Joint School Capital Budget 1980/81
Joint School Capital Forecast 1980/86

--Attached is a copy of your Region's Capital Update for the Joint School Capital Program as of September 1980.

In calculating the Department's contribution on any new joint school agreement, the formula to be used is as follows:

1. If the agreement is for a school to which the Department has made a previous contribution, the depreciated value of the existing facilities will be added to the estimated cost of the new construction to arrive at the total estimated cost of the project. The Department's contribution will then be calculated on the total estimated cost of the project less any previous contribution depreciated.
2. If the agreement is for a school to which the Department had no previous contribution, the Department's contribution will be calculated on the estimated cost of the project based on the enrolment ratio.

Would you please review your program forecast and return your update to the Capital Management Branch, attention Mrs. Jessie McVeigh, no later than December 30, 1980.

CITIZENSHIP AND IMMIGRATION

NOV 21 1958

The Board had under consideration a report and recommendation from the Honourable the Minister of Citizenship and Immigration representing:

"That Section 113 of the Indian Act in part provides as follows:

- (1) The Governor in Council may authorize the Minister, in accordance with this Act, to enter into agreements on behalf of Her Majesty for the education in accordance with this Act of Indian children, with
- (i) the government of a province,
 - (ii) the council of the Northwest Territories,
 - (iii) the council of the Yukon Territory,
 - (iv) a public or separate school board,
 - (v) a religious or charitable organization.'

That for a number of years it has been the practice of the Indian Affairs Branch to render financial assistance to Indians, to help them receive educational and professional training of various types at non-Indian schools;

That payments have been necessary for tuition fees and school supplies for most Indians above the elementary, and in some cases at the elementary, school level;

CITIZENSHIP AND IMMIGRATION

- 2 -

That partial or total transportation costs and board and room have often been necessary when the student had to leave his home to receive training, or if his home was some distance from the educational institution attended;

That it has recently been found essential, on occasion, when the student is an orphan or his family is poor, to provide a monthly personal allowance to cover such miscellaneous expenses as carfare, laundry and other incidentals;

That the cost of this programme for the present fiscal year is estimated at \$850,000 and may be expected to increase by approximately 20 per cent annually if the present trend continues;

The undersigned, therefore, recommends that authority be granted:

- (1) to pay from the Education Vote, No. 74, of the Department of Citizenship and Immigration, on behalf of Indians in training:
 - (a) the cost of tuition, books and supplies;
 - (b) the cost of transportation for the student from his place of residence to the school and return;
 - (c) the cost of partial or total board and room (according to the financial circumstances of the parents or student) while attending an institution of learning;
 - (d) the cost of providing the student with a monthly personal allowance to cover carfare, laundry and other incidental expenditures in connection with his educational training;

and,

- (2) to enter into agreements, exclusive of agreements requiring payment of lump sums for capital expenditure, with the authorities mentioned in Section 113(b) of the Indian Act, for the educational training of Indians."

The Board concurs in the above report and recommendation, and submits the same for favourable consideration.

DEPT. OF CITIZENSHIP & IMMIGRATION
OTTAWA
MAR 6 1963
DEPUTY MINISTER'S OFFICE

Colonel H.M. Jones,
Acting Deputy Minister of
Citizenship and Immigration,
Ottawa, Canada.

Dear Colonel Jones:

At its meeting of February 22, 1963, the Board considered your Minister's proposal to widen the limits of the general authority covering joint school agreements involving capital contributions.

The Board approved the proposal in substance and also the consolidation of the two existing authorities covering joint school agreements (i.e. P.C. 1961-3/366, and P.C. 1958-8/1578, as amended) and we are issuing a Minute to Council to this effect; the form of the Minute to Council is, of course, altered somewhat from what was originally proposed, but these changes have been agreed to by your officials.

The Board asked that, for the record, certain points be set down in a letter. In approving the proposal, the Board took account of the many advantages of integrated education for Indian children and of the need to provide your Department with reasonable flexibility in negotiations with the various organizations specified in Section 113(1) of the Indian Act. In this connection, it was understood that, while the limit being set on per capita tuition fees under the new general authority is to equal the maximum per capita operating cost incurred under existing agreements, your Department will, for each new agreement, establish the amount of the tuition fee taking into account approximately the number of Indian

children in comparison to the number of non-Indian children and the cost of operating and maintaining the particular school. Provision in the tuition fees to cover depreciation of the school facilities should not exceed, unless the most exceptional circumstances apply, an amount which is consistent with the true life of the facilities. Obviously, where a capital contribution has already been made, no share of the depreciation charge should be paid by your Department.

The Board noted that your Department often enters into agreements requiring capital contributions in years for which the size of the appropriation is not known and asked that, to prevent commitments exceeding the level of appropriation acceptable from a budgetary point of view, the total of commitments for joint school and Indian school capital programs, for each of these years, not exceed an amount equal to 75% of the education capital appropriation (Vote 85) in the then current year.

Although this has not been covered in the Order in Council, the Board approved the continuation of payments, in respect of Indians in training, for the following items:

- (a) tuition, books and supplies;
- (b) transportation for the student from his place of residence to the school and return;
- (c) as determined by the Department in light of the financial circumstances of the Indian and his family, either of
 - (i) partial or total board and room, or
 - (ii) a meal allowance approximately equal to the prevailing cost of board in the locality in which the student is obtaining his education, but not to exceed \$12.50 per week, and partial or total room.

... 3

-3-

- (d) a personal allowance to cover car-fare, laundry and other reasonable incidental expenses;
- (e) required clothing, as determined by the Department in light of the financial circumstances of the Indian and his family and the type of institution being attended.

Yours truly,

Assistant Secretary.

Dear Gerry:

Thank you for your letter of May 28th with the enclosures relating to tuition agreements.

I apologize for the delay in responding to you, but our Annual Meeting and Convention, and a few days in the north, have intervened since I received your letter. Now, however, my schedule is reasonably clear for a while.

If at all possible, I would like to meet with you by the 11th of July, on a day other than the 3rd or 7th. Perhaps a call to my office could establish a specific time and date.

Dear Jack:

First, I must thank you for the time you spent with us on Friday, May 23, 1980, regarding our proposal for a Native Trustee Training Course. Your offer of cooperation is most appreciated.

On another topic, I enclose a few samples of tuition agreements we currently have with some Ontario public school boards. I am forwarding them to you at this time for your review and as a basis for further discussions.

I believe it would be in our mutual interest to meet and discuss tuition agreements and their future direction as we both perceive the situation,

I look forward to hearing from you regarding a suitable time we may meet.

Joint School Capital Budget 1979-80

The attached forms show a summary of the total Joint School Capital Budget to date for 1979-80 and confirm the information relative to each project as provided in a telephone survey conducted on December 13 and 14, 1979. The funds shown in the "Revised" column, "Cash flow 1979-80" have been committed for expenditure this fiscal year. The revised payment schedule and the additional documentation required for processing payments are shown under "Remarks".

You are aware that the budget allocation for 1980-81 is \$2 million less than forecasted. The anticipated commitment for 1980-81 has been prorated and the revised forecast confirms the information provided by each Region. The December 1979 Capital Update is being incorporated in the turn around documents and will be reported to Treasury Board as written.

I must emphasize the need to adhere to the payment schedule as identified for 1979-80. Should any payment not be processed by the revised date specified, the budget allocation for the project will be decommitted and the funds will be utilized to meet other program requirements. Such carry-overs will become a first charge against your allocation for 1980-81.

J. D. Nicholson,
Assistant Deputy Minister,
(Indian and Inuit Affairs).

Dear Mr. Riley,

The matter of tuition agreements you raise in your letter of November 7, 1979 is subject to ongoing change and, if considered in depth, one could almost say each situation must be dealt with in an individual manner because a few variables do have to be considered.

At the present time Band Councils are not considered legal entities by the Ministry of Education in the Ministry's legislation. They have for some time had legislation prepared for the Minister to place before the House to make Band Councils legal entities for purposes of The Education Act as it applies to the Ministry of Education, Ontario. This has not yet been presented to the House. The matter of the legal entity of a Band Council unless legislated in this way is still in question.

There have been some doubts as to the legality of a three party agreement. The federal government legal services has expressed concerns about them, however, headquarters at the request of several regions including Ontario is requesting something in writing. The Ministry of Education did in some areas of the province indicate they were not legal, however, they have since agreed to them. We now have fifteen three party agreements in Ontario with different boards.

The matter is not, however, as simple as the Federal and Provincial governments accepting them. We have encountered some difficulty, as you point out, with individual boards who are reluctant to negotiate agreements. This applies to two party agreements between the board and the department as well as three party negotiations. This is made possible by the independent nature of each individual board which permits it to have its own legal counsel and to interpret the situation in a different way than the Ministry. This is more apt to be the problem because the Ministry supports tuition agreements.

Del Riley
Nov. 26/79 .. Cont'd

An often used reason given by a board in their reluctance to have an agreement is the fact that the Ministry of Education legislation establishes set rules for board fee setting. This, they point out is their legal guide in charging the department for students in their schools.

I would point out that our department will not approve a tuition agreement unless there is evidence the Bands support it by either submitting a B.C.R. or by signing the agreement as having read, understood and agreed with the document. Fifteen as I have noted include the Band directly as the third party to the agreement.

I hope this helps explain your concern.

Sincerely,

Attn: Eugene Harrigan

Dear Sir;

Indian Bands who are represented by the Union of Ontario Indians Association are presently negotiating with the Board of Education on tuition agreements. In the past these negotiations have been carried out between the Board of Education and the Department of Indian Affairs. Some reserves have never had a tuition agreement. Some Band Councils have now assumed control of their education and other services and programs under the policy, Indian Control of Indian education, adopted by the Government of Canada. There is a refusal on the Boards of Education part to allow the Bands to be participants in the negotiation of Tuition Agreements with Provincial School Boards. The reason given is that present Ontario legislation inhibits the Band Council to be signatories to tuition agreements. I understand that three party agreements are not permissible either.

I would like some legal interpretation from your Department on this matter. Is there legislation which inhibits the tuition agreements being signed by the three parties involved - Board of Education, Department of Indian Affairs and Northern Development and the Board? If so, could you cite the references?

Your help in this matter is much appreciated.

Yours for the Betterment of
Indian Education

Re: General Tuition Agreement
Related to Attendance of Non-Indian
Children in Federal Schools

Attached are copies of (a) a draft tuition agreement on the above-noted subject prepared by the Ministry of Education for Ontario which you forwarded to this office for review some time ago, and (b) a second draft (copy sent to your office by DEX, October 30) prepared in this office for your consideration.

The second draft has been reviewed in the Legal Adviser's office and your comments on it would now be appreciated.

You may particularly wish to substitute a different mutually acceptable sub-section for sub-section III of Section II related to the establishment of the tuition fee to be paid by the Province.

We regret the delay with this written response to your original submission.

Whereas the Department of Indian Affairs and Northern Development operates schools in Ontario for Indian pupils and whereas, under The Education Act, 1974, section 11(2), the Minister of Education is authorized to make an agreement for the admission of pupils other than Indians to such schools, it is now agreed as follows,

1. Where adequate space is available, and the Indian Community supports the admission, the Department of Indian Affairs and Northern Development may agree to accept for enrolment in its schools such pupils as the Minister of Education may present.
2. Wherever possible, the Minister of Education will notify the Department of Indian Affairs and Northern Development of pupils who wish to be enrolled in Indian schools at least five months prior to school opening so that space availability may be confirmed or alternative arrangements made.
3. The pupils shall be taught in the same manner as the Indian pupils and no special programs or services shall be provided unless specifically authorized under an addendum to this agreement.
4. The number of pupils enrolled on October 15th each year shall be the number to be paid for during the period September 1 to December 30th each year and the number of pupils enrolled on March 15th shall be the number to be paid for during the period January 1 to June 30th each year.

5. Payment shall be made by Ontario on behalf of the students who have been accepted for enrolment and in accordance with the enrolment recorded under section 4.

A statement of enrolment and an account shall be issued to Ontario annually at the end of each school year.

The amount to be charged shall be the actual cost per pupil where such is known and verified by an audited statement or otherwise a cost per pupil calculated as closely as possible to the manner in which Ontario calculates such costs or the average cost per pupil for all schools operated by the Department of Indian Affairs and Northern Development in Ontario.

6. This agreement shall continue in force until terminated. It may be terminated on June 30th in any year by either party giving notice in writing to the other at least three months in advance of June 30th.

It may be renegotiated at any time but where no renegotiation has been concluded by March 30th in any year, and no notice of termination has been given, it shall remain in force without change, except by mutual consent, until June 30th of the following year.

The attached form showing the revised cash flow in the Joint School Capital Budget for 1979-80 will confirm the information provided in the telephone survey conducted on September 6, 1979. Funds in the amount of \$78,039.25 are being committed for expenditure this fiscal year.

It is anticipated that payment will be made on each specific project as indicated in the Remarks column. Should any payment not be processed by the specified date, the budget allocation for the project will be decommitted and the funds will be utilized to meet other program requirements.

I wish to emphasize the need to adhere to the identified payment schedule.

Agreement for Payment of Fees
Ontario to Government of Canada for
Provincial Students in Federal Schools

We are pleased to submit an agreement which has been under discussion by our present Director of Education and ministry officials in Ontario for the past four years. It is a first in the field of education in this region. Please note that it has been prepared as simply as possible to provide a desirable amount of flexibility. It is strongly supported by this region and as you can see, because of Dr. Stephenson's signature, it meets their legislative requirements.

In 1978, the ministry honoured our first billing based on this unsigned agreement, and we are anxious to obtain our Minister's signature to formalize this federal-provincial arrangement. A copy of this agreement was forwarded to headquarters for review on January 30, 1979.

We attach the agreement for the Minister's signature, along with the ministry's covering letter of August 22, 1979.

Dear Mr. Harrigan:

Enclosed is an Agreement signed by the Minister of Education, The Honourable Bette Stephenson, wherein Ontario is agreeing to purchase and pay for the education of non-Indian children in schools operated by the Department of Indian Affairs and Northern Development. This will be applicable where Ontario has no school in an area and your Department is prepared to allow one or more children to attend a school on a nearby Indian reserve.

The Agreement was drawn in consultation with Mr. G. Mullen. It would be appreciated if you could now have it executed by The Honourable Mr. Epp.

Whereas the Department of Indian Affairs and Northern Development operates schools in Ontario for Indian pupils and whereas, under The Education Act, 1974, section 11(2), the Minister of Education is authorized to make an agreement for the admission of pupils other than Indians to such schools, it is now agreed as follows,

1. Where adequate space is available, and the Indian Community supports the admission, the Department of Indian Affairs and Northern Development may agree to accept for enrolment in its schools such pupils as the Minister of Education may present.
2. Wherever possible, the Minister of Education will notify the Department of Indian Affairs and Northern Development of pupils who wish to be enrolled in Indian schools at least five months prior to school opening so that space availability may be confirmed or alternative arrangements made.
3. The pupils shall be taught in the same manner as the Indian pupils and no special programs or services shall be provided unless specifically authorized under an addendum to this agreement.
4. The number of pupils enrolled on October 15th each year shall be the number to be paid for during the period September 1 to December 30th each year and the number of pupils enrolled on March 15th shall be the number to be paid for during the period January 1 to June 30th each year.

- 5. Payment shall be made by Ontario on behalf of the students who have been accepted for enrolment and in accordance with the enrolment recorded under section 4.

A statement of enrolment and an account shall be issued to Ontario annually at the end of each school year.

The amount to be charged shall be the actual cost per pupil where such is known and verified by an audited statement or otherwise a cost per pupil calculated as closely as possible to the manner in which Ontario calculates such costs or the average cost per pupil for all schools operated by the Department of Indian Affairs and Northern Development in Ontario.

- 6. This agreement shall continue in force until terminated. It may be terminated on June 30th in any year by either party giving notice in writing to the other at least three months in advance of June 30th.

It may be renegotiated at any time but where no renegotiation has been concluded by March 30th in any year, and no notice of termination has been given, it shall remain in force without change, except by mutual consent, until June 30th of the following year.

Tuition Agreements

As a result of discussions with the Deputy Minister, and as part of the Minister's plan to give Education a high priority, we have been asked to obtain from each Region a list of all Tuition Agreements in effect at the present time. The original request was for a copy of each Agreement, but since the Education and Skill Development Branch has copies of a number of these Agreements, we consider that a list should be sufficient at this time to permit us to determine if the copies we have represent an appropriate sampling for analysis.

It would be greatly appreciated if you would let us have the list as soon as possible and before August 15, 1979.

RE: Commitments 1979-80
Joint School Capital Projects

The updated budget requirement within the joint school program has increased due to receiving two new submissions from the District.

(1) Bear Island Public School - Temiskaming Board of Education

Due to increased enrollment additional space is required for status Indian students in this school. As this situation is similar to that of the Lady of Fatima joint school agreement, it is suggested that it receive high priority for this fiscal year.

(2) St. Francis School - Fort Frances - Rainy River Separate School Board.

As indicated in your memorandum dated June 28, 1979, this project is in its final stage. However, due to expanding enrollment, the School Board has decided that while the school is still under construction to proceed to meet this requirement by adding additional space. Therefore, this is an amendment to the agreement identified by project no. 31789.

Enclosed you will find these two agreements for your immediate consideration. At the present time one District within the Ontario Region has indicated a requirement for joint school capital funding for the fiscal year 1980/81. This has been identified previously as Moose Factory for 1982/83 but indications are that design funds for approximately \$60,000 will be required next fiscal year.

Commitments 1979-80
Joint School Capital Projects

Your joint school capital program forecast identified a projected budget requirement in the amount of (\$17,637.25) to cover the Department's final contribution towards the cost of constructing the St. Francis School. No other projects have been identified for this fiscal year. Funds in this amount have been committed and are identified by project no. 31789.

Please review this project and advise, not later than June 30, indicating any recommended change to the projected cash flow for 1979-80. It should be noted that the projected deficit in the joint school capital program this fiscal year is \$7,483,000. This amount will become a first charge against the 1980-81 capital budget allocation. Should you be in a position to identify anticipated projects for 1980-81 please advise indicating the projected cash flow for each fiscal year. It is our understanding that the proposed joint school project at Moose Factory is not scheduled until 1982-83.

Re: Draft - Proposed Agreement for Tuition

Attached is a revised copy of the proposed draft agreement.

It would appear that the above meets the need and conforms to our administrative capability, with the exception of the first clause where I have noted a more acceptable change on the attached photocopy to read:

- "1. Where adequate space is available and the Indian community supports the admission, the Department of Indian Affairs and Northern Development may agree to accept for enrolment in the schools such pupils as the Minister of Education may present."

Dear Mr. Mullin:

Please find herewith a draft of a proposed agreement between our Minister and yours to cover children who are the responsibility of Ontario and who are being educated in federal Indian day schools.

Please let me know if this is acceptable or suggest changes. The concept is to include all children under one simple agreement and make one annual payment.

It would be helpful if you could indicate the number of children whom your records indicate are presently coming into reserves to attend your schools and for whom we may expect to be billed each year. I suspect a number of arrangements have been made over the years that have never been formalized in our records.

Education Tuition Agreement

In the revision of any such Agreements, it is probable that there will be requests to include a clause which stresses that Canada has a responsibility for the education of Indian children, and that the Department must be prepared to take whatever steps are necessary to carry out that responsibility.

While there is no basic disagreement with the inclusion of such a clause, you should bear in mind that such a responsibility can only be assumed by the Federal Government within the conditions outlined in the Indian Act. A phrase to this effect should be an integral part of any such clause.

This will enable us to maintain the position outlined in law on this question, regardless of present assertions about "educational rights" or provincial pressures in respect of off-reserve Indians.

Should the law be changed as a result of revisions to the Indian Act, there would be no future need to reword tuition agreements since the suggested phrasing would take this into account.

Joint School Agreements

Attached is a chart identifying each joint school project in your region showing the total commitment, expenditures previous years, expenditures to date (1978-79) and the outstanding balance as of August 31, 1978.

As we would like to eliminate as many of the outstanding balances as possible, would you please contact the school boards concerned to determine whether partial or final payments can be made before the end of this fiscal year.

When forwarding requests for payment from the School Boards, please ensure that all necessary documents are included to expedite payment.

Your immediate attention to this matter would be appreciated.
