1. 1990年12月15日，在北京市召开的“中国城市人口与住房问题国际学术讨论会”上，与会者一致认为，中国城市人口与住房问题，是一个关系到国家前途和民族命运的重大问题。

It is not clear whether the observed differences in the response of the two groups are due to differences in the underlying disease process or to differences in the response to the treatment. The results of this study suggest that the response to the treatment is different in the two groups, but the underlying disease process is the same. The results of this study also suggest that the response to the treatment is different in the two groups, but the underlying disease process is the same.
