15. NATIONAL DEFENCE TAX - INFORMATION

1. The information contained hereunder supersedes that contained in Air Force Routine Order No. 474, dated 2nd, August, 1940, as amended by Air Force Routine Order No. 752, dated 27th June, 1941.

Particulars of Tax

2. (a) The tax is exigible on total net income (i.e. from the first cent to the full amount received) in all cases where the recipient has an income at a rate in excess of certain fixed amounts, viz., \$660 per annum in the case of a single person and \$1,200 per annum in the case of a married person or person entitled to householder or widow or widower status.
- (b) During the period from 1st July, 1940, to 30th June, 1941, the rates of tax were two per cent and three per cent (the latter rate applying only to single persons whose income exceeded \$1,200) and a tax credit was allowed for dependents at the rate of \$8 per per annum (\$4 for the calendar year 1940).
- (c) Under the 1941 amendment to the Income War Tax Act, these rates were increased to five per cent and seven per cent effective 1st July, 1941, with an allowable tax credit at the rate of \$20 per annum for each dependent.

Exemptions and Other Cases where Tax not Collectable

3. (a) To the extent of service pay and allowances, the following personnel are exempt:-
  - (i) All warrant officers, non-commissioned officers and aircraftmen of the R.C.A.F. and corresponding ranks of the C.W.A.A.F.
  - (ii) Commissioned officers of the R.C.A.F. and C.W.A.A.F. who are on active service beyond Canada.
  - (iii) General List officers posted to operational squadrons at coastal commands whose duties are normally performed in aircraft.
- (b) The personnel described hereunder are not necessarily exempt from payment of National Defence Tax, but it has been ruled that deductions of tax need not be made at the source from:-
  - (i) Commissioned graduates of the British Commonwealth Air Training Plan who are posted overseas (i.e. to an embarkation point) directly on graduation. However, should a graduate while an officer earn \$660 prior to actually proceeding overseas, he is subjected to National Defence Tax retroactively to the date of his commission, and deductions are made accordingly.
  - (ii) Officers during their employment as embarkation officers, when their duties require them to proceed beyond Canada from time to time. At the end of the year, such officers are to make personal arrangements with an inspector of income tax.

Service Pay and Allowances - Definition

4. National Defence Tax is computed and deducted on the basis of the following classes of service pay and allowances:-

- (a) Total ordinary pay, regardless of any deductions from payments due to voluntary or compulsory assignments.
- (b) Additional pay such as Command, Adjutant's, Flying Pay, etc.

15. NATIONAL DEFENCE TAX - INFORMATION

4. (c) Subsistence allowance, which for tax purposes is valued at \$0.70 per diem, whether issued in cash or in kind.
- (d) Total of dependents' allowances.
- (e) Pensions under the Militia Pension Act (see para. 7 below).
- (f) Deductions from the above up to a maximum of \$25 per month for contributions to pension deducted from pay in accordance with the Militia Pension Act, section 10.

Preparation of National Defence Tax From N.D.T.1

5. (a) This form, which may be obtained from the unit accountant officer, or from the commanding officer in the case of units without accountant officers, are to be completed in triplicate by every married officer, and by every unmarried officer with dependents, unless exempted under para. 3 above.
- (b) The form need not be rendered by single officers without dependents, even though such officers may be taxable.
- (c) Failure to complete and submit this form will result in officers being taxed as unmarried persons without dependents. Over-deductions for any period may not be applied to reduce future deductions of the tax. Under such circumstances, the officer concerned must apply directly to the Ottawa Inspector of Income Tax for refund at the end of the year.
- (d) In addition to answering all questions on printed form N.D.T.1, the following information is required:-
  - (i) Air Force number
  - (ii) Rank
  - (iii) If applicable, monthly account of pension under the Militia Pension Act, 1910.
- (e) One copy of the form is to be retained by the officer, and the other two copies handed by him to the unit accountant officer.

Method of Collecting Tax

6. National Defence Tax is deducted from the pay account each month. As a matter of convenience, the amount of tax deductions is calculated on the basis of a thirty-day month to the nearest 10 cents. For that reason the amounts deducted during the year will not necessarily agree with the actual amount of the tax payable. However, this is to be automatically adjusted by the officer in making his annual tax return.

Officers of the force in receipt of Pensions under The Militia Pension Act, 1910

7. An officer in receipt of a pension under the Militia Pension Act, 1910, whose pay and allowances are governed by F.R. & I. Article 71A, is charged National Defence Tax on the gross pay and allowances, including dependents' allowance, with which he is credited, for the rank which he holds in the Force, irrespective of the fact that he receives from the Force only the difference between the total of such pay and allowances and his gross pension. In such cases, no tax will be collected by the Department of Pensions and National Health in respect of the amount of the pension issued by that Department.

15. NATIONAL DEFENCE TAX - INFORMATION

Change of Status Requiring a Different Rate of Tax or Deductions from Tax.

8. Attention is again directed to the fact that once a deduction on account of this tax has been made, recovery may be effected only by the officer concerned on application to the Ottawa Inspector of Income Tax. Deductions made in error may not be applied to reduce future tax deductions. As a consequence, all officers should notify the accountant officer of any change in status which affects the amount of tax payable. The following circumstances are noted as changed effecting the amount of tax payable.

- (a) Marriage of a single officer.
- (b) Wife of an officer giving birth to a child.
- (c) A dependent, on whose account a reduction in tax has been claimed, ceasing to be so dependent.
- (d) Dependent children attaining the age of 21 years.

9. For the purpose of this tax, the only allowance made on account of a wife, is a reduction of 2% (formerly 1%), in the rate of assessment as compared to a single officer.

10. Attention is also drawn to the fact that for the purpose of this tax, the Act provides that a taxpayer's marital status, and any credit to which he is entitled for dependents, will be allowed only in respect of dependents maintained in Canada, or within the territory composing the British Commonwealth of Nations, or in a country contiguous to Canada.

16. AMERICAN CITIZENS RETIRED OR DISCHARGED FROM THE R.C.A.F. -  
SELECTIVE TRAINING AND ACTIVE SERVICE ACT, U.S.A., 1940

1. All American citizens serving in the Royal Canadian Air Force, who have been registered under the Selective Training and Service Act of 1940 (U.S.A.) are notified that in the event of retirement or discharge from the Royal Canadian Air Force, they are to notify the fact immediately to their respective local boards in the United States.

2. Failure to make such a report may result in penalties being imposed under the Act.

3. When reporting a retirement or discharge, such personnel are to give the local board the following particulars:-

- (a) Full name
- (b) Date of retirement or discharge from the R.C.A.F.
- (c) Selective Service number
- (d) Address to which notices from the board may be sent.

17. DISCIPLINE - SALUTING - CANADIAN WOMEN'S AUXILIARY AIR FORCE

1. As officers of the C.W.A.A.F. hold His Majesty's commission, regulations covering saluting in force for R.C.A.F. are to apply, and airmen are to salute all C.W.A.A.F. officers.

2. Airwomen are to salute officers of all services at all times.

3. Salutes of airmen, airwomen, or members of the other services are to be acknowledged by the senior R.C.A.F. or C.W.A.A.F. officer present.

1. Instances have recently occurred of R.C.A.F. personnel gaining admission to the United States of America by producing birth certificates, naturalization papers and similar documents which do not belong to them, and by falsely representing to the U.S. authorities that they are American citizens.

2. All personnel are warned that, under the Nationality Act of the United States this is a felony punishable by fine, not exceeding \$5,000.00, the imprisonment not exceeding 5 years or to both fine and imprisonment for any person who,

- (a) Unlawfully uses any naturalization certificate, citizenship papers, or similar documents which have been issued to another person, or

15. M.T. ACCIDENTS

1. The increase in the number and seriousness of M.T. accidents indicates a disregard of R.C.A.F. driving instructions and of existing traffic and highway regulations. There is also evidence of a careless and thoughtless attitude being displayed by service drivers toward the motoring public.
2. M.T. drivers at all times are to be most scrupulous in observing federal, provincial and municipal highway traffic regulations and are to show the utmost courtesy and consideration towards other drivers.
3. Exoneration of a driver involved in an accident by a subsequent investigation does not always imply that no criticism of his driving ability or judgment can be made. Consequently, disciplinary action will be taken against an M.T. driver involved in an accident if it is found that he committed any breach of the regulations laid down in this regard.
4. When an M.T. driver consistently displays inefficiency or lack of judgment in the performance of his duties he is to be so informed and warned that unless improvement is shown he will be removed from his driving duties. In cases where this warning fails to produce necessary improvement, action is to be taken to obtain the reclassification or remustering of personnel concerned in accordance with K.R. (Air) para. 282A.

16. INCREASED DEPENDENTS' ALLOWANCE

1. In connection with a recent press release containing certain information on increased dependents' allowances, the information hereunder represents the only details made known to the service:
  - (a) Documentation for increased allowances for third or fourth children, as well as for children over age who are attending high school, will originate with the dependents' allowance Board.
  - (b) No confirmation has, as yet, been received concerning an increased maximum allowance to dependents mentioned in F.R. & I., Art. 101 (c). Accordingly, no useful purpose would be served by communicating with the Dependents' Allowance Board at this time.

17. PAY PARADE

Aircrew Squadron of Composite Training School will receive their end of month pay at 1330 hours November 27, 1941, instead of 1430 hours as detailed formerly.

PART I ADMINISTRATION  
"A" GENERAL

20. KIT INSPECTION

Personnel living on the Station are to stand by their beds at 0800 hours with their kit laid out ready for inspection.

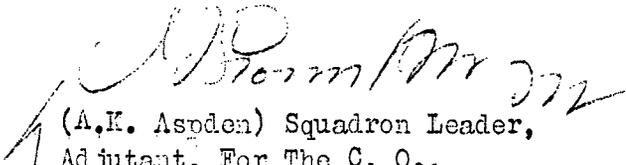

There will be no parade, personnel to proceed direct to their barrack rooms or houses in order that their clothes may be properly laid out at the appointed time.

Unit Commanders will allocate inspecting Officers to the various barrack rooms and will be responsible for distribution of the pertinent records of kit.

Personnel living off the station of the rank of Flight Sergeant and below are to take their service kit to the repair depot hangar so that these may be laid out by 0800 hours. All personnel of C.F.S., are to use the west end of the hangar, Station Headquarters in the centre, and K.T.S. the east end. An Inspecting Officer from each unit is to be appointed and will be furnished with records of kit at the Hangar by the S.S.O.

Inspecting Officers are responsible that all surplus or deficiencies are recorded on the mimeographed form attached to each Record of Kit, and they are also to make a record of all non-service clothing, suit-cases, etc., in the possession of individuals, as these effects must be removed from the Station.

All records of kit must be returned to clothing stores immediately after kit inspection has been taken.

4. WAR SAVING CERTIFICATES

Over a year ago I drew your attention to the facilities being made available to all ranks for investment in War Saving Certificates. At that time I expressed the opinion that there was no better "buy" either for yourself or for Canada.

That statement still holds good notwithstanding the response already made. The need of Canada is greater today than ever before. Each man must decide for himself how much he can invest. No one will ever feel later he saved too much.

Defence for Air.
