CLAIM AGAINST C SQN 8 CH - OP ESSAY
BY QUEBEC ELECTRON SERVICE INC

Reference: A. CFAO 21-2

B. Quebec Electron Service Inc dated 29 Mar 71

1. Ref B was received by this unit and in accordance with Ref A we are forwarding it to you.

2. Unfortunately this unit did not officially record the incident in our Diary and all information reported in this letter is based upon individual memory.

3. The incident occurred either the 23-24 Oct 70 at a place approximately ten miles south of Petit Saguenay at approximately 1900 hrs. One of our vehicles, a $\frac{3}{4}$ ton SMP vehicle, was returning to Tadousac when the 10 foot whip antenna of the radio set snagged a co-axial cable strung across the highway. The Operations Officer, Capt R. Elrick, senior passenger, had the vehicle stopped and met with the owner of the cable. There was a communication problem, Capt Elrick could not converse in French with the owner of the cable. Rather than attempt futile explanations, Capt Elrick left the scene and contacted Cpl Belanger, NCO Surete Quebec Tadousac Detachment, and explained the incident to him. Cpl Belanger in turn referred the incident to Surete Quebec St Simeon Detachment who went out and investigated the incident. The results of their investigation as relayed to us was that the co-axial TV cable was improperly placed and did not meet the provincial "clearance" requirements. Hence the owner was in the wrong and the military were not responsible.

4. On the basis of the Surete Quebec report this unit considered the matter closed.

...../2

- 2 -

5. We regret that this matter had not been brought to your attention sooner. Regretably the letter Ref B had been misplaced and not discovered until now.

6. Please advise this unit if we can be of any further assistance.

B. C Sqn 8 CH SITREP as of 051200 Nov 70 (attached)

1. A portion of 5eGde C's final report on Operation Essay regarding the support provided by CFB Bagotville has caused this unit some concern. Specifically Ref A Annex K paras 11, 12 and 13 reflects that the support provided by CFB Bagotville was "poor".
2. To our knowledge we were the only unit supported by Base Bagotville and by implication it would appear that we were dissatisfied with the support provided. This was simply not the case, in fact we recorded our view in Ref B.
3. While we agree with the lesson and recommendation that an air oriented base is not able to provide complete support, they none the less gave us all the assistance and co-operation possible within their means.
4. For the informed reader difficulties experienced with CFB Bagotville is easily recognized as a lack of material, peculiar to the land element problem, which is summed up adequately in para 13 of Annex K.
5. However to the uninformed reader we feel that paras 11 and 12 may be misinterpreted and convey an unfavourable impression of CFB Bagotville efforts.

This is Sgt Clark Kent, ace report of the Cobra Communique, reporting direct from sunny downtown Tadoussac. The Cobra Communique is an unofficial, unauthorized, uncensored, belated brief on the current world situation as it effects you, our fighting troops on the sharp end.

WEATHER: Yes, there will be some

Good measure, pressed down, shaken together, and running over, will be poured into your lap; for whatever measure you deal out to others will be dealt to you in return." "Luke 6:37,38"

OP ESSAY - [REDACTED] CPL MACNEIL JK

1. Cpl MacNeil was employed as the unit MA for C Squadron 8 CH for five weeks on OP ESSAY.
2. As the unit was in a rather isolated location, Cpl MacNeil was solely responsible for the health of the 114 members of the Sqn. The nearest medical facility was at CFB Bagotville, over 60 miles away.
3. Under these circumstances, Cpl MacNeil carried out his duties conscientiously and thoroughly. He acted to eliminate any health and hygiene problems on his own initiative.
4. Cpl MacNeil made a significant contribution to the good health the squadron enjoyed during OP ESSAY. His efforts are appreciated by this unit.

C Expendable Stores - A wide variety of expendable stores were used, originating from CFB Bagotville, CFB Valcartier, CFB Gagetown, and local purchase. COMPARISON OF FRINGE BENEFITS - SERVICE CONDITIONS

Reference: HQ CTC Svcs 1077 dated 121500Z Nov 70

1. In preparing the reply as per Ref A, it must be appreciated that considerable research is still required to accurately estimate "overtime".

2. Basically, this unit breaks the training year down into the following categories:

a.	<u>STATIC</u>		
	(1) Individual Training (Refresher, PT, etc)	8	weeks
	(2) Trades Adjustment Training	10	"
b.	<u>Field Training</u>		
	(1) CTCC (incl work-ups)	18	"
	(2) Open ranges	4	"
c.	<u>Operations</u> (Operation Essay)	5	"
d.	<u>Leave</u>	6	"
e.	<u>Inspections</u>	1	"
		<u>52</u>	weeks

3. Categories a, d, and e, are considered routine and do not involve "overtime" in the mass sense. However, there will always be cases where individuals devote additional time to ensure that required functions are carried out and this factor is incalculable at the present time.

.../2

• 2 -

4. In attempting to assess "overtime" during Fd and Op activities, we are confronted with a very difficult situation. Namely, the definition of overtime. When we are committed to Fd Trg, it is of necessity in 24 hr time blocks, generally running 4 - 6 days in length. Under such activities, the unit may only be involved in a trace or full activity from 12 - 18 hr of that day, the rest of the time is spent in rest. However, where is the line drawn in defining overtime? By civilian standards, the whole day would be considered overtime. For, in essence, when the soldier has time off, it is not for recreation, returning to his family, etc, but to remain close to his normal place of duty and rest.

5. Similarly, in Ops, a soldier may do a total of 12 - 14 in guard shifts, however, when he has free time, it is generally close to his place of duty. Only during an R & R programme does he have complete time off.

6. For the purposes of this return, we will use six hr as the average "overtime" during Field Training. During the 22 weeks training period, it is calculated that 110 days would be of the 24 hr block period, hence 110 days at 6 hr per man = 660 hr "overtime" per man.

7. Attached as Annex A is details concerning Operation Essay. It is calculated that this unit put in an accumulated total of 26,785 hr overtime which averages out to approximately 235 hr overtime per man.

8. In summary, this unit submits that each man during the course of years puts in a total of 895 hr overtime or the equivalent to 14 weeks based upon a 37.5 work week.

OPERATION ESSAY

	SHQ (10)pers	ADM (18)pers	TPX2 (35)pers	VIP3 (15)pers
A.	10 day/70 week	10/70	12/84	16/112
B.	Public house 4-5 pers per room sleeping bags restaurant, meals	Public Bldg Crowded, open dormitory Sleeping bags restaurant	Artic tents Section cooking Local purchase of food. Occasional restaurant meal	Public Bldg Open dormitory Crowded, Restaurant - Meals
C.	TV/Movies at Local Hotel	"	TV, radio	TV, radio
D.	The deployment of the Sqn with farthest outposts 189 miles apart, JONQIRE and RIMOUSKI, and the bulk of the Sqn centered around TADOUSSAC presented some very real Adm problems. Two Tps were deployed at six sites, three on either side of the Saganev River to a distance of 28 miles from Tadoussac, West along the Saganev, on remote barren perches, almost inaccessible by veh. On the average, it would take 2-3 hr per round trip for a section to pick up rations and carry out any form of minimal R&R programme, which included a restaurant meal, a shower, and one or two drinks. Hence no consideration could be given to any type of meaningful recreational programme. In addition, many individuals only had the opportunity to come down from the sites once every two or three days.			
E.	Operation Essay demonstrated three groups who were more apt to work overtime:			
a.	Comd Elements - Sqn Comd, Ops Offr, 2IC and SSM in addition to normal duties continually in move visiting locations. Similarly, Tp Comd and Tp 2IC's always in move visiting.			
b.	QM Staff - Because of the questions of accounting, in which were still hamstrung by peace time accounting. QM Staffs were continually on the move to ensure the correct receipt and issue of stores.			
c.	VIP's Tasks - The longer hours at these locations was in direct ratio to the number of pers available to man these tasks. The additional number of one or two pers at these locations would have reduced "overtime" situation considerably.

RATION ACCOUNTING
IS DUTIES

Reference: A. CFAO 36-14 Paragraph 4(h)

1. With the advent of Op Essay, the matter of ration accounting has led to many misunderstandings concerning payment of such rations.

2. For clarification the following directive is issued:

a. Those personnel actually involved in Op Essay will receive rations which will be charged to the Op Essay FE. Examples of such personnel are members in Quebec, Operations duty officers and personnel involved in the despatch of troops from Gagetown to Quebec; and

b. the payment of rations for other personnel such as those on Base Security will be charged to the Base as extra rations consumed in accordance with Reference A

3. The B Foods O will review the reasons for consumption of extra rations and where applicable shall place a letter on file certifying that such rations were consumed by personnel performing security duties as ordered by the commander. Further the letter must indicate that personnel were not allowed to go to their place of residence for meals.

Ref: A/co

SUBJECT: EFFECT OF WAR MEASURES ACT ON MEMBERS OF NON-CANADIAN FORCES SERVING
IN CANADA

REF: A. CFHQ OPS 4831 302112Z OCT 70

FOLLOWING IS CONTENT OF REF A. QUOTE

1. THE FOLLOWING ORDER IS ISSUED TO AVOID THE POSSIBILITY OF EMBARRASSING
INTERNATIONAL INCIDENTS ARISING FROM THE PRESENCE IN CANADA OF MEMBERS OF NON
CANADIAN FORCES SERVING IN VARIOUS CAPACITIES DURING THE CURRENT OPERATIONS
AGAINST THE FLQ,

A. ALL MEMBERS OF NON CANADIAN FORCES SERVING WITH UNITS OR AT BASES AND
STATIONS UNDER YOUR COMMAND WILL BE INFORMED THAT THE REGULATIONS MADE UNDER
THE WAR MEASURES ACT CONFER ON MEMBERS OF THE CF POWERS OF POLICEMEN TO ARREST
PERSONS AND TO SEARCH AND SEIZE PROPERTY IN RESPECT OF OFFENCES UNDER THOSE
REGULATIONS, BUT THE REGULATIONS CONFER NO POWERS ON MEMBERS OF OTHER ARMED
FORCES IN CANADA AND IMPOSE NO RESTRICTIONS ON THEM EXCEPT THAT IT WOULD BE AN
OFFENCE FOR ANY OF THEM TO BE A MEMBER OF OR ASSIST OR REPRESENT THE FLQ OR
OTHER UNLAWFUL ASSOCIATION

B. MEMBERS OF THE CF CARRYING OUT DUTIES IN AID OF THE CIVIL POWER OR UNDER
THE WAR MEASURES ACT ARE NOT TO ORDER OR REQUEST ASSISTANCE FROM MEMBERS OF
ANY NON-CANADIAN FORCE IN CANADA EXCEPT IN A SITUATION WHERE SUCH ASSISTANCE
IS REQUIRED IN DEFENCE OF THAT MEMBER, HIS DEPENDANTS OR PROPERTY, INCLUDING
PROPERTY OF HIS GOVERNMENT.

C. PARA B IS NOT INTENDED TO PRECLUDE MEMBERS OF NON-CANADIAN FORCES WHO ARE
SERVING WITH THE CANADIAN FORCES FROM PERFORMING THEIR NORMAL DUTIES WHICH MAY
BE RELATED TO OPERATIONS IN AID OF THE CIVIL POWER OR TO THE ENFORCEMENT OF
REGULATIONS UNDER THE WAR MEASURES ACT AND WHICH DUTIES WILL NOT INVOLVE THEM
IN VIOLENCE OR IN THE ARREST OF SUSPECTS OR THE SEARCH OR SEIZURE OF PROPERTY UNQUOTE
