veteran intends to use the unexpended amount of his grant. In the event that this office is not informed of his decision in the matter within the next month, this account will be considered as closed.

Please give this matter priority attention.

VETERANS' LAND ACT GRANTS

Ottawa, March 24, 1955.

G. E. Bell, Esq.,  
Officer-in-Charge, Indian Agency,  
DUCK LAKE, Saskatchewan.

Re: Lc97714.

Muskeg Lake Reserve.

The ten year probationary period with respect to the Veterans' Land Act grant made to the above noted veteran will expire on June 28, 1956.

On that date the chattels purchased for him from the proceeds of the grant will be released to the veteran by the Director.

When the chattels are released the settlement of the veteran will have been completed and any unexpended portion of the grant will no longer be available to him, nor will an application for a Supplementary Grant be accepted.

The total of the grant approved for this veteran was, \$2,340.00.... the expenditures to date total, ... \$2,296.88 ..... leaving an unexpended balance of .. \$23.12 .....

It is important that the veteran's settlement be reviewed and discussed with him, so that any required Supplementary Application may be submitted and all necessary expenditures completed before, June 28, 1956.

Supplementary Applications should not be submitted, nor additional expenditures made, unless they are justified by the effort the veteran has made in re-establishing himself, or are necessary to complete his settlement.

J.P.B. Ostrander,  
Superintendent of Welfare.

Poor, 1950 seasons crop was not harvested until the spring of 1951 due to weather experienced in the fall of 1950 and on completion of harvesting the returns did not cover other than harvesting costs. In the 1951 season he seeded 75 acres to various cereals and at this date this crop awaits the advent of spring to harvest. This means that the veteran has been crippled financially through no fault of his own other than the weather over which he has no control. He now owes the amount of \$402.57 being for assistance by way of seed grain advances repairs and twine. Unless the 1951 seasons crop will produce larger

He is now earning sufficient to cover costs of living by the sale of fuel wood from off his reservation and in this manner the fuel wood supplies on his reservation will shortly be depleted beyond what is required for Indians use.

Dear Mr. Gran,

Re: L-27679,  
Muskeg Lake Reserve.

The Veterans' Land Act and Regulations thereunder authorize the Indian Affairs Branch to make advances to a veteran settled on an Indian reserve, for improvements and purchase of chattels, title to and right of possession of which remain in the name of the Director. These advances become a grant, conditional upon the veteran complying with the terms of his agreement with the Branch for a period of ten consecutive years.

It is noted that in the case of the above named veteran, the required ten year period has now expired. This is to inform you that this letter may be retained by you, with a copy for the veteran, as formal evidence that the Director has transferred clear title to the building materials and chattels which have been supplied under the Veterans' Land Act.

Therefore, please be advised that all materials and chattels purchased through the proceeds of the Veterans' Land Act grant are now considered to be the personal property of the above mentioned veteran.

Yours sincerely,

VETERANS' LAND ACT GRANTS

Ottawa, March 29, 1955.

C. E. Bell, Esq.,  
Officer in Charge, Indian Agency,  
DUCK LAKE, Saskatchewan.

Re: Le-27679, -----

----- Muskeg Lake Reserve. -----

The ten year probationary period with respect to the Veterans' Land Act grant made to the above noted veteran will expire on **Sept. 19, 1956**

On that date the chattels purchased for him from the proceeds of the grant will be released to the veteran by the Director.

When the chattels are released the settlement of the veteran will have been completed and any unexpended portion of the grant will no longer be available to him, nor will an application for a Supplementary Grant be accepted.

The total of the grant approved for this veteran was **\$2,320.00** .... the expenditures to date total **\$2,315.60** ..... leaving an unexpended balance of **\$.40** .....

It is important that the veteran's settlement be reviewed and discussed with him, so that any required Supplementary Application may be submitted and all necessary expenditures completed before **Sept. 19, 1956**.

Supplementary Applications should not be submitted, nor additional expenditures made, unless they are justified by the effort the veteran has made in re-establishing himself, or are necessary to complete his settlement.

Superintendent of welfare.

V. N. Grant, Esq.,  
 Superintendent,  
 Duck Lake Indian Agency,  
 DUCK LAKE, SASK.

You were recently informed by the Director that various Indian veterans in your Agency had fulfilled the conditions upon which their V.L.A. grants were made.

From a review of the various files involved to determine whether veterans should be recognized as having lawful possession of land there appears to be room for doubt in some cases as to the intent of Band Councils at the time lands were "allotted". This doubt exists mainly in connection with Reserves where there are no individual land holdings. Accordingly, before issuing any evidence of ownership of land, it is desired to ascertain whether you are aware of any objection. If doubt exists as to the feeling of the Band Council, the matter should be discussed with the Council.

Allotments in your Agency were made to the following Indians all of the Duck Lake Band.

Superintendent, Indian Agency,

Dear Mr. Gran:

Re: L-2737.  
No. , Petequakey Band,  
Duck Lake Indian Agency.

The Veterans' Land Act and Regulations thereunder authorize the Indian Affairs Branch to make advances to a veteran settled on an Indian reserve, for improvements and purchase of chattels, title to and right of possession of which remain in the name of the Director. These advances become a grant, conditional upon the veteran complying with the terms of his agreement with the Branch for a period of ten consecutive years.

It is noted that in the case of the above named veteran, the required ten year period has now expired. This is to inform you that this letter may be retained by you, with a copy for the veteran, as formal evidence that the Director has transferred clear title to the chattels which have been supplied under the Veterans' Land Act.

Therefore, please be advised that all chattels purchased through the proceeds of the Veterans' Land Act grant are now considered to be the personal property of the above mentioned veteran.

Yours sincerely,

Original Signed by

Re: L-2737,  
Your file 1533-9-V.C.

Reference is made to your letter of 16th December. At the request of the Chief Treasury Officer your voucher #1181 has been made payable to and a cheque will be mailed to your office. This procedure is preferred by the Treasury Branch because any cheques issued in favour of your Indian Agency Trust Account are in the nature of an advance and normally must be accounted for by submitting a credit voucher. Furthermore, the ~~name~~ of the actual payee does not appear in our records here when this procedure is followed.

In the event of one of these Indians owing money, it will be a simple matter to have him endorse ~~the~~ cheque and put it through your Agency Account and issue your own cheque to him for the balance due.

You will note the same action has been taken with your voucher #1305. This has been made payable to Sam Peekeekoot and will be forwarded to him in your care.
